**BRO. VIN A. DAYAL**

1 ...but if you know that you are justified in asking for what you're asking for, then your faith has a channel to operate through. Glory be to God. When we stand in His Presence like that, fully persuaded that God is able to keep what we commit unto Him, no devil can stand before that prayer, for that prayer is being zeroed in, to every request. It's being sent forth like a guided missile going straight into the Presence of Jesus Christ. Amen. There is no demon power that could stand before It. If two shall agree as on touching anything, it shall be done.

2 Almighty God, Father, we stand in Your Divine Presence this morning, knowing, oh God, that every promise is true. For the very fact that we feel the Presence of the living God already moving in and out amongst us and in our hearts, by Divine revelation, we know that we are worshipping the living Christ. Lord, that in itself is a promise for You said, "Where two or three are gathered together in My Name, there I am in their midst." Hallelujah.

3 Lord, I lay my hands upon these requests representing all these sick, needy ones. Some are believing for their children, some, Lord, believing for the salvation of their souls, some are believing for the healing of their bodies. Oh God, some standing here

holding a request in their hearts, believing likewise, but we are uniting our faith together knowing You said in Your Word, “When you stand praying, whatever you ask the Father in My Name, He will give it unto thee.”

4 Father, I pray in the Name of Jesus Christ this morning, may You, the all-sufficient God Who spoke these Words, Who gave these promises, these unfailing Words of promise, Who set Your Seal upon It that It is true, for You said, “Heaven and earth shall pass away, but not one jot or one tittle of My Word shall in any wise fail.” Father, as believers, we stand under the Blood, oh God, as heirs of every redemptive blessing here this morning and Lord God, we send forth this Word in the Name of Jesus Christ, knowing You sent forth Your Word and You healed them, oh God, sending forth the Word, the Holy Spirit, by prayer, like Noah sent out that dove that time, Father, knowing that it is a true witness who will bring the true testimony that Your wrath is over, that their troubles are ended, Lord; that they could receive peace and comfort knowing it’s finished.

5 Oh God, may that Dove go forth and may on the wings of a snow-white Dove, hallelujah, Lord, You send forth Your pure, sweet love to everyone that has sent their request and everyone that stands there believing in their hearts, oh God, holding that unspoken request knowing that Your promise is true. Let it be done today, Father, for we call for it to happen in the Name of Jesus Christ, as we stand under the Blood (hallelujah) that speaketh better Things. Grant it, Father.

6 Lord, God we pray even for the Word of Life that would come forth out of Your mouth. Hallelujah. You said, “My Words are Spirit and they are Life.” May It come forth with power, oh God, quickened by the Holy Spirit, Lord. May It create such a living faith in the hearts of the people today, that we can see the Church

of the living God rise to a sphere that it has never been in, Lord; that we'll all enter into that Little Room, where You said, "I will meet you in There." Hallelujah! Oh God, the troubles will be ended, the demon powers will be broken. Oh God, the sick will be healed by a Word, the blind will see, the deaf will hear, the dead will be raised of whatever it is, they will come out whole. This is that Hour, Father. Let it be done even as You promised and Lord, according to our faith as we come believing that You are a Rewarder of them that diligently seek You.

7 And, Lord, I pray that You will get honor and glory in this service today. The things You have put in my heart to speak, Lord, You know I've come believing with faith that You will meet me right here in this pulpit; believing, oh God, that what my mind and my ability, oh God, Lord God, is not able to bring out, the Great, All-sufficient One that we are looking unto, the Dove that has come to lead the eagles, He will take the Word and minister It in such a way, oh God, that great faith would be inspired in the hearts of the people. Oh God, It would put them into action, Lord, that they can possess every gate, defeat the devil on every testing ground (hallelujah!) that, oh God, they will not be bound or afflicted, or fenced in, or paralyzed, or be hindered in any way, but they'll rise up with great faith and power, Lord, (hallelujah!) and go forth as a mighty, marching army conquering every gate. Grant it, Father. In the Name of Jesus Christ, we ask these things for Your honor and for Your glory and for the assistance of Thy people, amen, and amen.

8 Amen. We have a little betrothal this morning, but I'll leave it for after the service. I just see the time slipping away, and I just want to strike the Word right away while It's in our hearts and It's fresh. The Book of Jeremiah we're going to read from. I'm trying to attempt to speak something this morning that I know,

in the human mind, I don't have the ability to really express and approach, but I'm depending upon the grace of God that He will just meet with us in His Word. He's the One that has led us this far. I was going to preach in a whole different way and in studying yesterday, I just came across something that I didn't even know that I would be speaking on it. Then the Holy Spirit just seemed to keep me right in there and I just want to come with that leading and that inspiration to speak these Things.

9 Jeremiah 14, verses 19-22. And I was so amazed, to see how it just ties into what the Holy Spirit is giving us, and I believe the things that are happening right now in the natural realm, it's just indicating to us the great things that are happening in the Spiritual Realm. The better we understand the natural realm, I believe it's better we'll be able to understand the Spiritual Realm and follow the Holy Spirit because it strikes into the natural realm first, in a perverted way and it just reveals what is really happening in the unseen.

10 Jeremiah 14, verse 19.

*19 Hast thou utterly rejected Judah? [Hear the cry of God's people.] Hath thy soul loathed Zion? [So many questions] Why hast thou smitten us, and there is no healing for us? We looked for peace, and there is no good; and for the time of healing, and behold trouble!*

11 There was a time of healing, there was a time of peace and they looked for it, and it just seemed that they couldn't see it come. It just seemed like there was trouble.

*20 We acknowledge, O LORD, our wickedness, [this was their confessions now] and the iniquity of our fathers: for we have sinned against thee.*

*21 Do not abhor us; for thy name's sake, do not disgrace the throne of thy glory; remember, break not thy covenant with us.*

*22 Are there any among the vanities of the Gentiles that can cause rain? [the Former and Latter Rain] or can the heavens give showers? art not thou he, O LORD our God? Therefore we will wait upon thee: for thou hast made all these things.*

12 We will wait for that time of healing. They were going to wait for it. They cried for healing both night and day, but faith wasn't forgotten by the Father above.

13 Jeremiah 30, verse 10:

*10 Therefore fear thou not, O my servant Jacob, saith the LORD; neither be dismayed, O Israel: for, lo, I will save thee from afar, and thy seed from the land of their captivity; and Jacob shall return, and shall be in rest, and be quiet, and none shall make him afraid.*

*11 For I am with thee, saith the LORD, to save thee: though I make a full end of all nations whither I have scattered thee ...*

14 Like how He had scattered us throughout all denominations, but then in the last Day, He gathered us back into the only provided Place where we could enter into that little Room; the only Place where He said, "I will meet with you." There is only one Place God meets with man. Amen.

*... yet will I not make a full end of thee: but I will correct thee in measure, and will not leave thee altogether unpunished.*

*12 For thus saith the LORD, Thy bruise is incurable, and thy wound is grievous.*

*13 There is none to plead thy cause, that thou mayest be bound up: thou hast no healing medicines.*

15 Oh, the Prophet; look at him there. He tried this doctor, he tried that one; he tried this. They couldn't do anything. He had to wait until that Seventh Dove came. Amen. You can try this and try this and try that. There is an Hour when this Bride will be made whole. God, Who started the work will finish It. Amen.

*14 All thy lovers have forgotten thee; they seek thee not; for I have wounded thee with the wound of an enemy, with the chastisement of a cruel one,*

16 But in all it's Love. Amen. For as many as I love, I rebuke and chasten, you see? It's chastisement, not punishment, chastisement.

*... for the multitude of thine iniquity; because thy sins were increased.*

*15 Why criest thou [over] thine affliction? thy sorrow is incurable for the multitude of thine iniquity: because thy sins were increased, I have done these things unto thee.*

*Therefore all they that devour thee shall be devoured;*

17 You see, He was speaking to them in one season there. He is speaking in another season now. He is going to make them whole now.

18 He said:

*16 Therefore all they that devour thee shall be devoured; and all thine adversaries,*

*every one of them, shall go into captivity; and they that spoil thee shall be a spoil, and all that prey upon thee will I give for a prey.*

*17 For I will restore health unto thee, and I will heal thee of thy wounds, saith the LORD; because they called thee an Outcast, saying, This is Zion, whom no man seeketh after.*

19 You can continue reading, but I just want to jump to another place again. Jeremiah 33, verses 6-11. God is still speaking to Israel because Jeremiah's prophecy was to Israel before they went into captivity and a promise of restoration to the very same place.

20 Verse 6:

*6 Behold, I will bring it health and cure, and I will cure them, and will reveal unto them the abundance of peace and truth.*

21 Divine revelation will follow Divine healing. After that Dove came, then the next day he went back to the mountain. He went to the White Rock and there written in the rock was, 'eagle'. He said, "I'll ride this trail one more time." He said, "My next message is coming forth." [1965-1128E On The Wings of A Snow-White Dove para. 225 -Ed.]

*7 And I will cause the captivity of Judah and the captivity of Israel to return, and will build them, as at the first.*

22 See? Restoration: bringing back the Omega like the Alpha.

*8 And I will cleanse them from all their iniquity, whereby they have sinned against me; and I will pardon all their iniquities, whereby they have sinned, and whereby they have transgressed against me.*

*9 And it shall be to me a name of joy, a praise and an honour before all the nations [you can say denominations] of the earth,*

23 Because natural Israel is ‘nations’ but the Bride is ‘denominations’.

*... which shall hear all the good that I do unto them: and they shall fear and tremble for all the goodness and for all the prosperity that I procure unto it.*

*10 Thus saith the LORD; Again there shall be heard in this place, which ye say shall be desolate without man and without beast, even in the cities of Judah, and in the streets of Jerusalem, that are desolate, without man, and without inhabitant, and without beast,*

*11 The voice of joy, and the voice of gladness, the voice of the bridegroom...*

24 Revelation 10:1-7, out of his mouth (Revelation 10:3 and 4) came forth Seven Thunders; that was the Voice of the Bridegroom; that was the Head coming to the Body.

*... and the voice of the bride [Revelation 10:8-11]*

25 Revelation 22:16, the Spirit and the Bride say, “Come.” That Voice in the Bride was the Voice of the Bride and the Bridegroom. And this is that Day. This is the Day when the Voice of the Bridegroom is speaking. This is the Day when Voice of the Bride is speaking. This is the Day of Restoration. This is the Day when He is giving back perfect health to the sickest Body that is on the earth. Do you understand what I’m saying?

*... the voice of them that shall say, Praise the LORD of hosts: for the LORD is good; for his mercy endureth for ever: and of them that shall bring the sacrifice of praise into the house of the LORD. For I will cause to return the captivity of the land, as at the first, saith the LORD.*

26 Restoration and Redemption to God's Elect. Amen.

27 Let's pray one more time.

28 Heavenly Father, speak to us now. Let Thy Word be made so real, so personalized, so relevant to us in this present Hour that It could be an inspiration to our faith, Lord, that we can stand with a true revelation, a true spiritual discernment of the Hour, of the work of the Holy Spirit, of the unfolding of the prophecies of this Hour in continuity to what You did, that we can stand in Your perfect Will; see a perfect God, Who made a perfect Promise in His perfect Word, now bring these things to pass in such a perfect way, without one flaw – Jesus Christ, the same yesterday, today, and forever. Grant it, Father. In Jesus' Name, we ask these things, Amen.

29 The Lord bless you. You may have your seat.

30 I want to especially greet Bro. Gerard here this morning and Sis. Helen. [Bro. Gerard and Sis. Helen Samuel -Ed.] Amen. We have them, our special guests of honor, this morning in the house of God. Amen. Amen. Amen. It's been a long time that he hasn't come through those doors and sat in these seats, but we are glad he is here with us this morning. We had a little fellowship the other day and we had a really nice time and I'm just looking forward to more and more, better times. Amen. I just want to go right into the Word this morning. And all the other strangers and friends, we greet you in the precious Name of the Lord Jesus Christ.

31 I want to take for a little title, this morning **“VIRUSES IN THIS AGE OF GERM WARFARE”**. I tell you, it’s going to be kind of a little strange. VIRUSES IN THIS AGE OF GERM WARFARE. And I want to take for a subject, **“The Seventh Dove Has Descended To Bring Perfect Healing To The Body Of Christ”**. The Body of Christ was a sick Body.

32 I got this inspiration. You know yesterday as I was there, I had a few messages in my heart that I’ve been kind of working on and to just be in continuity to the inspiration that I’m preaching right now with: *Redemption Message Of Grace On The Wings Of The Seventh Dove* [1986-0921 *The Redemption Message Of Grace On The Wings Of A Snow-White Dove -Ed.*], and *Believest Thou The Message Of Testimony In The Mouth Of The Seventh Dove* [1986-1019 -Ed.], and all these different things. *Testing Time After the Seventh Dove Descended* [1986-1026 -Ed.]; *The Mystery Of Christ, the Seventh Dove*.

33 All these different Things that we’ve been preaching about the Seventh Dove, since the Holy Spirit opened that up to us of the coming of that Seventh Dove; what it was, what it meant to the Prophet when he saw that Dove after waiting forty-two years. Then he went back to the Scriptures and took from Genesis (in the days of Noah), came down to the middle of the Bible (in the days of Jesus) when the Dove came, right down into his own life (at the end of the Bible, in Revelation 10,) when that Seventh Dove appeared. Then he said, “My next Message: Dove leading the eagle, I’ll ride this trail one more time,” and he tied it into the last ride, that Seventh Dove.

34 We have seen that even in the natural realm, how in the last month they’ve had an International Day of Peace, and then International Month of Peace, and then International Year of Peace, and everything was peace. And while we’ve been receiving that inspiration in the natural realm, the world has been trying to

propagate peace and bring everybody under the influence of thinking peaceful thoughts. They've been printing stamps as they have up in Canada. And then (as I told you the other night), right here in Trinidad, last week Monday, November 3<sup>rd</sup>, they put out the stamp with the dove descending from the three hills (the three peaks there), with the olive leaf in the mouth. But the strange thing is, you know how they loosed all those doves in the national stadiums around the world to commemorate this Month of Peace; those doves never came back with anything. They just loosed the doves as a symbol of doing something biblical.

35 But since the Seven Seals have been opened, we realize that it was the Prophet who loosed the Dove; because the Dove was the Holy Spirit. And the Prophet and the Elect were shut up in the Ark, which was the Message that the Prophet had established there in that Hour, because he built the Ark by the preaching of his Message. Then death struck those who rejected the Prophet's Message, and death was all around.

36 When death was all around, the dove was ministering to the Elect who had believed the prophet's message, shut up in the ark. So the prophet, in loosing the dove, we find out that, the dove (the Holy Spirit) will bring a confirmation to him that the waters were abated, and that it was now peace because he was fixing to enter into a New Age, a new civilization, a new promise, a new ministry. Amen. And Noah, while he was there wanting to know if it was time to enter in, needed to find out what the will of God was. So, he looked at all the natures there, in the ark, and then he put his faith in one that he could trust.

37 First, he loosed the crow, it didn't come back with anything; it never even came back. Then, he loosed the dove, and it came back without anything. Then

his faith was being tested now: what should he do? And while he went through there, the Bible said he waited seven days. And on the eighth day again, he loosed the Holy Spirit. He knew he would not take his faith from that place.

38 You see, if you move your faith from the Holy Spirit and say, “Maybe this thing isn’t working...” But the Prophet had supreme confidence in the Dove. He told himself, “Maybe it’s not yet in season. I have to wait until it’s more in season.” He had faith to wait with patience knowing that the confirmation will come. If any confirmation had to come, it would come by the Holy Spirit. It will take the Dove to bring it. When the Dove came with the olive leaf in Its mouth in that hour (that’s why they are printing all these stamps with the olive leaf) here is the world, the ones who rejected the Prophet’s Message, trying to loose the Dove. It’s impossible. They’re trying for the Dove to bring peace that the wrath and their troubles are ended, when that Message was for the Elect in the Ark who had believed the Prophet’s Message.

39 So the Prophet by revelation (when the Book was opened, and he had an experience with that Seventh Dove), looked all down there through the Bible, and he said, “Now there’s a strange thing about a dove in our family.” He spoke about the dove when his aunt Howlie [grandmother -Ed.] was dying. He spoke about the dove when he was praying for Sis. Florence Nightingale and she prayed that... she said, “Bro. Branham, ask God that I would die.” He said he didn’t know how, in that body, she could have mustered up enough moisture to shed a tear: cancer eaten. [1965-1128E On The Wings Of A Snow-White Dove para. 60-65 -Ed.] Look at the body of that woman (a type of the Church); but through the prayers of a faithful Prophet and the coming of that Dove, it brought a complete deliverance! Do you see?

40 The Prophet all through the years was watching these things in his life and Ministry. When he preached the message, then he mentioned all those things. But he was mentioning things: from the time he was a little, baby boy, holding on to his mother's dress who was a twelve-year-old girl—he wasn't born yet, rather.

41 His mother, a twelve-year-old girl, was watching the aunt Howlie dying [grandmother -Ed.]. When he came into his Ministry something with the dove began to come, then his mother had this dream, and all these things. Before she could even speak it, he said, "Wait, Mama, I'll tell you what you dreamt," because God showed him back in a vision. And he said, "I looked for that Dove."

42 Now, notice I told you *that* Dove was the last sign that he had. He saw God: in the form of a Rainbow, in a Pillar of Fire, in a Cloud; in a Man, two hundred pounds with an olive complexion; as an Angel with the swept back wings. He saw God as an amber Cloud, all these different things but then the last thing he saw, was God in the form of that Dove.

43 Here he comes now, he said, "Now, look at Jesus on the Jordan." Here was John; the prophet, Elijah, and he was getting ready to reveal the Son of Man, which is Jesus Christ, to the public. He was winding up the Old Testament and introducing the Messiah! He was at the Jordan and at the Jordan was the breaking forth of the Seals. Because 'Joshua', he said, "Lord, break to us the Seals on the back of that Book that we could enter into that great Place." He was two-thirds down to the Jordan, he said, "All the promises are in the Promised Land."

44 Now, the Dove always comes down and unites with the Lamb at the Jordan. You can't get the Holy Spirit anywhere else. Notice, in the days of Joshua, they had

to come to Jordan first before they could cross over into the promise.

45 In the days of Jesus, He had to come to the Jordan because the Bible said: He left from Galilee and He went to the Jordan. Then the Holy Spirit came out in the form of a Dove.

46 The disciples, before they could go to Pentecost, had to be identified with the Lamb that was slain, which Calvary was Jordan again. There is no way to go into the Holy Spirit outside of coming through Jordan.

47 Elijah and Elisha: he had to cross Jordan before he could get the Spirit. He couldn't get it at Bethel, he couldn't get it at Gilgal, he couldn't get it back there; he had to cross Jordan to get the Holy Ghost.

48 Samson had to pray, "Lord, let me die!" a type of the Church in the last days, after the eyes are gone, waiting there for the greater works, knowing there is a promise of Dynamics, must come to Jordan when the Dove could come, and the Dynamics and Mechanics could do the greater works, go into the New Ministry because Samson had a new ministry coming.

49 Then watch. Gideon, after he offered the burnt offering (which was the revelation of Christ – his revelation of Christ, which was his coming to a complete death), the Spirit of God came upon him afterwards. Then he went into the new ministry and performed the paradox that his heart was crying for, "Where are all the miracles?"

50 So notice God in His unchanging ways. Here was the prophet, John, about to reveal and introduce the Headstone to Israel and the builders rejected that Stone. He was about to reveal the Lamb with Seven horns and Seven eyes at the Jordan. The opening of the Seals was to reveal the Lamb with Seven horns and Seven eyes. That's what it was all about. That

opening of the Word: the Evening Message, was to bring back the Holy Spirit to work through the Word again because It was bound by denominational rivers. It could come back and work in the Evening Message to sow Evening-time Seeds; bring Evening-time results. You see?

51 So when you look and you see those Things; here we see then that as the Prophet was watching those Things, he was following that Dove. Then he came right down to the Bible, at the end of his own Ministry which was Revelation 10. Now, here is the Lamb and the Dove right there because the Dove was the Pillar of Fire and It could only come upon a nature that It could blend with that the Super Sign – God and man could be united, Emmanuel. He preached it. He identified the Super Sign; what is God and man becoming one? Heaven and earth being united to bring Redemption in the Evening Time.

52 So here he was. When he saw the Ministry of that Dove, which is the Holy Spirit—because the Dove was a symbol of the Holy Spirit. And the Mystery of the Ministry, and the works of the Holy Spirit, was sealed up in a symbol of the Dove that slowly unfolded itself down through the Bible from Genesis to Revelation. And the spiritual mind of a Prophet caught it.

53 And look how the Holy Spirit broke loose to us that message, *On The Wings Of A Snow-White Dove* [1965-1128P.M. -Ed.] and showed us, he had to go up on the mountain top. And when he climbed up upon the mountain top, and he came to the top of the mountain, the Voice spoke from Heaven and said, “Your enemy is dead.” Hallelujah! He saw it in the cactus: the enemy was nailed to a tree on the mountain top. “Your troubles have ended.” Amen.

54 Now, the prophets were used for signs. Jonah was a sign. That’s why the Prophet said, “Don’t condemn

Jonah.” He said, “Jonah was in the will of God to be swallowed by the fish,” because God prepared the fish. It’s God and Jonah were in this thing together. God knew how He was going to work through the life of His prophet to bring the city to repentance; because God is willing that none should perish, but all should come to repentance! But He didn’t reveal His complete Will to the prophet, all at once; he was catching something, but not fully revealed. The part that wasn’t revealed he tried to run ahead of it, and he caused his own self trouble. If God was going to tell him how he was going to bring him out of the mouth of the fish and all these things, he might have said, “But that’s strange, Lord.” You see.

55 Notice. He said, “Jonah preached to the Gentiles, and when Jesus came, He preached to the Jews.” Jonah’s message was a message of judgment, and the message was urgent because it was forty days. See? Jonah is a sign of the Resurrection. Now, we know It’s two-fold; it’s there and here. This is the Hour when it’s a message of judgment to the Gentiles, and it’s a sign of the Resurrection again. You see.

56 So here it is as he saw those things in the Scriptures, how God was using the prophets as signs, like Jonah; like Ezekiel had to lay on his side a certain number of days; like Hosea had to go and marry a prostitute and different things. He said, “God used them for signs.” So here it was now, God was using His Prophet for a Sign. It baffled people how after he said, “I’m healed. I’ll ride this trail one more time,” he died within a few days. And it seemed out of focus.

57 Bro. Pearry Green said after the accident, when he went there, that Bro. Branham was unconscious for about eleven days and he went in there and was trying to talk to him, and talk to him, and no response. He was so frustrated that he couldn’t communicate with him, he just stood there humming, *On The wings of a*

*Snow-white Dove* [Bro. Vin sings -Ed.]. He said, "His eyes opened and he tried to tell him something." Amen!

58 Now watch. He went to the grave with those things in his heart, but thank God they put it in the message because out of the abundance of the heart, the mouth speaks. So they put it in the message.

59 You see people tried to find out: where's that place, He'll meet with us and he'll come and build the tent? But before he went, just the morning of *On The Wings Of A Snow-White Dove* [1965-1128E -Ed.], he preached, *God's Only Provided Place Of Worship* [1965-1128M -Ed.]; the only Place on the whole earth – only one Place where God and man meets. That was in the Place where He placed His Name. And the Angel told him, "Remember the Name that you dreamt that time: I'll meet you in There?"

60 So here it was, He was showing there, that "Here's a place," because the Dove was going to bring the message on the Dove that night [1965-1128E -Ed.] and that experience had happened months before, since in September. Now, in November, he was going to preach these Things to the people, instead of just coming and telling an experience.

61 You read *The Acts of the Prophet*, Bro. Pearry Green said that Bro. Branham met them a couple days afterwards. He went to his house and knocked, and he saw Bro. Branham with tears; came out with tears (and he was crying) and he had a Bible in his hand. He said, "Bro. Pearry, *that* thing I was telling you about the other day, God confirmed it to me. I'll tell you about it later."

62 He said, later, a couple days after, they were driving around in the car and he mentioned to him how he saw the Dove and different things. He said that he got so excited that he went to Venezuela right away in 1965, itself, somewhere in October there. He went to

Venezuela and preached about the Dove and everything else that Bro. Branham saw.

63 Then when Bro. Branham preached the message on the night, *On The Wings Of A Snow-White Dove*, he said [Bro. Pearry Green -Ed.], "Oh, then we fully understood what he meant. He was healed in his body."

64 No, sir! Because when he saw the Dove, he said, "I will ride this trail one more time!" That was a promise laying in the Scriptures. He said, "Now, those men are dreaming something." He said, "You know I know what it means, but let me wait until it's more in season and I'll tell you what it is." Because before the Seals opened, they had six dreams; they tied into a vision and it opened up, Revelation 10:1-7. Amen.

65 Then when the Cloud was turned and showed He's the Supreme Judge; mercy was spurned; the wrath of God was being revealed from Heaven now. Then Bro. Branham came back, he said, "I want to go and preach those Seven Vials and then you're going to see what is happening." Remember when that dove was coming with that olive leaf in its mouth, everything was dead. The only ones alive, who had passed from death unto life, were Noah and his little group in the ark. Because death had struck all around, you see, and from the time he saw the olive leaf, he knew what was happening.

66 So here was the Prophet, he was looking at these Things and watching. When he began to see them in the Scripture, he brought the message to the people and he said: "You know I have a strange way that I preach my message." Many times you hear him say it. He said, "I have a strange way of building my text. I like to hit a lot of things and then strike my text." But when he came to his text with the Dove, it was, "Me an old man, God heal me now?" He said, "Remember that vision there of that great Indian chief riding," which

was one of those big North American Indians with feathers and everything, riding this big, white horse? And then in the other dream, he was like a chief over Texas rangers? He said, "Do you see all that Chief Authority from the West?"

67 There will be one more Ride. *He's promised a second ride, He has returned to prove His Word. He's here with us.* [Bro. Vin sings #613 The Honest In Heart - Songs that Live - Ed.]. *He's love in His Bride riding this trail again. It's love, love, love here, today,* [#617 Second Cycle - Songs That Live - Ed.] amen, because it is the Scripture. You see?

68 So the same way he had interpreted those first Things by the Scripture, he saw in the Scripture that it was laying there to be interpreted, but it wasn't time yet because that first Ministry was still in operation. "That first Ministry has to continue until the Squeeze comes, then when *that* catches up with *this*, you will see something else but until *that* time, continue in evangelism. Keep doing God the service according to God's will. You have those five musts: it's written in the Word, you're the chosen person, it's God's time, it's God's season, it's being vindicated; you are a prepared servant. Go forth in reverence, in humility, and action with the five musts. Do God that service until the time comes."

69 He was watching and waiting for that time. He had to wait until the Council tightened up then go to the further part of the Word. "Because I cannot go any further in my ministry," he said. So when he got healed now and he saw the Seventh Dove, he said, "Praise God. Maybe this is it. I'm healed so that means, I'm going to go forth now." In one place he said: "She shall turn at the west." In another place, he said: "We shall ride this trail one more time." In another place, he said: "I shall ride this trail one more time." Now the Prophet was watching the Word.

70 Many people make Bro. Branham to be a very ignorant kind of person as if he wasn't a man who knew the Scriptures. He was the strongest believer you could have found in this generation in this written Word. He was a man that believed every jot and every tittle was right in the Bible. He believed if the revelation is Scriptural, it must be interpreted by the Scripture and fit in this revelation and bring this revelation to Light; otherwise, you have the wrong revelation. He was a man who believed in the unchanging continuity of God! Amen! He believed that God has a Word allotted for every Age and there's an Anointing that comes down and projects that Word out, and God has people predestinated to meet that written Word, and in their lives *that* interpretation is coming to pass and they will prove that they're the matching piece to those Things.

71 Now, that is the way he taught It, that is the way he lived It, that's the way he believed It, that's the way he expected It to happen! So look what It was to him.

72 When the Voice said, "Your enemy is dead."

73 He said, "That thing had troubled me all my life. I've been sick all my life. I've cried for healing both night and day." Do you see?

74 But then the Voice spoke, "Your enemy is dead."

75 He said, "Praise God, it's finished."

76 Now, your real enemy is yourself. Hallelujah! Now, notice it was on the mountain top the enemy was destroyed. It was on a mountain top the Dove came. It was on a mountain top the Mystery of the Second Ride was revealed in the White Rock. It's always revealed on the mountain top. He had to go up to the mountain top where God – that Dove came down.

77 The Voice said, "Go up into the canyon this morning."

78 He said, "I was lying on my bed."

79 "Go up there! I'll meet you up there."

80 See? He spoke that to you. Get up, here. Now, you'll have that enemy with you fighting you, and you'll be fighting a lot of battles, but your real victory is going to come when you stand at the top, when you say, "Satan has no place in me now; all things are under my feet," (you see?) where you have power over your sixteen elements. Then you're ready for power over nature and all these other elements out there. See? When you get up on that Mountain then the Voice will speak, "Your enemy is dead."

81 Then the Voice said, "Go back the next day. Go back up again." He went back up and while he was up there on the mountain top, he felt led to walk a different way. Here comes a Dove now and he said, "Little Dove, where did you come from?" He said, "He was watching westward." Can you imagine a man watching what direction a bird was looking in? That was no ordinary bird. He said, "Now, remember, from the west there's to come a white horse Rider! She will make a turn at the west!"

82 Everything happened in the west: Hell was created on the earth in the west. The Cloud came with *Marriage And Divorce*, to forgive the people, in the west. The Angels came to open the Seven Seals in the west. The King's Sword came in the west. It all had to happen in the west to identify the Evening Time. Even the Dove had to come in the west. See? Because the First Seal opened in the east, but the Seventh Seal started in the west.

83 The Word of God came geographically from east to west; from Jerusalem to Arizona. See? Then it came chronologically from east to west; from Ephesus to Laodicea. Then it came historically. Civilization followed the sun from east to west. Then it even

comes Scripturally: It shall be Light at Evening Time. As the lightning flashes from the east to the West, so shall the Coming of the Son of Man be.

84 Here was the Evening Message because it was Sunset Time. From Genesis, God, when He created the first evening time, was speaking of the great Evening Time that was going to come. Every shadow and type in the Bible about the Evening Time: the Bridegroom being called at the Evening Time, and how the Token is applied in the Evening Time, and they got the same penny in the Evening Time, and He opened their understanding of the Scripture in the Evening Time, all those Things were speaking about the Evening Time here in the West. You see. It's a Scriptural West, not a geographic west.

85 You see a lot of people want a geographic west. God could take you there as He took us there, up in Sword Mountain and we picked up a Spirit. Amen. Like He took us there in Dove Cove and we came up with all these inspirations on the Dove and the Seventh Dove and all these different things. He does that too. But what if you go in the natural west and you miss the Scriptural West, where do you stand? Because the inspiration of the Scripture for the Hour to be interpreted in your life is the true vindication!

86 So here it was. So while he was there and he was watching these Things, looking for these Things to happen. He spoke these Things out, how the Voice told him on the third day again now, "Go up in the mountain again." And this time now, he was led another way and he saw this Rock.

87 He said, "Pray. Put your hand on that and pray."

88 He's praying.

89 He said, "Raise up your head."

90 These are instructions, Supernatural instructions; all those are instructions. Why? Because it had something there in the Rock; up in that Rock there, at the top of the mountain, something that was written inside of there. It's a Fold. That Rock is a three-fold Secret that Light never shone on. He had only revealed one Fold up to that time: Revelation 10:1-7. He had never gone beyond the seventh verse but there was a Fold before the Resurrection, and after the Prophet, still.

91 After *On The Wings Of A Snow-White Dove*, he went to *The Rapture* [1965-1204 -Ed.]. And in *The Rapture*; first time in his entire life and his ministry, he took 1<sup>st</sup> Thessalonians 4:16 and he showed after the Shout and before the Trump, there's a Voice. And that Voice is the Voice of the Archangel, which is the Voice of the Resurrection. It means to say, the Resurrection takes place on this side of the Rapture, the Gentiles' side, not the Jewish side; the Gentiles' side of the Rapture.

92 So he began to open up his next Message. He said, "Remember in that vision – those visions there, that great Voice in the sky is there speaking?" The earth shook. Yes. And this Bride under Her Messenger will be the Final Voice to the Final Age. Then those Scriptures, which were promises in the Word, which were the continuation of the same Scripture and the same Ministry and the same Life, in the same Age, were to be revealed in a little group of the true Seed. Then that inspiration must come to people whose life will show the continuation of what God did, that they will know, "I am in you and you in Me," because in that Day, you will know It. When He was in the Prophet in this Day, he was revealing; by the Scripture he was revealing, he was showing what form He was in. He didn't reveal a Lutheran Scripture or a Methodist Scripture. He revealed Revelation 10:1-7

when the full Word is back here again; when the Original Image is back here again.

93 So when He saw that Seventh Dove and with the sign of the enemy being destroyed, it was a sign of the New Ministry coming in now. It was a sign of him being made whole to enter into that Ministry because you can't enter into the New Ministry until you have been made whole; until your enemy is destroyed. You can't go in there with St. Mark 11:23 and your enemy is still alive. No, sir. Satan must have no place in you. It's pre-eminences! It's for prisoners!

94 That Mystery in the White Rock can only be revealed, because... Look at this. That Mystery can only be revealed to those people who are formed into that image of the Word. Because when he was on top of the mountain, he was interpreting the writing on the Rock in one brother's dream (all the written Mysteries), but then he came and began to open up that White Rock. Then when another brother had a dream of him up in the mountain, He said, "I have given my Prophet power to speak into existence."

95 So in one place, he's on the mountain top with power to speak into existence and overshadowed by a Cloud. In another place, he was revealing what was in the Rock. But, are you understanding what I'm saying? In other words, you can't reveal what was in the Rock until you stand on top of the Mountain too! Then that is where the Ministry goes forth because that Ministry is for adopted sons. The New Ministry, the Third Pull, is for adopted sons who have been given a White Stone and a New Name, who are eating from the Tree of Life. Amen. See?

96 When you're standing, He'll say, "Bring on the holy vesture. The Sword will fit in your hand. You'll fit the saddle of the White Horse also. It will fit you just right." Amen.

97 He said, “Bro. Branham, you know, you spoke differently.” He said, “Before, you were speaking like you weren’t certain, but every man understood what you were saying afterwards.”

98 Moses had to go up into the mountain. When Moses went up in the mountain, then he came back out with the Word veiled, to be given out. Joseph had to go in the presence of the king, Pharaoh, and then when he was given the robe and the ring and the chain and these things, he went forth in the second chariot. You see?

99 So here it is the Prophet now, seeing that promise for this Age in the Word and God unfolding the Mystery of those Hidden Truths by giving him certain experiences relevant to those things, but he would take the experience and look at the Word for the Age—he would look at the experience through the Word for the Age because It must not be misplaced.

100 Did you notice how he preached that message right there in August, *Christ Is Revealed In His Own Word* [1965-0822 -Ed.]? He was teaching how to rightly divide the Word. And if you study it closely, you’ll see he was actually teaching how to rightly divide It so you’ll not mix up the Scriptures. There was one Scripture being fulfilled, and he was talking about another Ministry. And he was teaching us, there is another Ministry coming because, in that very same message, he said, “I’m doing these things because something is fixing to happen.” He said, “There’ll be one more Ride and we’re getting ready for these Things.”

101 That’s why he was teaching that message to bring the church to understand that Three-fold Secret. From the time the Seventh Seal had opened, he was teaching that Three-fold Secret, regardless of what message he called it. Because whatever you teach, it’s

tied to one of those Folds because the entire Bible is to achieve those Things.

102 So, now that we've been speaking about these Things and we've been preaching these little messages and trying to show you how that is happening in the natural realm; the revelation came just at the time when the Holy Spirit said go... to meet... [Glitch in audio - Ed.] God had shown me to have those meetings from the 19<sup>th</sup> - 21<sup>st</sup> [September 1986 -Ed.] when the Prophet had the experience with the Dove. Alright.

103 We went and we did that. But just coming back from Africa—then here when we came back from Africa, the Holy Spirit said, “You preach it instead.” I was going to have the brothers from Guyana and Bro. Joe and different ones preach the meetings and then the Holy Spirit said, “You preach it.” And I felt kind of funny, I said: How am I going to tell the brothers now, I'm going to preach all these services? But the Holy Spirit showed me, “I give you those [inaudible -Ed.] on that date.”

104 And for the first time now – For years, I've been seeing little things in that book, but when the Holy Spirit broke open the book, then I saw what was laying in the message. Then to prove it's correct, look at those things in Genesis that God revealed, it's with Noah and the dove and all these different things. I mean, you could call a lot of things, a lot of things but when the Word starts to open, and the inspiration starts to be released relevant to those things, you know the Word could only come in the season. See?

105 So then when that happened – like Bro. Wayne [Bro. Wayne Cadogan -Ed.] with the testimony that he had there, when he couldn't even walk and was paralyzed from his waist down. And out of the Seven Seals Book—I mean you could read anything you want out of the Seven Seals Book [The Revelation of the Seven Seals -Ed.]; there are

about five hundred and something pages there. But the Book was opened on, there is a cycle of the unknown language and these Things and you know that is what this church is built on. That is what we preach, and are nourished on day and night. That is what we preach every service regardless of what angle or what way we preach it, it's that we're talking about.

106 He said, "When I was reading that there, then Something just said, 'That is what is happening now.'" And instantaneously, he was on his feet. He wanted to run and wake up the brothers, two o'clock in the morning, [brothers living closely -Ed.] because here it was, he couldn't even walk. He had to slide off his bed; crawl to his living room and pray.

107 And then going to Tobago there and the Holy Spirit just opened up those Things there. And we came back, then went through a testing time. So after the Dove descended there was a testing time; there's a Mount Temptation, a Mount Transfiguration, and a Mount Calvary - a testing time, an Adoption time; and the New Ministry to preach to the lost, the Voice of the Archangel and the Cross and these Things. You see?

108 So then watch. As we see then, those Things happening and the Holy Spirit is giving message after message because something was in the mouth of the Dove. And when Noah saw the leaf in the mouth of the dove, he opened up the ark; his trouble was ended. He had confidence; that was his confirmation. Now, as I showed you, the dove could have brought a sycamore leaf, could have brought an orange leaf, but it brought an olive leaf. And we took the word olive, O-L-I-V-E. O live, Noah.

109 And we saw what the olive is used for. They used olive oil to anoint priests and kings. They used it to light the candlesticks in the tabernacle. Amen. They used it as a medicine. They used it for food, and all

these things were needed and that was in the mouth of the dove, showing what the Holy Spirit is ministering in this Hour – what is in the mouth of the Holy Spirit. Because the Dove is bringing the true teaching for the season, to enter into a ministry.

110 Noah realized if all that radiation from the atomic blast killed everything on the outside there; it went through a nuclear winter while they were on the Ark (came outside), and that dove knew it had to bring the right thing to give Noah the faith to walk out. The Prophet said, “Food was going low. The animals were getting restless. Everything was going to run low.”

111 “Lord, is the wrath over? What is happening?” Economic crisis. He could only look up through the window, and the dove came in, at the evening time. You see? But he had kept his faith in the dove and when it came back the second time, it came with the confirmation. Hallelujah! It came back the second time! It’s always in the Second Ride it’s going to happen. You see?

112 I’m showing then, that that Dove is here to bring perfect healing of body, spirit, and soul. That body of the Prophet that was so sick represented the Body of Christ, that when he came to the Mountain Top, then that Dove could come. See? Because that Body, when that Body is made whole, when She stands on Her feet again, fully made whole, Satan has no place in the Church. Bro. Branham says... (We’re getting ready to strike the message now.) He says, “I always look to see a church that sin can’t stand among them.”

113 Now, the reason the Body is the sickest Body is that sin brought sickness. And he knew that through the opening of the Seven Seals and the Truth coming back, was to restore. ‘Why hath not the health of the daughter of my people recovered? Is there no balm in Gilead? Is there no physician here?’ [Jeremiah 8:22 -Ed.]

Amen. The Son of Righteousness, rising with healing in His wings [Malachi 4:2 -Ed.]; he was looking for It that the Body of Christ would be made whole.

114 She would stand there, a mighty marching Army; no sickness, nothing to hinder that Body, every member in their right place, another Ephesians in the last days; a Super Church, a Super Race that would bind the mamba in a knot. She will bruise Satan under Her feet. Amen. It was going to come but, it's when She comes to that Mountain Top then She becomes that living Word. In the last days, as She nears the Headstone, She will be the living Word made manifest in order to be united with Him. She will be the Super Race, the Super Church. She will know that it's He in Her fulfilling His Own Word He left for this time. Amen.

115 And, you know, thinking about that, how he looked for that Church, the Body of Christ in the earth today; he looked for it to come to such a level that sin could not stand inside of it. Amen. He said there... (just to give you a little quote). He had come back and he began to preach after the squirrels had happened in 1959. He had seen Hattie Wright's boys, by the Spoken Word, get the baptism of the Holy Spirit, October/November right there. He saw what had happened, also the squirrels being created by the Spoken Word. He went back to the Tabernacle and he began to preach the series on *What Is The Holy Ghost?* [1959-1216 -Ed.]; *What Was The Holy Ghost Given For?* [1959-1217 -Ed.], and these Things, showing the Holy Ghost as Adoption. See? That was in 1959.

116 Then in 1960, he said, "Seeing we are positioned at this time in the Ministry, I think we should go to the Book of Ephesians." And he began to open up *Ephesians Parallels Joshua* [1960-0515P.M. -Ed.] and showing the Church crossing over to be positionally

placed, where they will have power to stop the sun and all these things will come back in the Church.

117 So, while he was under that inspiration, he went back and preached these services: *What Is The Holy Ghost?* Because if you are watching the chronology of the Message, he followed that up with *Super Sign – Immanuel – God and man united*; *Possessing The Enemy's Gates* [1959-1108 -Ed.]; *Speak To This Mountain* [1959-1123 -Ed.]. All of that was in 1959, November; *New Ministry* [1959-1115 -Ed.]. Let me give you a couple of them (I think I have some right here), so you will have an idea of what the inspiration was.

118 In October 1959, the squirrels were created twice. Then in November, Hattie Wright's sons were saved. Then Bro. Branham went to Jeffersonville and preached *Possessing The Enemy's Gates* [1959-1108 -Ed.], which we had a couple of weeks ago. I showed you how that came in there. Then he preached *My New Ministry* [1959-1115 -Ed.], letting them know we are entering that New Ministry now. He had been seeing it coming in its infancy and began to post the people.

119 Then in California, He preached *Thy Seed Shall Possess The Gate Of His Enemies* [1959-1121 -Ed.], showing them that it was given to Abraham on the mountain top after he met Jehovah-Jireh after he proved in his testing that he had fully believed the Word. He was willing to even destroy his own testimony; he had perfect faith standing there. And the ram was created in the thicket; a manifestation of the Spoken Word, and then the promise was given. And Bro. Branham began to identify himself standing in that place.

120 Then he came and preached *Speak To This Mountain* [1959-1123 -Ed.] and he said, "Look where we're at now." He said, "I'm looking for it to happen in this meeting: this Anointing will strike the Church of the living God. She will rise to Her feet like a mighty

marching army,” and these Things. He said, “Oh, I’m wanting it to happen so badly, when the sick could be healed by a Word and the blinded eyes will open,” and these Things. Then after California, he came back to Jeffersonville and started, *What Is The Holy Ghost?*, *What Was The Holy Ghost Given For?* and these Things, and he ended up in December with *A Super Sign* [1959-1227M -Ed.]; *Faith Is The Sixth Sense* [1959-1227E Faith By Experience -Ed.]. Okay?

121 Now listen. So here, I’m trying to break into that because I want you to see, under the New Ministry, under the coming of that Seventh Dove, and what was in the Dove’s mouth, which is the Word teaching us what we’re about to enter into; giving us faith to be made whole to go into this Ministry here. He was preaching here, he said... *What Is The Holy Ghost?* [1959-1216 para. 1-3 -Ed.]:

122 *This meeting is to be a little different meeting than what we usually have here. Mostly, every time when we come together here, it’s a meeting for the healing of the sick and for the physical needs. The emphasis is put upon that. But tonight we have started this revival for the healing of the soul—the spirit of the man.*

123 ... *And these week nights we are greatly pressed to speak on the eternal things for the soul.*

124 *Now, we know that when a body is healed, that makes us all happy, because we know that it definitely shows that our God heals the sick. But that sick person, if they live long enough, will perhaps be sick again, maybe with the same disease that they were healed of, and that doesn’t take away healing. The doctor will give medicine for pneumonia, and maybe two days later they’ll die with pneumonia after he’s pronounced them well. It reoccurs again. But when that soul is healed, [you’ve got] *Eternal Life* [in there].*

125 *And I believe that we are so close to the Coming of the Lord Jesus, that it behooves us to do all that we possibly can to bring every soul to the Kingdom, and to bring the Kingdom to the people, that we might be healed of our spirits. I believe that the body of Jesus is the sickest body that I know of; that is, the body, spiritual body of Christ on earth....*

126 Also, *The Second Coming Of The Lord* [1957-0417 para. 84 -Ed.] page 15, he says: *...the church is eat up with spiritual venereal, of all kinds of isms and everything else. It's wrong! God, be merciful! Jesus is coming, friends. You ain't going to have time one of these nights, or one of these days. You better check up now.*

127 So, as he was looking at the church, he saw the Joshua Commission that he had there, was to pray for the sick. Go back on *As I Was With Moses* [1951-0503 -Ed.]. 'Pray for the sick', but what was sick? The Body of Christ. He said, "That word in the Bible 'sozo' – the sick, He 'healed' them. It meant 'saved' too. He said, the complete, real Divine healing."

128 *The Greatest Battle Ever Fought* [1962-0311 -Ed.] he said here after he had seen the heavenly hosts in a certain order, and God struck him, "That is what the church should be like." And he was thinking how Moses saw the thing in Heaven, represented on the earth after the church was called out by a prophet. Okay? They were in the world, in Egypt. They were called by a prophet, a prophet-messenger. Then he was taking them into a promise under his message. He was vindicated by a Pillar of Fire. But they were coming out from the nations of the world, and God didn't want them to be like the nations that they came out of. So He began to reveal to them how they should be set in order, what type of life they were going to have, how they would be set up, and everything else. It's the same way he said Church order is one of the Mysteries to be revealed because when that Prophet came to call the church

out of Egypt; we must not be like the other denominations.

129 The Prophet, having the Heavenly Vision, seeing what the Church must be on the earth, how it could be set in order – just like John, John was taken up and saw what Moses saw. Paul also was taken up and saw what Moses saw. And they wrote it back and taught the church that Mystery. So then the Prophet restored the original Truth that Paul had, who was caught up to the Third Heaven and saw the Mystery was the Church in Heaven. Even in the Book of Revelation, John sees the temple in Heaven with the Ark of testimony and these Things. And out of them went forth Seven Angels who were girded around the paps, which was the Bride. You see.

130 Now watch. So here it was, he saw that the Church must be so set in order because remember, his whole Message was to restore the church. He said, “It’s the restoration of the Bride Tree, it’s blooming again.” In Ezekiel 37... In *Christ The Mystery Of God Revealed*, [1963-0728 -Ed.] he would speak about the Church beginning to rise to its feet in the reformation, putting on sinew and flesh and these things; standing in the last days being a mighty, marching army, marching back to Zion. His whole vision was the church. That’s why when he saw the worldly church was dancing to rock-n-roll music, he said, “Oh, God, is that all the labor produced?”

131 God said, “No, She is going to come into view,” because like Eliezer, he was to get the Bride. He was the one who said, “Come, I’ll show you the Lamb’s Wife.” Amen.

132 Now watch. So he was obsessed with a vision of a Super Church; with a vision of the original, Apostolic Church set in order in the last days again. That is why he tried to correct the Pentecostals and he

couldn't teach them, Supernatural Things because they were babies and they didn't want to grow up. He couldn't get them weaned from the Breast. "Who shall they teach knowledge and make understand doctrine? Them that are weaned." [Isaias 28:9 -Ed.] But he couldn't get them weaned because they wanted to play with the baby bottle and the rattle, and roll on the floor, and speak like a child, and think like a child and act childish, carnal, and have division and enmity, and strife, and these things. But he said, "Like a man, I put away childish things."

133 So here he had come because he was up on the Mountain Top and the Cloud overshadowed him; He said, "I gave my Prophet power to speak into existence." He was a man. Amen! Even God rebuked him and said, "Why are you acting like those Pentecostals, like a child crying? Speak and go forward! Come off the baby bottle. You are looking silly, a big man with a baby bottle in your mouth. Speak and go forward. Let the Word flash like lightning." Amen.

134 Then he said, "Oh, that is me." He rebuked his own self. And he rebuked his own self publicly because he knew many of us are watching him closely, and what he does, we are going to do. He wanted to make sure you don't get caught in that, so he spoke it openly. And when he did that now, you say, "Oh, that is not the right behavior," because look, he condemned it right there. This is the right behavior here. So we keep walking in the right footprints. Amen.

135 So in here in *The Greatest Battle Ever Fought*, after years of ministry and dealing with devils in the physical realm and in the spiritual realm: demonology in the physical realm – cancers, tumors, cataracts, and demonology in the spiritual realm there that torments the soul of man; that was his ministry, to pray for the sick. See. In there now, when he saw that the people

back there were only interested in the physical healing, and they didn't want the healing of the soul, so they were still cutting their hair, painting their faces, but they were coming in the prayer line to be healed in their body of a tumor, and when he was bringing the Medicine now for the soul, they were rejecting that kind of healing, but they wanted the other kind of healing. See? And he tried to show it to them.

136 So when he came here in *The Greatest Battle Ever Fought* [1962-0311 para 50], he said: *I would, to God, this morning...*

137 That's how I feel in my heart. I'm just reading these things to express my desire because I feel I have the same desire. I feel I'm looking for the same thing.

138 ... *that we would bring this to a real healing service, that we could keep this part...group that we have gathered under the roof this morning, in such a harmony, that the Holy Spirit would place every member of the Body, that's here this morning, in such harmony, till there would be such a spontaneous healing of soul and body, if we'll just hold our positions. [Amen! ...if we will hold our positions.]*

139 Now in *Perfect Faith* [1963-0825E -Ed.] he's teaching us to recognize our positions. In *Christ Is Revealed In His Own Word* [1965-0822M -Ed.], he teaches us how to divide the Age, divide the promise, recognize the part of the Bride you are, and not somebody else's part and these things. The eye can't be a foot and a hand can't be a nose and these things. Then he showed now when you find your position, you have Perfect Faith. Now, Perfect Faith will bring you into perfect healing. "That Dove has led me to a faith I have never known. That Faith has brought me to the Power and the Power will produce the Promise." So he says here now, "If we could only hold our positions."

140 He was giving a testimony before (I won't read it. It will take too long) about this lady who had this cancer. And she had it in the breast so badly, and she went to this doctor and they turned her down; she went to that doctor and they turned her down; she went to the other doctor and they turned her down. Finally, this doctor told her, they are going to try and perform the operation and remove that breast; it would be a bloody job and everything.

141 Her husband was a little Holiness preacher. He wanted to be there in the room with her. So he kind of asked the doctor's permission. The doctor didn't believe in these things. He found: "What's the matter with these people coming here, next thing the man faints. Coming to play he wants to pray, and when he starts to see this bloody operation performed, what is going to happen to the man?" So, the doctor said, "Alright, we are going to let the man come in." And the Prophet was speaking about it.

142 He said: [And] *while [he sat there] praying, there come a fluttering in the room. And the doctor turns to go... with his instrument, to start to remove the breast. He moved pack after pack. There wasn't even a scar on the breast; not even a scar. [He said] "...Does it move?" ... And the nurse gave her testimony. Both of them went out and has become Pentecostal, filled with the Holy Ghost, serving the Lord.*

143 "Not even a scar," Dr. Holbrook testified: "*One minute before, there was the woman laying there, ... and the great, big cancer was pushed out on her breast, one minute later, [it wasn't there]. ... wasn't even a scar where it had been moved.*"

144 Now you could sit right here, this morning, one minute with the same kind of faith, holding your position. Hallelujah! That's what I'm speaking about,

that Seventh Dove. It was a fluttering noise they heard, fluttered inside the room. Amen!

145 And here, the Prophet said here, (amen) he said:

146 *Now, the God that caused the fluttering noise to come into that clinic, and took that cancer without even leaving a scar, don't you [see, that] that same God is here?*

147 How much more in a service where the Word is being preached and your faith is being anointed (than to be laying there in a doctor's office, where you can't even hear the Word of God) under the power of the Holy Spirit, and the saints of God gathered together under the Blood, making confession and prayer, how much greater it is that the Dove could move in there and take that cancer out?

148 He said: *And the only thing that He is waiting for, is for His army to get their position, like the stars, get the position.* [1962-0311 para. 51 -Ed.]

149 Amen, hallelujah! Amen. So let us observe closely now: "**VIRUSES IN THIS AGE OF GERM WARFARE**". I'm building up to this. And "**The Seventh Dove Has Descended To Bring Perfect Healing To The Body Of Christ**".

150 I was there yesterday preparing a little message. And early in the morning, I got up and began to pray. I stayed on my knees for quite a little while studying and writing, and I was tired. So I got up afterward and I said, "Let me go and sit a little bit and lie down." I was passing by my desk and I had this *TIME* magazine here. [1986-1103 -Ed.]. Said, "Let me go and pick it up, then go and lie down and just kind of browse through this, while I come back to study a little later."

151 So I opened the book and I watched this thing: *VIRUSES: Keys To Life And Death. AIDS: New Research, New Danger.* I said, "Let me see what all

this virus thing is all about.” So I began to open it up and began to read and as I began to read, I just got into another Realm. And you know when you are reading now, and then another Voice, the Inside Teacher, starts to teach you what you’re reading. So I was just reading there, and things were coming. I just told my wife, “Like I have to change my whole message now.” I said, “Like God is dealing with me on something.”

152 So I began to share with her some of the things right there. I said, “I am so unable to hold those terminologies and these things. And then I just don’t want to preach the message and make it sound too medical, in the natural, that people will miss the spiritual application.” So while I was thinking that there, I said, “Anyhow let me just keep on reading.” So I was there reading and watching those things. And after a while, it began to get all so clear to me.

153 So I just want to read something first where the Prophet says here, he said, “Now...” he was talking about demonology here in the physical realm, dealing with the healing of the body. Now remember what we’re talking about: the sickest body on the earth is the Body of Jesus Christ, and that Seventh Dove has descended to bring perfect healing to that Body.

154 So he says here, [1953-0608A - Demonology, Physical Realm para. 55 -Ed.]

155 *...Let’s say for instance... that fellow down now, on his cell, this—this cancer.*

156 He’s talking about cancer, and the cells in the body and different things.

157 *Everything in the natural types the spiritual. Are you aware of that? Everything in the natural types the spiritual, [he says] regardless.*

158 Now Paul in the Bible taught about the body. He said, "We have a body and different members," in 1<sup>st</sup> Corinthians 12. And he showed you the natural body is like the spiritual body. In Ephesians, he even elaborated further where he said: the Body fitly joined, compacted together by which every joint supplieth for the more effectual working, and each [member of the -Ed.] Body giving its measure in part," and different things. [Ephesians 4:16 -Ed.] Then over in Colossians 2, he was speaking again there, about the Body and talking about how we minister nourishment to the Body.

159 So I said, "Paul had to be a doctor." I believe he was a doctor. I believe Bro. Branham preached a message called *Dr. Moses* [1955-0114 -Ed.]. So we are going to be in the Clinic here for a little while. We are talking about the body, and healing, and the real healing of the body, and the VIRUSES IN THIS AGE OF GERM WARFARE.

160 Now that word 'virus' is a word that comes from Latin for slimy liquid, stench, poison. That's what it means. They had this big article here in *TIME* magazine, and while I was there reading into it, things just began to come in my mind. You know when the Holy Spirit shows you something. I remember I had something in a National Geographic. I get these things and just put them down there. So I said, "Let me go back there. There is one, I remember that had an article about that."

161 So one o'clock this morning, I went searching in there, got the book out. I looked, I saw this whole article there on the viruses in the body and AIDS that is striking the earth as though... striking fear into people. It has medical science working day and night, trying to come up with something to counteract that enemy. And what made this so beautiful, is the terminology in which they express these things.

162 It is so clear because we are a Body here, and I've been looking and seeing how viruses attack the Body. Back in the Bible, the viruses attacked the Corinthian church's body; the kind of viruses that attacked the Thessalonica church's body; the type of viruses that attacked the Galatian church's body, and how they began to behave under the effects of those viruses. Then I began to study the diagnosis of the Doctor who was in charge of those patients back there and see the kind of treatment he prescribed. And see how he didn't deal with some of the cases with human feelings and these things.

163 Then I looked at the Immune System in that Body; how it deals with the sickness that was trying to come into that Body to paralyze that Body. When I began to think of those things, I said, "My, this Bible is a Medical Book." This is really the Book of the Great Physician. How He has dealt successfully with His patients down through the years, who gave heed to the Medicine and who just didn't read the prescription, but who took the Medicine. Then I began to think, I said if He was so successful and all His patients came with a one hundred percent record, because whatever He treated them for and they took the Medicine—those who suffered, it is that somewhere along the line they compromised, they sympathized with the Medicine and different things.

164 Then you see the viruses, how they were dealt with: people who were viruses and didn't know they were viruses and they had to be eliminated quickly. Then also in this Book, I began to see that they began to see that if they could get the harmful thing out of the viruses, and they could put helpful things into them (because of their peculiar way of moving and the way they could operate), they could, in turn, get to cells that were damaged in the body and bring strength and healing and restoration to those cells.

165 That is really like a man like Paul, who was a harmful virus trying to destroy the Body, becomes a helpful virus to the Body. See? So with these things in mind and knowing that the Seventh Dove, the Holy Spirit is here, it's He Who has to reveal this to bring healing; perfect healing for the Body and, not physical healing for the body. We're talking about the Body of Christ! We're talking about this Body here also! Now, if you see yourself with a little virus influencing you this morning, it's not personal because remember, it could be taken out of you and you could be in the right channel.

166 What the doctor would be thinking about, is a healthy body because the purpose and the role of the body must be fulfilled in the age of that body. And the time that body is put on the earth to exist, it is necessary for it to be healthy to carry out its work successfully. So the doctor is not thinking... That's why Jesus Himself; the Great Physician, Himself said, "If you have to amputate an arm, amputate it." He said, "Cut it off. If you have to pull out an eye, pull it out." It's important that the Body is not hindered by one bad member when the Body is here for a purpose. It is whether you are anointed with sympathy for how the Body may feel or whether you're obsessed with the objective set before the Body for the Body to fulfill. It depends on what is really influencing you. Amen.

167 So as we look at it, here a little bit. I don't know... I gave you some of the ways it's written here and then from there, we can relate to it properly. Now you know this is an Age of Sodom, and AIDS is the greatest enemy of medical science at the moment. All of the ammunition – men are coming together to get rid of AIDS. And that is found mostly where people, what they do: they try to pervert the right laws of God that nature laid out for them to live by. It's an Age that has a lot to do with sexual relationships and these things.

168 Now the Prophet said, “In the Age of Luther, God was holding the Church’s hand. In the Age of Wesley, He began to make a little love to the Church.” He said, “In this Age, the Church is bringing forth children unto Him.” He said, “The reason He had to put away the Pentecostals, they didn’t want to receive the Seed to bring forth children in His Image. They didn’t want to have the further part with Him, to have any relationship with Him.”

169 He said, “Any woman that refuses a man his child ought to be put away.” And he showed the spirit of denomination, that was bringing forth a lot of illegitimate children, a lot of spiritual delinquents. He said, “What was actually happening, here we see the churches, they more want to slop around with the world and Hollywood and their church programs, and they weren’t keeping themselves virtuous.” And here Christ was interested in spiritual multiplication and replenishing the earth; bringing forth children in His Own Image with His Own Blood, His Own Life.

170 These churches, in this Age of women’s liberation (see?) where they refused to be subject to their head; it’s the same place we found the churches refused to be subject to the Word, which was the Headship coming down in the Evening Time. They rejected the Headship, they would not be subject because they wanted women’s liberation. You see? But then He was looking for a Wife whose desire would be to Her Husband and He would rule over Her; a virtuous Woman. That’s why he told Eliezer, “When you’re going, don’t go among the Philistines.” Because, those women there, every one of them has bobbed hair, and that is the sign of the entrance of the spirit of women’s liberation. They wouldn’t be subject at all to the Word. They’ll come in and try to make a denomination, and mess up his whole program. So he said, “Go to those

who are part of this Word.” Because you see, it’s a Blood relationship. Alright.

171 So here quickly, speaking about these viruses now, in the *TIME* magazine; this is in the natural realm the doctors are discovering these things as they study it, trying to combat this great enemy. But our enemy is dead. Hallelujah! The Voice spoke from Heaven. We cried for healing. We know there was to be a time of healing, Jeremiah said. We looked for peace. We know the days when we had to go through and struggle. We know the days of rebellion in the church. We know the days of confusion in the mind, but God has healed us from those things!

172 If that Dove is here, there’s coming forth a Church; a people that sin cannot stand amongst them; no unbelief. There’ll be Perfect Faith in that Bride. Don’t ask me how it is going to happen – Transforming Power; God is here! God will bring It to pass regardless! Amen. He formed the hill, He grew the cactus, He gave the sunshine and rain. He knew one day the Prophet will come to the mountaintop and the enemy will make a charge, (amen!) but he will go... he will be nailed to that tree. Where was our nature, our old, sinful nature judged? It was nailed to a Tree, that enemy.

[*TIME* magazine – AIDS Research Spurs New Interest In Some Ancient Enemies – Ed.]

173 Now watch. He said: *The invader is tiny, about one sixteen-thousandth the size of the head of a pin.* The invader is tiny. We’re talking about germ warfare. This is an Age of germ warfare. Long ago you used to fight with a gun, and a slingshot and a big stone. Now they loose things in the atmosphere. See? They loose those things, and the people breathe it in. They drink it in their water, different things. Next thing, all kinds of things start to come out. They begin to ask the

doctors: where do these things come from? Scientists in the laboratories (amen, brother), working in the realm of education and taking all the material and misplacing it, mislocating it, to bring death to people's bodies, to destroy. See?

174 So it's the same way now, watch. It says: *The invader is tiny, about sixteen thousandth the size of the head of a pin. It consists basically of a double-layered shell or an envelope full of proteins surrounding a...*

175 Now if I don't pronounce some of these words right, some of you more educated ones, just don't think about it too much, just follow the thoughts. I know there are some who are nurses, inside here and different things and I may call some of these medical terms wrong, but I'm really trying to bring a spiritual something.

176 He said some of these genetic molecules often enter *...the bloodstream of its victims after sexual contact. It is an AIDS virus.*

177 I'm going to show you what that AIDS is just now. Bro. Branham said, "When that Angel; when Elohim went down for the last pull in Sodom...." Last pull went to Sodom. First Pull was Lot. Second Pull was those two angels. Then Elohim, after He revealed Himself as Supreme Judge to Abraham; after He said, "Shall I hide from Abraham?" opened these Seven Seals and these things; after He showed the signs of discernment, then He went down there. He said, "And they saw those Angels and they were trying to pervert them to their own acts." Do you understand what I'm saying?

178 Lot was in Sodom but you see the bride was already out of Sodom, she was no part of Sodom. They were going to come under the influence of these men and be perverted by the acts of these men. Now, he said, "That is exactly what is happening in the

denominational realm.” People were getting perverted by the acts of men: their religious acts contrary to the Word; their unnatural ways that can’t blend back into the Life of Christ; coming under the leadership of man when God was their Leader; man going after man. He said, “The day you take man for your leader, that’s the day you die.” Did he say it?

179 Now, this is an Age when man’s works – man is being glorified; man is being lifted up. This is man’s Day outside here. We are in the Lord’s Day because we slipped into another dimension. See. Now watch. We see the judgment coming, but they don’t even know what is going on. They are laughing, going straight into hell – insane. See? Now watch.

180 Now, that is the killer of this Age. There is nothing that hinders the Body of Christ or I should say, ‘church bodies’; death stepped in from the moment they went under the leadership of men, when they were perverted to the acts of men. “You have to do this; you have to do that; you have to do that; you have to do that; otherwise, you’re not in it. You have to be this. You have to be that way.”

181 AIDS is ‘Acquired Immune Deficiency Syndrome’. It renders the immune system helpless, and then the body is taken with any opportunistic diseases. This one is coming to feed on him because they see they could make a kill over here. This one can make a living over here. They can get a position over here. Any other little thing because, why? Anything can overcome them because the whole system is broken down. Now, you as believers in this church here this morning, I want you to see how powerful that immune system must be. And when the immune system is dealing with diseases, it isn’t sympathetic towards diseases. It is there to perform a role, to ensure the health of that body. Hallelujah!

182 Brother, when Paul saw Hymenaeus and Philetus, those two viruses that were attacking the Body of the early Church, two bad viruses; Dr. Paul got them under the microscope, found their spirit back in the Word: some went after the way of Cain; some went after the gainsaying of Korah, some after the error of Balaam [Jude 1:11 -Ed.]. When he found those diseases and saw where it came from, that strain, he said, "Their words eat like a gangrene." Brother, that is blood poison that sets in right away quickly. He said, "Deliver them to the devil for destruction right away." Amen.

183 People said, "Well, I thought Paul had love. The man just preached out of 1<sup>st</sup> Corinthians 13 and said, that love suffereth long. How is the man talking like that?" Amen!

184 Brother, when Ananias and Sapphira tried to move in there, those two viruses, and tried to get in the bloodstream of the church, Dr. Peter stood up right there. And, brother, something struck him right there. He saw the symptoms, and with that x-ray camera, he diagnosed the case right away. He looked past their flesh. He looked past their long dress. He looked past their nice countenance. He looked past their nice, humble mannerism. Amen! He said, "Why do you want to lie to the Holy Ghost? Why are you trying to evade the Immune System?" Hallelujah! See. Brother, it detects that thing right away, quickly. They took out those two germs dead. Amen!

185 Those days are coming back! How else could God have a Church without sin? How else can there be a perfect Body? Why did the Seventh Dove come; just to make us dovey, dovey, dovey? No, sir. To bring a perfect healing where sickness cannot stand in the body. Amen.

186 So this thing ends up in the blood of the victim after sexual contact. Don't you know when a church, a type of a woman receiving seed, it's Spiritual Intercourse taking place? She has a Womb and She receives the Seed and that's why She only receives the seed of Her Husband. She wants no man's thoughts. That's why Esther – to see about Esther, they had to get eunuchs, castrated men who had no seed to plant. They couldn't inject their own thoughts into the Word. They couldn't come with their own little idea and their own private interpretation. See?

187 You're going to find out why that big AIDS virus that we went through, here, recently: man tried to loose that here in this church, make people follow men and behave like men and get perverted by the acts of men. When in this church here, you are trying to crucify 'self' in this pulpit day and night, and man is coming to glorify himself here? They want to loose AIDS inside this place. It's a good thing God has a strong Immune System inside of here. Amen! Dr. Jesus deals with those cases efficiently. Amen! Thank You, Jesus.

188 Germ warfare: germ, the thoughts, the seed (see?) it's germ warfare; trying to loose those germs, bringing it in. But they bring out a thinking Man's Filter and filter out those things, to give you a Holy Man's Taste.

189 So it says, *The scouts of the body's immune system...* Now the body has an immune system. What makes up the immune system is... the term, they just called it here is 'scouts' but I will give you the medical term just now.

190 *The scouts of the body's immune system...* These are people like the deacons and the pastor, to make sure the church is kept unleavened. Amen. See? ...*it begins to mobilize an array of cells and among other things produce antibodies to deliver the threat.*

191 From the time that the immune system senses anything coming in, they begin to mobilize a few other antibodies. Get a few strong saints and say, “Start to pray. Pray. Pray. Pray without ceasing. We have some battles on our hands here,” while the Word is going forth, and some of them garrison the Word with prayer. They’re praying and, brother, the Holy Spirit has a clear channel. And after a while, you see the body that maybe, started to cough and get red-eye or something, you see it begins to clear up right away. Amen. Glory! See.

192 *It begins to mobilize an array of cells and among other things produce antibodies to deal with the threat. Single-mindedly. [Now listen, this AIDS... Listen to this now.] Single-mindedly, the AIDS virus ignores many of the blood cells in its path, evades the rapidly advancing defenders and homes-in on the master coordinator of the immune system.*

193 Listen carefully. Let me go over that. We can spend a little time. We know the time is gone, but we can spend a little time. That *threat*, when I read that *threat*, I said, “The threat? There’s only one big threat in the Bible. That is Goliath.” He came out and that big virus, (that AIDS virus) he said, “All of your men will serve us. Get a man to fight with me and if he wins...” You see? He began to breathe that threat.

194 Then quickly Saul began to get the army, set it in array and tried to deal with it. Goliath watched the whole army, he knew all those blood cells that were coming in his path. Men started to run for cover, hiding. And Saul, the master coordinator was the one, the thing was zeroing in on, because he was the tallest, he was the right match for Goliath. He knew it and he didn’t want any confrontation with Goliath at all. That AIDS virus wanted to attack the body of Israel, God’s Church back there. See?

195 And here, as he was coming, it says, it ...*evades the rapidly advancing defenders and homes in on the master coordinator of the immune system, a helper T cell...* That's what they call it 'a helper T cell'.

196 *On the surface of that cell, it finds a receptor into which one of its envelope proteins fits perfectly, like a key into a lock.*

197 The particles that the virus carries, when it meets that cell, it has something that fits into that cell like a hand in a glove. It is designed to fit that. It comes in the shape knowing what it's going to meet there. And it comes in the shape just to fit it, like the devil comes in with a certain taste and singles out people inside here and knows just where to start to shoot the poison. They fall for it like nothing [easily -Ed.] and get under the influence of it, and then start to carry it to other cells in the body. And this time, the Immune System is trying to get at it but before the Immune System could get at it, it is producing more viruses like itself quickly. Now, this is what it says here. Listen.

198 So, when Saul realized what was coming in, the fear – the threats and the fear got into Saul already, that Saul began to tell David, "But you can't face that man. That man has been a warrior since he was small." Then you realize what was making Saul hide. It's because he had all this information about Goliath, that so overpowered his revelation about his own self, that his faith was so paralyzed, that the advice he was trying to give David at the side, it just revealed why he was already a backslidden T-helper cell, right there. And the virus was already contaminating the whole body and every Israelite was hiding behind a tree. Nobody hoped they would call them out to go outside there.

199 And Saul now was trying to activate some of those cells, saying, "I'll give the man some money, who will

go out and fight. I'll give them, my daughter. I'll give him so-and-so. I'll make his name great in Israel; his father's house free."

200 It's like you're pumping them with vitamins and some nourishment or something to get them to react to face the threat but it couldn't be done. The body was taken over already. It was a good thing God had David to come in and deal with that thing there – Divine healing. "A slingshot of prayer and faith," the Prophet says, "to burst that virus' head and lick it out of the body." Glory.

201 When the body started to recover, the body started to take off after every Philistine virus; slaughtered them all the way down; a quick recovery.

202 Now it says: *Docking with the cell...*

203 They call it 'docking with the cell' you know what docks are. Some of the brothers work in the docks, where a ship comes in; like a port. And the cell is like a 'port' for the virus. And the virus comes and fits right into the port, but it's carrying its dangerous cargo. And on the port, the cell receives it as a valued visitor. Maybe as tourists to boost the economy, coming with tourist dollars, but this one is not tourist dollars; it's cocaine and marijuana and different drugs. So once they get into that port you know what's going to happen. It will contaminate the whole society.

204 When somebody comes into the church with some little idea and says, "Girl, you don't have to do that because look down there, they are not doing that over there," and you know, "Bro. Branham didn't really mean that," and "Your pastor he's just a...." From the time you see that; you know what is going on. See. It's a cell that already has a 'port' for that virus; the slimy liquid that poisons that they are getting sprayed with. Bro. Branham said 'Poison sprays'. So, listen quickly.

205 He says: *Docking with the cell, the virus penetrates the cell membrane and is stripped of its protective shell in the process... Within half an hour the strand of RNA and enzyme the virus carries with it, are floating in the cytoplasm; the fluid interior of the cell.*

206 All it takes is half an hour and watch the body get contaminated. And watch under this half-an-hour Silence when the bottomless pit was opened and all those two hundred million viruses were loosed against the Body of Christ. That's what I was thinking about. That's what made the Body of Christ so sick because there were two hundred million viruses loosed against the Body that came against the Body. Then when that struck Message churches, diseases spread everywhere in Message churches.

207 All kinds of... in Message churches you have homosexual problems, lesbianism, you have stealing; you have lying; you have adultery and fornication; you have all kinds of backbiting. Where did all of these things come from that are in the Message? Until the very thing that God destroyed Sodom and those places for, is right in Message churches around the world today. Men want harems inside the church and all different kinds of things. See?

208 Germ warfare; what an Age! All these viruses loosed against the Body. A virus is really germs in warfare against the immune system of the body. The greatest battle ever fought during that time there: either the Church will shake it off... Thank God for the coming of the Seventh Dove. Amen. Brother, it takes Divine healing. From doctor to doctor... For the last few years in Trinidad, they're importing doctors from the States like I don't know what. For every medical seminar, called: West Indian Convention, coming down to give their little medical opinion on the matter but they're not even touching the disease! Amen!

209 [Glitch in audio -Ed.]... the Seventh Dove with healing in His wings. Hallelujah! *On the Wings of a Snow-White Dove God sends His pure, sweet love.* [#555 Songs That Live - Ed.].

210 After that fluid begins to move inside the cell now; slimy fluid. *Now a remarkable transformation takes place with the help of the enzyme, the naked AIDS virus converts its RNA into double strain deoxyribonucleic acid (DNA)...* Oh, let's say DNA that is shorter; the master molecule of life. *The molecule then penetrates the cell nucleus.* Remember you're a cell in the body. This is how the virus comes to you: as a cell to destroy that cell. And in destroying that cell, it weakens the body.

211 *...the cell nucleus, inserts itself into a chromosome and takes over part of the cellular machinery, directing it to produce more AIDS viruses.*

212 When it gets into that cell, and they have the AIDS virus, and after about half-an-hour, they begin to maybe float around inside that cell there. Then they begin to take over that cell and bring it under its influence to make it produce more AIDS virus. In another place, it says, like impersonations of itself, small ones like the other ones, like the virus itself. Now the body is being hit from all sides because that one virus now gets into a cell of that body and then it brings that cell under its influence, destroys it, and then makes it like a breeding ground for more.

213 And I told you the other day, that's why from all over the germ warfare comes down in tape forms, book forms, preaching forms of men from overseas, flood in, got into Message churches, got into cells in those church bodies and the virus started to spread. Then you see the health begins to weaken in the Body. And you see the Body begins to get more fashionable. The Body begins to lose its standard. The Body begins to

lose its resistance. The Body begins to pick up other diseases that the Body used to fight off very easily before. Do you understand what I'm saying?

214 *Eventually, overcome by its alien product, the cell swells and dies, releasing a flood of new viruses to attack other cells...*

215 I've seen a lot of them swell up and die, but (my!), it had already spread so many other viruses, that even though they died at the side, they were just a breeding ground to hatch out many more and gave us, the Immune System, so much work, especially in these last days.

216 So he says here: *...releasing a flood of new viruses to attack the other cells, including more helper T-cells and macrophages. The immune system, [the immune system] deprived of a crucial member of those vital T-cells, is unable to direct the fight against infection.*

217 Like when Moses was out in the Exodus, and that virus hit the Body like that, and Dathan and Korah and Abiram and different ones, all kinds of great men in the congregation arose, those strong helper T cells, started to get carried away in the dissimulation. God had to get rid of that virus really quickly because the Body, when it started to affect the main helper T cells who were supposed to be guarding the Word and be a help to the Immune System to keep the Body pure and healthy, they were the first one, weakening under the attack of the viruses.

218 *A host of opportunistic diseases, normally warded off by a healthy immune system, attacks the body.*

219 And things that normally wouldn't even strike the Body: dressing right, don't cut your hair, praying, reading the Word; all kinds of little, little, small viruses like 'don't read' and 'hardly pray', all these little

viruses are now becoming strong in the Body. You see?

220 *Gradually weakened by the onslaught, the AIDS victim dies...* So, you see a church under the influence of man; dead, powerless. He said, "Learning replaced revelation, reasoning replaced faith and program replaced spontaneous praise in the Holy Ghost, and they became lukewarm, formal, and powerless. And after revival, death set in." Why? Politically minded men who were ambitious sought power over the laity, and men began to start off with little sayings that became deeds, separating the clergy from the congregation and lifting up men and making them more than what the Word said they were. And they tried to say...

221 The helper T-cell says, "There's no more one-man Scripture after the Prophet."

222 All those AIDS viruses attacked that. Amen. But you're trying to keep the Body clean; trying to keep the Body free from these viruses that start to bring the Body helpless by getting it perverted to strange acts.

223 *...sometimes in months, but almost always within a few years of the first symptoms.* Sometimes, when the first symptoms of the AIDS virus step in, the patient dies within a few months; sometimes within a few years. But from the time you see the first few symptoms come in, death sets in and they die quickly.

224 The first symptoms started out as deeds; little sayings. Then it became a doctrine. When it became a doctrine; that was a false prophet with a false doctrine. Then from Nicolaitanism, it went to what? Balaamism. It was the same spirit now. Then from Balaamism, it went to the doctrine of Jezebel. Balaamism was subjecting them to a corrupt form of worship. Nicolaitanism had them seeking political power. See? Man ruling man; bringing them under man's

influence. Then, from bringing them to a corrupt form of worship, they made them eat things sacrificed to idols. Then the last thing was the doctrine of Jezebel – who didn't believe their doctrine, they slaughtered and killed them.

225 He said, "It is the spirit of organization as it goes from depth to depth and organization is man leading man. That is this Age of Sodom, when Lot, the worldly church, was in Sodom. That is why in the denomination, you see almost every little, worldly thing among the people. Why? Every opportunistic disease steps in after man takes over the place of the Holy Spirit. Amen.

226 Aren't you glad for the Snow-White Dove, the Holy Spirit? Once we keep Him in front and we keep speaking about Him, and we keep Him directing us, everything will go just right.

227 *In addition to causing AIDS and flu, viruses have brought the scourges of smallpox, yellow fever and polio. They bear responsibility for many of the familiar rashes of youth – chicken pox, measles, rubella – as well as such disparate disorders as the common cold, gastroenteritis, herpes, shingles, warts and mononucleosis. Viruses are known to cause at least one form of human cancer and are prime suspects in several other kinds of malignancies.*

228 [So] *stripped of their harmful genes, [get this,] viruses are becoming the stuff of safe and potent vaccines.*

229 Viruses, stripped of their harmful genes, now become antidotes: potent vaccines to keep out other sicknesses. Like Paul, (see?) brother, he became one of the most potent antidotes they ever had in the history of the Church. He would go into any church; whether it's the Galatian church and they're back there in a past age, brother, he had the message to

break the influence of that old husband and bring them in the new union of Christ.

230 He went over there in the Roman church, brother, and they're back there and those Gentiles are coming in with all kinds of promiscuity and different things, and, brother, trying to make grace a disgrace and he set the thing in order and showed where sin abounded, much more did grace abound. Now that we are saved by grace, how could we let sin come in? He began to show how you fight off the very viruses in your own body. Who shall deliver me from this body of death? I found a law, and I delight in that law after the inward man. Amen.

231 He went over there in the Corinthian church and brother, that body was attacked with viruses. There were all kinds of viruses: smallpox, rabies; all kinds of different things. I want to get to rabies in a little while for you because Paul said 'beware of dogs'. They say, "When they bite you in your leg, it travels to the mind. It gets through the whole body until it gets to the mind, the intelligence in that body, and paralyzes the whole thing and then kills it." A dog's bite.

232 Dr. Paul, knowing that rabies was loosed in that first Age and he saw how that rabies virus was moving and dogs were devouring people—and you go back over in Isaiah, It tells you what those dogs were. The Baptists quote it a lot: no dumb dogs in Jerusalem and these things. [Isaiah 56:10 -Ed.] It says: a lot of these watchmen are greedy dogs. Then what happened? They bit them with that rabies. Brother, you watch death set in that body quickly. They get insane, they go berserk [wild or frenzied -Ed.] in their minds; all kinds of weird behaviors and different things. Dogs bit them.

233 I remember years ago, a particular church in this Message here, (it is a little cult right now) and what happened was, one of the brothers had a dream: three

men came from the States who turned into dogs and bit one of the brothers and never let him go. And he tried all how to get away from that – rabies. You see? Exactly.

234 You see, ‘between the legs’ is: where you walk, and the walk changes, and you see a different kind of walk steps in after that dog’s bite. Then that starts to travel through the body and renders the body helpless and then it gets up into the mind. Then from the head down to the feet of that body is in serious, serious trouble.

235 It says: *Stripped of their harmful genes, viruses have become the stuff of safe and potent vaccines. And within the next few years, scientists hope to gain federal approval to conduct gene therapy. Their goal: the use of viruses as “vectors” to carry healthy genes to the chromosomes of people with genetic diseases, genes that may permanently cure them.*

236 You see, because these genes now travel as agents taking... It is the nature of them. There is like an intelligence that guides them directly to those cells. If they could get them with the right cargo instead of man’s ideas and man’s thoughts and all kinds of different things to fill up their minds, if they can kind of get that out of them and then put in the real thing that could bring healing and health to their body – not destruction to their body, health to their body.

237 It said: *In the sixteenth century, Spanish conquistadors may have unknowingly used viruses as a primitive form of germ warfare; they apparently supplied the intended victims, the Aztecs and the Incas, with blankets taken from houses with smallpox in Europe.*

238 These people didn’t even realize that that germ could have spread like that, and maybe using it as a form of getting influence or trading and building a

relationship with those Aztecs and Incas, who they thought had a lot of gold, and they were trying to get them under their influence; when they went down there with all these things, they began to give them these blankets. But these blankets were taken from houses that had smallpox and to these people in that environment that kind of disease was unknown. When they checked them out, they said things like smallpox, though they had some great scientists studying the heavens and building pyramids and great science and agriculture, and these things, things like smallpox wiped them out like nothing. They didn't know about those things because this was a disease from another environment that they were never accustomed to. But receiving these covers, these coverings... Do you understand what I'm saying? The germ was in that. And they said they didn't know it, but really the thing was to conquer them. And it was a kind of germ warfare, they had fought with them and didn't even realize they fought germ warfare with them, because they took these germs and they carried these germs and they laid it upon them.

239 That's why you and I have to be very careful with what we hear. When people bring their nice covering and want to cover you up with it, make sure it is Boaz's garment or Joseph's coat. See? Once you see it isn't Elisha's robe and it has a denominational sleeve or it has about six buttons on it when it should have seven buttons on it, then there's something wrong. You have to check it real good, to make sure. Otherwise, you try to fit yourself inside of it, next thing you pick up all kinds of different diseases. They wiped out civilizations like that.

240 They said: *Although the agents of these infections remain a mystery...*

241 Now listen to it, okay. I want to show you this. This was back in the eighteenth century. In other

words, it was in the Reformer Age, and they didn't know about these things. They say, "These things remained mysteries that couldn't be unlocked, and the right things to counter it and bring back health to the body that was being plagued through the invasion of these viruses, it couldn't be unlocked until a certain time." I want you to see the time when those things began to be unlocked.

*242 Although the agents of all these infections remained a mystery, the first safe vaccine against a viral disease was developed in the 18th century by Edward Jenner, a doctor in rural England.*

*243 Jenner, you see, he came from England. That's where they saw the Blood; where it came to the revelation of the Blood: 1750-1906, back in the eighteenth century. When he started to get the revelation of the blood now, then they started to get close to the life, the lifeline, because they worked through the blood to get into the blood cells. You see? And he came with the first little thing.*

*244 It said: Jenner noticed that farmhands who contracted cowpox, a mild disease related to smallpox, did not develop the more deadly disease. In 1798 he inoculated a boy with material from a milkmaid's cowpox sore, then demonstrated that the lad had developed immunity to smallpox.*

*245 It was not until the late 19<sup>th</sup> century, "the golden age of bacteriology," [it is the study of bacteria] that scientists began to suspect the existence of some kind of infectious agent even smaller than the bacteria that was clearly visible through the microscopes.*

*246 However, careful microscopic scrutiny of the filtered liquids failed to reveal the "filterable agents" that caused the diseases.*

247 Though they tried to filter it down, yet it was still passing through.

248 *The source of such diseases as mumps, smallpox, yellow fever, rabies and dengue remained a mystery. And yet, wrote frustrated bacteriologist, William Henry Welch in 1894, "these are the most typically contagious diseases, which it might have been supposed would be the first to unlock their secrets."*

249 Because all these men desired to see real health come back to the body. All these men in their Ages—like the Salk vaccine, when Salk, day and night, was working in the laboratory to get him to counteract polio. He said, "These scientists in the natural realm were working and they were trying to get the key to unlocking the door to perfect health." But many of those things remained a Mystery. You see?

250 So it says: *One clue to the activity of viruses emerged during World War I...*

251 It was during World War I, 1916, the Baptism in the Name of Jesus and the Baptism of the Holy Ghost were revealed back into the church when the Open Door was opened between the Philadelphian Age and the Laodicean Age; in World War I. Amen. Here it was coming back, the Opened Door, coming back to bring... Notice, the Name was lost. Is that correct? Because the Power is (what?) in the Name! Healing is in (what?) in the Name! Where will the Dove meet you? In the place where He placed His Name, in that Little Room where "I'll meet you in there," you'll come out with your crutches in your hand! You will walk into the promises of God now. You'll come out with your eyes seeing! You will see what Light never shone on before! Hallelujah! The feeble hands will be lifted back up and the lame feet will turn back in your path, bringing you in the rhythm of the Word. You could

march, onward Christian soldiers. There will be a Church made whole. Amen!

252 [It was] *in 1931...* You know, God always shows in the natural before it comes in the spiritual. Amen. It appeared in the natural to show, forerun God's events coming because two years after, in 1933, down came the Holy Spirit on the river while the Prophet stood there, (amen) and the Commission was thundered from Heaven. Amen.

253 ... *in 1931 the invention of the electron microscope...* They brought something now that you could really spot all those devils – a seer. Amen! All those little Pentecostal discernments: who weren't discerning by vision, who were only discerning by impressions and little thoughts in their mind; now comes the Seer, "I see you're traveling. I see a doctor examining you." Amen! "Your name is so-and-so-and-so. Your house number is like this. Amen. Right now, you have a husband; he's sitting in that seat. He is praying, 'let so-and-so happen.'" Brother, under the Microscope, nothing could pass anymore. Amen. Every Mystery was being uncovered! Every virus was being revealed. Amen.

254 ...*for which German Physicist Ernst Ruska finally won the Nobel Prize this year – broke the light barrier.*

255 He broke the light barrier. The new instrument with a technique called X-ray. Is that what the Prophet had? X-ray: looked beyond your clothes; saw down in the engine room. X-ray cameras don't take out clothes, you know. If you have to take an X-ray picture and you comb up your hair nicely and put on your three-piece suit and fix your tie really nicely and your Faberge' cologne and your Clarks shoes, the X-ray camera isn't taking that out. It's going straight down to the inside. Amen. Hallelujah.

256 ... *X-ray crystallography (in which X rays are diffracted through crystallized virus particles to reveal their molecular structure) – at last provided a view of the bizarre and startling world of the tiny creatures.*

257 Now, I want to show you, they said, “These creatures live in a kind of netherworld.”

258 *Unlike any other known creature, the virus occupies a strange netherworld somewhere between living and inanimate objects.*

259 Between living and inanimate objects. That is where the make-believer is, you know: he is between the believer and the unbeliever. He said... And right there, you know, the X-ray camera is the Word, Hebrews 4:12 – quick and sharp and powerful, dividing asunder, going between the soul and the spirit; the bone and the marrow!

260 He said, “Lady, that devil could hide from the doctor, but he can’t hide now.” Amen. The Holy Spirit... Amen. He said, “Years ago, you were in McSpadden’s Grocery. You were pushing a trolley, you slipped and you pinched a nerve. That is what happened to you.” Amen. “That’s THUS SAITH THE LORD.”

261 She said, “Oh, yes, I remember it.”

262 Amen. Hallelujah. What was it? He was finding those things down inside of there. The X-ray Camera had come. “All those strange demons,” he said, “I found them in the physical realm and I found them in the spiritual realm down inside of there.” Amen! Look here. He said, “Keep the commandments.”

263 “Lord, I’ve done that since I was a small man—since I was a small boy, I obeyed the law. I don’t steal. I don’t curse. I don’t do these things. I don’t murder.”

264 And the X-ray Camera said, “Go and sell all you have.”

265 Oh my! He found a money virus (hallelujah! brother), down inside of there, infecting that soul! The man won't take the Medicine. He came to the Doctor, got the prescription who diagnosed him correctly; prescribed the Medicine. He wouldn't take It. He went away sympathizing with the Medicine. You have to take the Medicine!

266 Look at Gehazi – came up right there and Elisha watched him. He told all the stories about the prophet. He got a reputation off of his association with the prophet and all these things; had good influence. And all the time the prophet knew, “He isn't really cleansed in the engine room yet.” He is good on the deck and good in the second court, but down inside there, the Wheel in the middle of the wheel, it was rusty. Amen. It needs some oil, down in it, to lubricate it, to turn that wheel inside of there. Amen. By the time he went down there and he came looking there, so religious and nice, that Word that saw down in the king's bedchamber, looked at the same man in there and said, “Is now a time for raiment? Is now a time for buying horses and all these different things?”

267 Brother, what happened, right there, he found that virus inside there that made him run after Naaman. Amen. Brother, from the time he saw all those three-piece suits, and all those Pierre Cardin ties, and Clarks shoes there, and Naaman was going back with all those US dollars; he ran down through the back and tried to cut him off, you know, and said, “After all, I didn't really want to ask you, but since the Lord had put it in your heart to offer it... After all, we won't use it for ourselves, but we have a few little projects we have on hand there, we need a little finance to finance it. And we're going to let you know how things are doing and so on; because after all, you're a generous

man and God loves a cheerful giver.” [Bro. Vin and the congregation laugh –Ed.] Amen! You see?

268 So, after he went through all that, brother, that virus there had already eaten out all those helper T cells, had already gotten inside there, destroyed the immune system, and all he could have seen was a new wardrobe and flashing [drawing attention to oneself –Ed.] service after service with a big Scofield Bible and all kinds of different... as if God is on that. Amen! No, sir!

269 [So] *unlike any other known creature, the virus occupies a strange...*

270 You see, the human spirit right there, it gets in the reasoning and the imagination and all the memory—because that’s how it gets a hold of the soul and pollutes it. Amen.

271 They said: *It cannot replicate without the help of its host.*

272 Now, notice this. The virus cannot replicate without the help of its host. It’s you who has to bring disease in this Body. Where the chain is as strong as its weakest link, it’s you who have to receive the thought. It’s you who have to get shot with the poison and get attacked with the poison because you had no repellent to repel it. It’s you who have to take it like a good thought to your good associate or your close friend or another weak mind that you could influence with it; because without you, it cannot replicate!

273 *David Baltimore, head of the Whitehead Institute... Whitehead Institute – David. Amen.*

274 It says here, “*Viruses are the most extreme form of parasite.*” Anthony Faras, [this is the director of the Institute of Human Genetics] “*Put a virus in a test tube,*” he says, “*and it can’t do anything. It can’t even make copies of itself.*”

275 Joshua had the same revelation. When they crossed over into the Ephesians at the end of the Ages and Joshua was there and it was possession time under the ministry of Adoption, possessing the promises Moses preached about, there were five kings; five big deadly viruses in that land. They saw the Body of Israel, the Church, coming over there and they decided to turn themselves loose against that Body. And they came with their host of other opportunistic diseases and they launched an attack on the Body but then the Seventh Dove spoke from Heaven. Amen. Hallelujah! God told Joshua, “Your enemy, Joshua, is dead!” Amen. He said, “No man shall be able to stand before thee all the days of thy life. I will be with thee, Joshua.” Amen. And the Dove began to lead that Eagle into battle. Amen. Hallelujah!

276 And when all of those viruses began to come at Joshua, do you know what he did? He put the five in a test tube and he corked it up, in a cave. He put them in the cave, and said, “Roll this stone on them.” When they were shut up in the cave, sealed off, in quarantine (amen), brother, they couldn’t influence any other demon. All those helper T cells who had belonged to the immune system, they put their feet on the neck of those kings. Hallelujah!

277 Joshua told them, he said, “Fear none of these viruses: AIDS, rabies; all of these AIDS viruses that are trying to bring you under bondage, all of these ‘no praise’ viruses,” he said, “put your feet on the necks of them.” Amen. Hallelujah! “You will be a healthy Body.” Amen. “You will rout every one of them. You will possess every piece of this inheritance.” Hallelujah! Glory!

278 Brother, they stood there; all things, every demon, every spirit—You know a disease, the first form is a spirit. How many know the first form of every disease is a spirit? [Congregation says, “Amen.” –Ed.] Jesus called them

devils. And the devils are where? In a body. Is that right? Okay. That body is a parasite that destroys the health of the true body it's living off of.

279 I think we need some real insight. We can't just be a little, general practitioner who gives you a little penicillin or prescribe... You have to be able to diagnose, perform operation, brother, put injection, everything inside of here. Amen.

280 The body was plagued. See? Look at how the viruses work in the natural body and how they destroy the health of the natural body (we were just taking that): paralyzing in some cases, destroying the health in others, killing some.

281 The Body starts off well and a virus hits the church and a minister never consults the Medical Journal. And some other bogus minister is saying, "Take some caraille bush. Boil some jigga bush and some bacano leaf [Local medicinal herbs -Ed.] and give it to them."

282 He went down in some old, cold, dead something; some bush doctor's book, who's not vindicated. He comes out with all of these different things and the next thing you know, it's the kind of doctor, like how they said, "Take out the toenail and bleed him a pint for pneumonia."

283 He said, "Do you think they're going to rely again on that today?"

284 No, sir! We know, "I am the Lord, the Seventh Dove Who healeth thee from all thy diseases!" Amen. Hallelujah!

285 Many bodies, church bodies in the Message are dead today because before they found the cure, before they had faith to pray for the healing of that body and rebuke that devil, it breeds itself until it had more viruses than living cells in that body. It was just a shell without any immune system; gone. Then you

saw all kinds of diseases start to come out – man living with this, man doing that. This thing came up here. He said, “Whoa, look at AIDS!” You see what is happening. My!

286 Now for these past twenty years—if you could understand that, we’ll understand how for the past twenty years these two hundred million viruses loosed from the bottomless pit upon the Bride in this Age of germ warfare, plagued the Body of Christ with all kinds of diseases, and sickness struck Message churches, destroying them. Ministers are getting destroyed. The laity is getting destroyed. Helper T cells: deacons, trustees, are getting destroyed. The prayer warriors are getting destroyed.

287 When the Prophet found the Pentecostal church like that, they weren’t even praying anymore. All of those cells had already gotten destroyed. They had card-playing, All Fours, and bunco games and tea parties, and women were cutting their hair. He said, “Bring back the old-fashioned prayer meeting!” He said, “Take your pair of pants off!” He said, “Come back to a consecration! Let your hair grow out! Dress properly!”

288 They said, “We don’t want any old-fashioned doctor here.” See?

289 He said, “Take the Medicine. It will be bitter, but it will do you good.”

290 Didn’t he say it? [Congregation says, “Amen!” –Ed.] See? Look at it.

291 All of these twenty years, you say, “Why can’t the Church walk into the promises of God? Why can’t the church have the desire to drive those devils out and keep the church clean?” Look at the Body of the Alpha Bride in the First Age. The Immune System was so strong in the Alpha Bride. No man, no virus dare join

themselves to the apostles. No virus dare attack that Body! There was such a strong Immune System.

292 When all kinds of spirits came in, Paul said, “Do you think we should be in subjection to them for one hour?” [Galatians 2:5 -Ed.] He said, “Not for one hour! They’re coming to take you back into bondage, but thank God for the liberty in Christ.” Jude said, “Men of old crept in unawares who were before of old ordained to this condemnation.” [Jude 1:4 -Ed.] Did he say it?

293 They watched those viruses coming at the Body there. Simon, the sorcerer, a big virus. Brother, he tried to get into the Body through the wrong channel. He wasn’t part of the Body. He tried to get into the Body. He thought you can just bribe the Doctor who is in charge of that Body and the health of that Body. Brother, from the time Peter saw him under the microscope, he said, “I perceived you’re in the gall of bitterness and in the bond of iniquity.” He said, “Pray that God saves your life.” Amen! Brother, he checked that virus right away! That virus got scared and took back off. Amen.

294 Look at Hymenaeus and Philetus. “Alexander, the coppersmith,” Paul said, “has done me much harm; done me much evil.” That virus attacked the immune system. Brother, as I said... How do they say it? “It rapidly advances and homes in on the master coordinator.” And the battering Paul began to get from that man, he said, “The Lord gave him his reward.” [2<sup>nd</sup> Timothy 4:14 -Ed.] See?

295 Now watch. Disease couldn’t get into that Body. It was when the resistance of that Body began to drop; when they got relaxed, then things began to creep into the Body, and then the viruses start. You heard the sayings; it started off as sayings. It was an AIDS virus coming on to make a Pope – a man over every man; to

make man a leader of man, to replace the Holy Spirit! See?

296 We see church bodies, why they can't—the Prophet said, "I'm trying to lift the Church into a higher bracket of faith." He said, "We have to be lifted in the Power of God now." See? The Body has to be healed. It must be in the place where sin can't even stand among It. We'll come back where no man will dare join himself. Amen. No virus would dare come in.

297 But then watch. All of that time, watching and waiting, what's going to happen? Because there was never an Age in the history of the human being upon the face of the earth as Age where the human body has to be fighting off diseases as it is in this Hour. There are more diseases in this Age than any other Age! They're trying to teach people about health and get them health-conscious and all of these things so much because they know, without a healthy body you can't do anything.

298 Have you ever watched a weak Christian? They come in there, a bunch of dead cells and they could hardly move, all kinds of viruses are coming in. The way they should approach those things and get ready to destroy it, you find they aren't even sure if it's a virus. They have to wait until it kind of maybe hatches out and breeds a few more, and then their body gets on a sickbed to say, "Wait, it was really a virus. Let me go and get some bush medicine." No. No, brother, you have to be fighting off those things right away.

299 If you are cells in this Body, know either you are part of the Body or a virus in the Body because for years we look for Peace. For years we look for Jehovah Shalom. That is what Jeremiah said here. They said, "Lord, we looked for peace; we looked for healing but there was no healing. It looked like more trouble."

See? They longed for a time of healing when they would hear the Voice speak; where God would say, "I will bring you back. Your enemy is dead;" when restoration would come to the Body. They longed for a time. They said, "Anyhow, we confess our sins, Lord, and we will wait. We will wait upon Thee." They knew it was for a purpose. They knew God will heal.

**300** God told them, "Didn't I tell you that I will plead your cause?" [Jeremiah 51:36 -Ed.]

**301** You can go by Dr. Ravensworth. You can go by this doctor. He will put you under the pentothal. He will put you to sleep. He will put the tube down inside your stomach. He will tell you your stomach has hardened; he can't help you. He will tell you, "Well, I can't do anything for you. Your stomach is as hard as lead. I guess you have to live that kind of way for the rest of your life."

**302** He said, "Is there none to plead your cause?"

**303** You went by this minister, he prayed for you. You went by that minister, he prayed for you. You went by this one and nothing happened. You went and got some little prayer cloth that somebody had that Bro. Branham had; you tied it on to yourself. You tried all kinds of different things. But He had a time where he was waiting for him to come to the top of that mountain.

**304** While they were waiting, they began to cry for healing both night and day, knowing there is a time in the economy of God; there is a time appointed. But then God began to reveal to you, you need more patience to wait: "I am passing you that way for a purpose. Even though the Dove doesn't come with the Olive Leaf the first time, wait anyhow. Send it back out with faith anyhow! Then, recognize when It comes back with the Olive Leaf in Its mouth. You could imagine what that Olive Leaf was. It was so small, yet

Noah opened up that ark and walked out, just seeing the Olive Leaf in the mouth of the Holy Spirit – one Word in season in the mouth of the Holy Spirit, knowing it is giving you peace and comfort. It was saying to Noah, “Your troubles are ended.” Amen.

305 See? They knew that time was going to come. Then, when He comes down and identifies His Presence in your midst; perfect healing for one and all; wilt thou be made whole? Who will have faith to enter into that little Room? Who will have faith to come in there, approaching Him with confidence, knowing that is what He’s there for? Amen. He came to make this Body whole regardless of what kind of virus is inside of there this morning. Amen. See? They’re trying.

306 We’re closing out. It’s time to close. I’m going to close off here.

307 *...the AIDS virus does – or establishing a floating command center either in the nucleus or the cytoplasm. Once activated, the viral genes order the cell to begin producing more viruses, carbon copies of the original invader.*

308 Once the original invader, the first virus gets into the body and gets into one of the cells of that body who receives it like a docking site. You know, all of those ships get clearance coming in Port-of-Spain wharves. At Piarco Airport, they get landing rights and they’re flying them in from the sky. As they land in Piarco airport, people in the waving gallery, waving them in. While they’re coming to that country, there are the Immigration and the Customs. They are like the helper T cells. If they get past that body with any contamination, woe takes the rest of the population.

309 If those two parts in the immune system—Why do you think we have all of these troubles inside the country today? It comes by material from outside that never started inside the country; alien material. But it

didn't fall from the sky. It had to get past the immune system that was put there to keep those things out of the country to ensure the health of the body. You see a man in a three-piece suit and a big briefcase and a tie, or a nice Panama hat, jumps out of the plane, and comes through there, flash a big smile and get through the Customs, and it's maybe one deadly drug dealer or something.

310 Brother, people are glad. They say, "Well, the tourists are coming in. We're having a lot of membership." It could be a lot of viruses too, except we don't have the immune system to check them by the door.

311 If they get past the deacons and them, I'm in trouble. Then it means to say, from here in the Word now, then with whatever part of the immune system, which they are a part of too, start to function, it has to fight and get rid of the viruses. Sometimes, when the report comes and they come with the little list of yellow paper after the service in the back – a cell from Diego Martin is infected. A cell from Moruga is under heavy attack. A cell here is a docking site for a virus from Penal. A cell..." Then I have to see all of these cells after service, in the office (see?) and find out what is happening because the next thing you see are symptoms showing up in the church. This brother is in this, this sister is in that; this one is in this over here. Whew! I say, "What is going on? What is happening to the Body?"

312 Oh, I cried for healing both night and day, but I have peace in my heart now because the Seventh Dove is there. What no doctor, what I, myself couldn't diagnose, brother, He has come. Amen. He Himself is the One speaking it from Heaven!

313 There were some in here with dog bites. Amen. Brother, they went there and they were seeing big

signs, 'Beware of dogs.' Sometimes, I can't even say it plainly. I have to say it in 'preaching language'. There are Doberman dogs. There are Alsatian dogs. There are some bad pothounds too. You see? Beware! Beware! Beware!

314 I remember when we saw a certain type of dog (when we were going down by Bro. Prince [Bro. Prince Herbert -Ed.]) one day, held on to another dog, and when he sank those teeth in him, he wouldn't let him go for anything. They were beating the dog, they were spraying him with water and that dog wouldn't move. I don't want a dog like that to bite me at all. Amen. See?

315 Paul said, "Beware of dogs." A lot of them go back to their vomit. A lot of them are back in their vomit already. If people had been beware of those dogs, they wouldn't have any rabies today. It's a good thing the Seventh Dove was here to heal a lot of them with rabies. Some of their minds were going berserk from dog bites - They were seeing you could marry and remarry and do all kinds of things. That is berserk! They were out of their minds talking all kinds of negative things, unscriptural things, from the rabies. They began to walk differently also. Amen. Nine out of ten were healed; those who received it. There were some who didn't take the Medicine; they're still outside there walking the same way and thinking the same way. Amen. But if you come through that little Room, it's going to make you whole.

316 So they produced carbon copies of the original invaders. And you're seeing the same type of virus with the same type of operation trying to destroy church bodies that they could get into with their slimy fluids and their poison, and any cell that could receive it.

317 They say: *“If it’s AIDS...”* In general, viruses are particular in choosing their hosts.

318 There were a lot of them who liked Bro. Sammy here. [Elder - Bro. Samuel Johnson -Ed.] He used to say, “Well, I don’t know why they’re coming around me.” They’re going for the helper T cells. You see? Well, they thought, maybe he’s close to me, so he’s a good man to start the undermining from. But brother, he has an Immune System that’s not too easy to penetrate at all. Amen.

319 So it says, “They’re very particular in choosing out their cells.”

320 They say, “Well, Bro. Gordon is a good fellow. Maybe, Bro. Mervyn and some of these brothers here.” I’ll stop calling names. Some of them already start to get scared and hope I don’t call their names. [Bro. Vin laughs -Ed.] You see? It’s just an illustration I’m making.

321 Now watch something. So, when that happens now, they look for those cells and they’re coming.

322 He said, *“If it’s AIDS, it commonly goes to the T cells.”*

323 If it wants to get you under man’s leadership and indoctrinate you with man’s ideas, they know the kind of people who like a lot of—who have a taste for that.

324 *“If it’s polio, it goes to certain subsets of nerve cells in the spinal cord. [And that’s a very important part of the body. See?] If it’s hepatitis, it goes to the liver.”* Until recently the virus’ ability to discriminate mystified researchers. How, after all, does a rabies virus, entering the muscle tissue through a dog bite in the leg, know how to find its way along the nerves to particular cells in the brain?

325 When Paul saw the Philippian Church Body, and saw those dogs moving in there who were saying, “I’m of the tribe of Dan. I was zealous after the fathers.”

326 Paul said, “Let me tell you. I’m of the tribe of Benjamin. I was taught by Gamaliel. I was stricter than all the rest of them who came talking about what those things are. Beware of those dogs! I had to count all of that dung!” He said, “I was an old virus myself and it’s the grace of God that let me come.” Amen. Hallelujah! “An agent to carry this Message to contaminated cells among the Gentiles and bring real healing to all of those cells.”

327 He said, “All the rabies that those dogs are biting you with...” In 2<sup>nd</sup> Timothy 3, he was talking about other viruses. He said, “But of this sort, these kinds of viruses,” he said, “they move into houses; get silly women laden with divers lusts.” Paul had known all the different kinds of viruses. There was the set that would seek out those silly women. They love a little humor. They love a little attention. They love a little social talk. Those viruses just get them in that kind of atmosphere and the next thing you know, they get contaminated cells and their body starts to suffer with it. See?

328 *Nature did not provide these docking sites for the convenience of viruses; they serve as receptors for hormones and other substances vital to the workings of the cell. It is the peculiar genius of viruses, that they have mutated and evolved protein shapes...*

329 They evolve a certain shape to approach certain cells and it just gets into them like a key in a lock, and lock away into the body.

330 *...[and they] use these receptors as ports of call. Once the virus has docked, it is taken in as if it were a valued visitor.*

331 Like some of these men, I don't know where they got that revelation from. They felt they were so charged because they were with Peter, and they were with James, and they were with this one, and they came down to see Paul: "All of these fellows who walked with the prophet, with Jesus, the Son of Man, and they were right there, and we got this revelation." They said, "You all have to be circumcised. You all have to do this."

332 Paul said, "Who are these fellows? Who are these bunch of viruses? Where did all of these things come from?"

333 They had to go up to a big thing up in Jerusalem; big, medical conference. Dr. Peter came out, Dr. James out; they took the Medical Journal and they began to quote. Paul sat there and he listened to all of them and he began to testify afterward of the achievements of the Body that was fitly joined and compacted together by which every joint was supplying for the effectual working of the Body.

334 Here, they were up in Jerusalem with all kinds of politics and all kinds of different things. James was locked in a closet. They feared Herod. Herod was passing laws. He wanted to kill this one and throw them in prison. The whole Church got stagnated after that they had a big outburst on the Day of Pentecost. They were all backed in a corner. When those things happened there, after they had to admit and say, "Well look, this man met the Great Physician Himself, the Pillar of Fire. What he interpreted in His Medical Journal, it's even hard for us to understand, but we know it's the Truth. So, leave that man alone and let him run his Clinic how he feels to run his Clinic." Amen. See?

335 So, brother, all of these viruses, all of these foreign things coming in, taken in as a valued visitor, the

next thing, you see it, somebody brings it up and says, “Boy, if you hear revelation. Bro. So-and-So preaching something, boy. ” And a cell opens up itself there and bypasses the Immune System that is to check out all these viruses and detect these things.

336 Let me read out these last two parts and close here for you.

337 It says, “*Our immune system...*” in an article entitled *Wars Within...* Now, this is an article called, *Wars Within*, National Geographic, June 1986 issue.

338 It says, *Besieged by a vast array of invisible enemies, the human body enlists a remarkably complex corps of internal guards to battle invaders.*

339 That is army talk. When the army is enlisting soldiers and they called it ‘corps’, c-o-r-p-s “...of internal bodyguards to battle invaders.”

340 They say, “In this Age, the human body is being besieged by a vast array of invisible enemies (all this germ warfare),” because we’re in the Age of germ warfare. It’s man’s thoughts being expressed and men are polluting the church body with their own ideas and their own little spirits, trying to have more influence than the Holy Spirit and give vent to their own politics, and their reasoning and their own vain imaginations and these things. Next thing, they killed out many church bodies. They wiped them out.

341 When they thought they were coming with real blankets, it was a lot of blankets full of smallpox and spreading disease wherever they’re going rather than ministering health and nourishment that the Body of Christ could prosper in health; rather than pointing people to the Seventh Dove, to have faith in the Seventh Dove, and the little Room where you have to enter into the Third Pull to get real healing, where you don’t come back out and the next two days you are

sick again. No. You come back out and you are made whole.

342 So it says: *Besieged by a vast array of invisible enemies...*

343 It's in the unseen realm. That's why you have to have the Super Sense to detect these things. It's looking to the Unseen.

344 *...the human body enlists a remarkably complex corps of internal bodyguards to battle the invaders.*

345 That Body, the church Body, is so set in order and brother, everybody is in their position. Everybody knows their position and if it could be that way, there's no virus could come inside of here; no little unbelief or pride or self. All of these are viruses, you know, that hinder the Body. All kinds of exalted spirits, all of these different viruses – heady and high minded, lovers of pleasure more than lovers of God; all of these were viruses that Paul was talking about: trucebreakers, false accusers, incontinent; despisers of them that do good.

346 He said: *They can cleanse the lungs of foreign particles...* That immune system can cleanse the lungs of foreign particles so we can breathe in the Fresh Air, the Holy Ghost. Amen. Not all of this air pollution; the Holy Ghost breathes on me.

347 *...rid the bloodstream of infectious microorganisms, and weed tissue of renegade cancer cells. An army...*

348 There are some people who just come out to go against the Body. We're trying to keep the Body up in the White Rock and they're trying to find fault here and do this here, and spread an influence there, and undermine this here, and be disrespectful here, and be rebellious over here, and wouldn't be subjected over here – cancer cells; renegade cancer cells.

349 *An army of special cells on continuous search and destroying missions guards the body against disease.*

350 Do you see why Joshua stood up there with that drawn sword when they crossed Jordan and the Dove came down to lead them? He said, “Whose side are you on, quickly? Are you a virus?”

351 He said, “I’m a Great Physician. I’m not a virus.”

352 Hallelujah! Glory! Amen.

353 He said, “I am now come as the Medical Director of this entire complex here. We’re going against germ warfare. It’s germ warfare. We’re going to put them in test tubes. We’re going to shut them up in the mouth of the cave. We’re going to slaughter every one of them. You will put your feet on the neck of all of those big, cancer demons and AIDS demons and all of these things.

354 There is a virus called Achan too. From the time Joshua spotted that virus in the body—Joshua warned them about the disease that was widespread out there in Jericho. He said, “You’re going in there, there’s a lot of air pollution. Watch how you’re breathing. A lot of dogs could bite you.” He said, “You better be careful because it’s a lot of germ warfare released out there. Go very alert and watchful.”

355 He warned them don’t touch the gold, the silver, any Babylonian garment and these things. All of the blankets are carrying smallpox. From the time the word went out, there was an Achan. He’s not interested in the Body. He’s not interested in the objective of the Body. He’s not interested in the goal of the Body; he had his own selfish objective. He is on ‘self’.

356 And that cell was a port for one of those viruses. From the time it got in it began to produce more viruses, and it was spreading through him and his

household and his whole seed. From the time Joshua found him, he killed him, the children and everybody. He carried them in the Valley of Achor and they got rid of that virus one time. Because the Body, to possess the inheritance in the Ephesians, it cannot have any virus in it. Because all kinds of opportunistic diseases begin to take the Body, and thirty-six other cells got killed in one day. They said, "We never got attacked with all kinds of diseases just like that. We had a holy veil around us; we had a shield. Something is wrong, somewhere.

*357 An army of special cells on continuous search-and-destroying missions guards the body against disease*

358 Do you see the Immune System in this Church? Continuous search-and-destroy missions. Joshua was on a search-and-destroy mission: searched every camp, searched every tent, searched inside the tent, and destroyed everything that was infectious to the Body. Peter searched out Ananias and Sapphira; destroyed what was infectious to the Body. Paul loosed them to the devil who was infectious to the Body; search-and-destroy missions continually, so the Body could be a healthy Body.

359 The Seventh Dove came to bring perfect healing. Perfect healing! The Seventh Dove is here and you have a lame foot? And the Body can't move here? And this eye is going dim, and the ears can't hear what the Spirit is saying to the Church? Something is wrong. They confessed their sins. They know through confession and faith they're subject to all the powers in Heaven.

360 And they say, "We will wait." Amen.

361 And God said, "There is none to plead your cause, so have patience and wait."

362 They were waiting and then the time came and God said, “I now will heal you and I will destroy all them that took you into captivity.” And here it is, after all of those years, since the past twenty years...

363 They said, “*An army of special cells on continuous search-and-destroy mission guards the body against diseases—but cancers, rheumatoid arthritis, and the deadly AIDS virus prove mighty enemies.*”

364 You try to get people to become a prisoner to the Word and Jesus Christ alone, they just love a man to beat them around; they just love a man to pull them around. The AIDS virus...they just love to be perverted by strange acts. They begin to see the Immune System as some big, bad, kill-joy. But they are to ensure the health of the Body. They are on the objective of the Body. They have no selfish objective of an individual cell.

365 *A breathtaking succession of discovery in the past twenty years...*

366 From about 1965, after the fullness of the Word came into existence, and now the shepherds, all of those doctors were to... in Ephesians 4:11, that batch of doctors there, Eagle doctors, were to find those things there in the Medical Journal.

367 *...In the past twenty years in the young medical field of immunology...*

368 It's only now, for the whole reformer Age the church was filled with all kinds of things. Even in the Prophet's time, he saw the church. He said, “I've often wanted to come into a church, I've longed to see it, I guess, where I could walk in the back door, front door.” [1961-1210 Paradox -Ed.]. He saw all kinds of make believers there, you know, in the church down there. He said, “They wouldn't even eat the bread one day. They would go out of the tabernacle.” They didn't wait

for him to finish speaking on the White Rock. They all went away, yet they were sitting there. Do you see?

369 But then after twenty years, through the discoveries, we're seeing the body now striving for perfect health, striving for perfection to rid itself from every disease, every virus. Every cell is being built into a perfect cell. Cell upon cell, Word upon Word upon Word upon Word, a growing body of the Word, sprayed up with the repellent of predestination, it will shake off every disease, possess every gate of the enemy!

370 In this Age of germ warfare, they could stand there sheltered under the Rock while the poison gas kills everything. Like the Easter flower, when the priest kicked the piece of rock over, it was sheltered by the rock amidst all of the poisoned gases.

371 *...broke into the field of immunology has enabled doctors to enhance or built-in defence arsenal; cell wars about one trillion strong, our white blood cells constitute a highly specialized army of defenders, accounting for one percent of the body's one hundred trillion cells.*

372 Notice, the body has one hundred trillion cells. One trillion which is one hundred percent, is the white cells and they constitute a highly specialized army of defenders. You don't bypass them and get in the body like that, at all!

373 *These defender white blood cells arise in the bone marrow.*

374 They are deep down on the inside.

375 *They fall into three groups: the phagocytes or cell eaters, of which the stalwart macrophage is one, and the two kinds of lymphocytes called T and B cells, all share one common objective.*

376 You have the trustee board, the deacon board, the minister; they all share one common objective.

*377 ...to identify and destroy all substances living and inert, that are not part of the body.*

**378** Share one common objective to identify and destroy. That's why the Prophet said if you know some virus in the body and you don't come and expose it, you're guilty of it. You will be held responsible. You're supposed to alert the Immune System, let them bring out the heavy ammunition of the arsenal and declare war on that virus.

**379** You say, "But it's a little thing." Well, that's how the germ starts, with a little thing.

*380 These include human cancer cells which have turned from cells to non-cells.*

**381** From friend to foe because these cells receive that cancer virus, become cancerous, and that cell becomes part of the enemy, though it's there in that body. It has turned from cell to non-cell. It was part of the body and it turned to the other side, from friend to foe.

*382 There are four critical stages of each immune response: recognition of the enemy, amplification of defenses, attack, and slow down. Each immune response is a unique local sequence of events shaped by the nature of the enemy. Many of these enemies have evolved devious methods to escape detection.*

**383** "Me, brother? I always go straight home. It's not me." Like two viruses who were here in the church. One told me, "I see your theophany." You know, they have some special gifts. And a cell who was getting contaminated with that virus came and told me one day, "The Book of Acts is going on down there."

**384** I said, "The Book of what Acts?"

**385** It was a cell that was getting contaminated with a virus. So, from the time I got alerted, I called out some macrophages and T cells and B cells. I said, "Mission

– to identify and destroy; there are invaders. Get under a continuous search-and-destroy mission. Identify and then destroy.”

386 When the atomic bomb of F-A-I-T-H was released from the pulpit, brother, those two cells just disintegrated because they became cancerous cells. They found a place in a body full of AIDS. See.

387 Many of these enemies, after I spoke to them many times in the office and said, “Thus and thus and thus.”

388 They said, “Not us. I saw your theophany. We know who you are. You are the angel and different things.”

389 I said, “Uh Hmm.”

390 One said I was one of the Living Creatures too. I might be reflecting the Living Creature. If I’m reflecting the life so well, they take me for a Living Creature, well, I mean, nothing is too wrong with that but I’m not a Living Creature. There are four Living Creatures, four Cherubims in Heaven. But watch... but, what was it? It was trying to evolve devious methods to escape detection.

391 When it was identified and ready to be destroyed, he said, “*These viruses that caused influenza and the common cold for example continue to mutate, changing the fingerprints.*”

392 So, when you pin them down here, they jump. You try to pin them down here, they jump here. They always have an alibi. Changing their fingerprints, their identity. Always pulling some kind of unsubstantial kind of evidence, fabricating some lie or making some excuse, not knowing they’re before an X-ray camera.

393 *The AIDS virus, most treacherous and crafty of all.*

394 Out of all these viruses that's attacking the body of Christ is the AIDS virus. It's the hardest one we have to deal with. Because it is so...They say it's the most treacherous and crafty. Ninety-nine and ninety-nine hundred percent of the Word.

395 *Employs a range of strategies including hiding out in healthy cells. What makes it fatal is the ability to invade and kill helper T cells.*

396 They are so powerful they render helpless one of the most powerful cells of the immune system in the body. Deacons and trustees who could hold the mystery of the faith with a pure conscience, they could get there and spray them with unbelief and have them in doubt whether this is happening. But if they are like Stephen, they will look them in the eye while their faces shine like an angel. Amen! Do you see?

397 *What makes it fatal is it's the ability to invade and kill helper T-cells thereby short-circuiting the entire immune response.*

398 I'm finished. Just play for me, *The Great Physician, now is here, The sympathizing Jesus.* [#38 Songs That Live - Ed.]

399 Fort Wayne, Indiana, the Prophet was right there, praying for the sick. Why did I preach all of this for? That it can bring it to a real spontaneous healing of body and soul this morning.

400 And while they were playing that song, and the people were coming to the prayer line with faith, and the place began to get milky all over, the faith bank was really high, and here was somebody with some polio virus (it was in a body) and it had that body crippled up, and here was the Prophet of God by divine commission, brother, part of the Immune System of the Body today; under the discernment, he found that devil there, called it out, broke the power of the enemy,

and he just let go of the boy and as he hit the platform with his feet straightened out.

401 He said, *“The little Dunkard girl was playing the piano, The Great Physician.”*

402 While they were there playing, sweetly, the Holy Spirit all over the place and the people were believing; they had heard the Word, they were anointed with the Holy Spirit. They were mixing the Word with faith. They knew it wasn't a nice little story. They knew it was preparing them to come to a real manifestation of God's Presence and see His Word materialize in their midst.

403 The girl who was playing, she was looking, because she was watching what was happening on the platform. She was right next... close up to it. When she saw the Prophet command that boy to be made whole and let him go and his feet hit the platform and he straightened out like that, in one rapturous thing, she just threw her hands up in the air.

404 He said she had long blonde hair, it was just thrown back out there and spread over her shoulders. She looked like an angel. She got up from the piano and began to sing in an unknown language under the power of the Holy Spirit. The people began to scream all over. It was such an atmosphere.

405 He said, and while they looked around, they happened to notice the piano didn't miss a key. The Angel of the Lord, who had just healed the boy on the platform, that Seventh Dove, just moved over to the piano, because the music was part of what was happening. It was creating the atmosphere. It was letting them know the sympathizing Jesus is here (amen) to speak to every drooping heart to cheer, to heal every sick one, body and soul, to make them whole. It didn't miss a key.

406 Let us all stand to our feet quietly. Let's get ready to sing and worship Him. Let's get our hearts centered upon Him. This body, your own body, the Church Body, the Bride Body around the world, that Seventh Dove has come, What for? To bring a perfect healing. All of those viruses for the past twenty years, plaguing the body, paralyzing the body, hindering the body. We cry for healing both night and day. But look in this Hour the grace of Almighty God coming down on the wings of a Snow White Dove, coming down close to us, letting us know be of good cheer, be ye comforted. Amen. Your troubles are ended. I have come. I will heal thee. There was no one to plead your cause. God Himself is pleading your cause now. Let's sing it.

407 CHORUS

408 *Sweetest note in seraph song*

409 *Sweetest Name on mortal tongue*

410 [Oh, get ready for your healing, children.]

411 Sweetest carol ever sung,

412 God wants to make you whole and take you into a New Ministry. Oh, don't you feel Him coming down close to you now?

413 The Great Physician now is here, [that Seventh Dove].

414 Just get closer to Him, believe Him, in your heart singing, expressing your faith, and reach out and touch Him this morning. Amen.

415 If your heart is drooping down, let Him speak it back to cheer. An Olive Leaf in His mouth is speaking the drooping heart to cheer.

416 Oh, hear the voice...

417 It's saying, "Jesus!" It's your time of healing. Your time of healing is here.

418 CHORUS

419 Sweetest note...

420 ... *seraph song*

421 Sweetest Name [this morning]

422 *Sweetest name on mortal tongue*

423 Sweetest carol ever sung

424 Jesus...

425 Call upon His Name. He will heal you in that Name.

426 Your many sins are all forgiven

427 Is that what He said? I will pardon your iniquities. I will cleanse you. That's what His Word is saying this morning.

428 Oh, hear the voice of Jesus

429 Go on your way in peace to heaven

430 A huge portion of heaven awaits you; the Spoken Word. A huge portion awaits you.

431 And wear a crown ...

432 And crown that ministry. He will crown that ministry, in this Hour. Oh, He gave us a crown. Sing it, meaningful. Let your faith reach out and touch Him. You make that contact with Him this morning. Let Him coo into your heart, "By My stripes you are healed." Let's all lift our hands and sing.

433 All glory to the dying Lamb

434 Our enemy was destroyed on that Tree when that Lamb died. Amen.

435 I now believe in Jesus

436 He's the Word. Hallelujah! Oh, that Name is the Seven Thunders.

437 I love the Name...

438 Your healing is in that Name this morning. Receive the Holy Spirit in that Name this morning. Hallelujah! Be thou made whole in that Name this morning.

439 I love the name of Jesus.

440 CHORUS

441 Amen! Sweetest note

442 Oh, hallelujah! Hallelujah, Lord! Oh God, pour out Your Spirit, Father. May the cripple walk, may the dumb speak, and may the deaf hear, every demon power be broken today. Hallelujah! May the devil turn them loose that are bound and afflicted, in the Name of Jesus Christ.

443 His name dispels my guilt and fear

444 [Let's sing it reverently, softly, in love to Him.]

445 No other Name but Jesus

446 [Oh, thank You, Father.]

447 How my soul delights to hear

448 Just let go and yield yourself unto Him. Make love to the Holy Spirit.

449 The charming Name...

450 CHORUS

451 Oh, sweetest note...

452 *Sweetest name on mortal tongue*

453 Sweetest carol ever sung

454 Let's bow our heads and close our eyes, singing softly, the Great Physician now is near; as we get ready now to pray.

455 *The great Physician now is near*

456 He's near to you, the sympathizing Jesus. That Seventh Dove has come to make you whole.

457 He speaks the drooping heart to cheer

458 You don't have to be down, discouraged, confused; perplexed but not in despair; cast down but not destroyed; persecuted but not forsaken.

459 Hear the voice...

460 That Olive Leaf in His mouth is letting you know your troubles are ended.

461 CHORUS

462 Sweetest note...

463 When the Prophet saw Him, he had to believe he was healed. He said, "I don't know how, when, but as a son of Abraham, I believe it. It's over. I don't consider what the doctor says." He knew it was his time of healing. He had cried day and night for it. He was willing to wait upon God, knowing there would come a time when the Seventh Dove would come. It came on the mountain top. Every disease in that body was broken. It took the Dove to heal that body. It takes the very same Dove to heal the Body of Christ today.

464 You want to be a real healthy cell in that Body, one that contributes to the full achievements of that Body so we can finish the ministry of the Son of Man. What a warfare! Two hundred million supernatural viruses loosed from the bottomless pit to come and invade that Body. What a shape that Body would be in. What disease struck Message churches? How many cells have been destroyed? But perfect healing has come. You could stare the virus in the face, taking the Word of God, and walk out. Noah took that olive leaf out of the mouth of that dove and walked out of that ark.

Then he saw with his own eyes the testimony confirmed. He knew his troubles had ended.

465 John Ryan was told he was healed. The devil fought him in his mind with his symptoms. Whether it's a devil in your body or a devil in your soul, when God speaks to you, you move. Can't you hear His Voice? He has come to send us forth in a New Ministry as we see the Council begin to tighten up, as we see death all around about us, as we see the coming of that Seventh Dove, the Holy Spirit returning in this Hour, coming among the Elected Ones; as we see the world testifying it's a time of peace. [Inaudible -Ed] when they say peace, peace then it's sudden destruction. It's not for them; it is for you. They catch it in the natural realm and bring it out perverted. But it's what God is doing in the spiritual realm.

466 Look at all of these diseases we have had to fight all of these years. But now, every enemy is being destroyed. Let your faith be lifted up. Let it settle in your heart as you stand in His Presence today, as you find yourself wanting to believe, but then you see your symptoms, and then you want to come back in the line thinking maybe something was wrong, it's just the enemy bluffing you, trying to ground you and paralyze your faith. It's not what your eyes see; it's what God has said. It's what you're anchoring your soul to. Can't you recognize these things are in the Scriptures? Can't you recognize it's the time, this is the hour, it's the season?

467 Heavenly Father, as we stand here, a body of people, cells that make up part of the Body of Christ, the mystical Body upon the face of the earth today. A body that has been attacked and invaded and plagued, oh God, by so many diseases. Everywhere, the little church body, oh God, we see it come in. In our own individual cells, we experienced it, oh God.

468 But, Father, here this morning, You showed us for the past twenty years how You have unlocked these Secrets of immunology, Lord, to strengthen the Immune System, oh God, that the Body could rid Itself of these diseases, Father. We're in a great battle, oh God, but Lord, then we see the Dove come in the Evening Time with an Olive Leaf in Its mouth to let us know our troubles are ended. We cried for healing both night and day. Oh God, when we thought we were going to get peace, there was trouble. It seems like the symptoms become more; it seems the thing got worse. Many times we thought we were losing our healing. Many times we wondered what was going wrong. We were confused in our minds; Lord, we became frustrated. But then, Lord, we confessed our sins once and for all, we humble ourselves. Oh God, we were willing to wait upon Thee, knowing that You have an appointed time and season. Will Thou reject Judah? Will Thou forsake Zion, oh God? No, You will not do it, Father. The sceptre will not depart from Judah until Shiloh comes. Hallelujah!

469 We will come to Mount Zion, City on a hill, innumerable company of angels, spirits of just men made perfect. We will come back to where the Alpha was, oh God, until Alpha is Omega again. Oh God, for You said, "I will bring you back. I will remove your captivity. I will destroy your enemy that has tried to devour you. I will heal you, I will cure you, I will make you whole." We believed for it, Lord. We have waited for it. But, Lord, now we are recognizing it, Father. Your pure, sweet Love, such grace and mercy and Love being expressed unto us.

470 Oh God, we lift our hands and we praise You, Father. How great Thou art, oh God. Hallelujah! Lord, we are acting on Your Word. We bind It to our hearts. We will not turn to the right nor to the left from It, oh God. We will walk in It, Lord. Blessed are

they that know the joyful sound, oh Lord, they will walk in the light of Thy countenance. [Psalms 89:15 -Ed.] Hallelujah! We thank You, Jesus.

471 Oh God, I pray this morning that the Holy Spirit, that Dove will fly from heart to heart, that great Pillar of Fire will surround them that are believing Thee, oh God. Father, You soothe into their hearts "By My stripes, by My wounds you are made whole." Oh God, tell them, Lord. Let them hear it echo in their souls that the enemy is destroyed. Let it be an individual, personal realization in their own hearts this morning, Father. Let them know every virus, every disease, every devil, his power is broken oh God. The Church will conquer every devil in this Hour. She will bruise Satan under Her feet. Father, She'll be a triumphant Church, marching Onward Christian Soldiers, possessing every gate of the enemy. Hallelujah!

472 We thank You, for it, Father. We bless Your wonderful Name. We receive it, oh God. We consider it settled and done, Lord. Oh God, we are walking out of it believing, rejoicing and praising You for it, Lord, knowing our troubles are ended; the Seventh Dove has identified His Presence in our midst. The Voice is saying, "Peace, peace, peace unto My lovely Bride." A new Day, a new Ministry is breaking forth. A new Day has dawned; we can feel it all over us now; anointed and commissioned to do His perfect will. Oh, we thank You, Father. We thank You, Jesus. Blessed be Your wonderful Name.

473 Touch every heart this morning. Touch every life. Bring them under the effects of Your Word. Fill them with Your Holy Spirit. Take them up, Lord, under the Divine leadership of that Seventh Dove. Lord, reveal that Ministry that they'll walk in with a Perfect Faith and see You, a perfect God bring to pass a perfect promise in their lives. Grant it, Father, in the Name of Jesus Christ we pray and we ask these things. Amen.

474 *On the wings of a snow-white Dove, God sends His pure sweet love, a sign from Above.* [#63 - Songs That Live -Ed.]

475 *On the wings of a snow-white dove*

476 *God sends down His pure sweet love*

477 God bless you. Amen.

478 While the musicians continue to play softly... I just got so carried away with the message, and preaching, and forgot clearly, about the little betrothal of our Bro. Larry Wilford and Sis. Susanna Jordan here. I would like them to come forward and stand at the altar here. Amen.

479 Proverbs 19:14 says:

*<sup>14</sup> House and riches are the inheritance of fathers: and a prudent wife is from the Lord.*

480 Amen.

481 Also Proverbs 18:22 says,

*<sup>22</sup> Whoso findeth a wife findeth a good thing, and obtaineth favour of the Lord*

482 Proverbs 31:10

*<sup>10</sup> Who can find a virtuous woman? for her price is far above rubies.*

483 I have been speaking with them; they have been waiting for quite a long time. But this morning, as I believe that God really has come down in their hearts and in their lives and destroyed every little virus, every little contamination, every little influence that might have been contrary, that they can now come out in His Presence and stand here to be betrothed.

484 We know in the Bible times a betrothal was considered as binding as the marriage. There were also formal ceremonies to celebrate it. Because, even

when—the Bible says, “Joseph was espoused to Mary.” And even when she was with child before the marriage, he thought that it was some sinful thing that had happened. He didn’t know that God had to get to her before him for redemption. He tried to put her away privately being a just man and didn’t want to make her a public example and then...
