THE LORD COMING DOWN ON THE WINGS OF A DOVE

TRINIDAD

WEDNESDAY 21ST SEPTEMBER 1988PM

Bro. VIN A. DAYAL

Oh, let us sing it one more time: I just want that Dove to lead this Eagle.

[#569 - Songs That Live -Ed.]

*I just want the Dove
To lead this Eagle,
I just want the Dove
To lead this Eagle home;
For I know...
For I know...
Oh, that is our confession.
...the Dove is here,
He has come to lead God's
Eagles;
And I know He will guide me,
And keep me in His Word.*

Let us pray. I want to encourage you tonight, to believe that tonight would be a special night to each and every one of us; that we will have such a visitation from that Seventh Dove, the great Holy Spirit; that He will flutter into every heart tonight; that He will bring such a perfect healing in our souls, such a perfect deliverance; that that sweet, tender nature of the Holy Spirit will just fill every fibre of our beings, and make us so gentle, make us so tender.

What a day it was, when the Prophet saw that Dove. So many years he looked forward to that Dove coming to him one day. There he was, just feeling led to go

another way up in the mountain, and he said, "There I saw him with his little, golden beak and his little, yellow feet there, and he was watching westward. He was watching me." He said, "Little dove, what are you doing here in the wilderness?"

What has He come down for in this Day, in this wilderness that we live in? In this evil Laodicean Age, when there is One so loving, so sweet and tender that has come down unto us, watching us. Oh, may It become so real to each and every one of us tonight.

Our gracious Father, we bow our hearts in Your Presence tonight. We pray, oh God, It will come as a special delivery, wrapped up in Love tonight, Lord, and It will drop into every heart, a full measure. It will bring such a deliverance. It will bring such a comfort, such a peace, such a blessed assurance. It will fill that very longing that we have in our hearts, that causes us to pant after the water brook; to thirst after the Living God.

We pray tonight, Lord, that You would just so speak to us, and bring us, Lord, into such an atmosphere, that that Dove would just flutter right into every heart. And, Lord, when we leave this service, we will leave so full of Your Holy Spirit. Oh God, we will say, "It was good to be here", Father.

I pray You bless each and every one that is gathered in Your Presence tonight. I pray, dear God, that the Dove will lead in the Word tonight. You said, "The Spirit of Truth will come, the Comforter, and He will lead us and He will guide us into all Truth, and He will bring back Things to remembrance. He will teach us all Things, and He will show us Things to come." How we pray He will minister unto us tonight, Lord, with that olive leaf in His mouth. Oh God, He would speak all that we have need of to walk out with such a great faith in this Hour, and see You fulfil what You have spoken concerning us. Grant it, Father.

Forgive us our sins, our trespasses, all our mistakes and our failures. Let there be nothing to hinder Your

Holy Spirit tonight, but Lord, let the Dove and the Eagles be so united in a Holy Union tonight; just like it was at the Jordan River, Father, when the Dove and the Lamb were united together. So let it be. Let the Voice speak. Grant it.

We commit ourselves and the service into Your hands, asking that You would just have Your way amongst us, and this service will be one that we would long remember, for what You will do for us tonight. We pray and we ask it in Jesus' precious Name and for Your sake, amen.

I would like to invite your attention tonight to the Book of St. Matthew Chapter 3; also Acts 2 and Revelation 10. Matthew 3, Acts 2, Revelation 10. We will take a little portion out of each.

I certainly appreciate your attendance tonight in the house of God and coming out early, creating such a fine atmosphere. I appreciate the singers who have gone before to help create this wonderful atmosphere, that the Holy Spirit could just minister unto us through His Word. We are looking for Him to lead us in the secret passages of the Scriptures, that it could bring us out into such a great place, where He could have the preeminence in our lives, every move that we make would reflect Jesus Christ, that we could truly show forth His victory and the reason of His death in this Hour.

As that first song said, "Our cross seems so heavy. We weep and cry, we thought we would never see another day dawning. But I remember His words." I remember His words: "It is only six inches long." He said, "I held to that." He said, "My wife knows how I held to that in that dark night." But when the day began to dawn, about five in the morning, the darkest time just before dawn, the morning star was shining, the Vision began to break, and the Voice said, "Go up into the Catalina Mountains." Oh my. What a place of visitation. What a place of experience. That is what we are looking

for. That is what this great Seventh Seal is, to every true believer. It is a secret place, where God brings our soul into, (not your flesh now; your soul) and confirms His Word of Promise in your heart, and brings such a deliverance in your life, that you could go forth to a real, true ministry – a quick, short Message that would shake this world. That is what it was to the Prophet. When he was in that place and he had that visitation, that revelation was confirmed in his heart, and he looked forward for a quick, short Message, that would sweep it all the way into the Resurrection.

I'm trusting that in His own way, the way He could speak to you, it will come down into your heart on the wings of a Dove tonight. September 21st; what a day it was for the Prophet. Amen. Something he had longed to see, something that in his soul he ached and prayed and cried and pleaded with God for; it appeared unto him.

May you in your heart tonight, some of you are longing for—this service is for people, I said, who have a longing in their heart. The ordinary believer, the one in the first court, will not get anything, hardly. He may want to know, "What is that man talking about? Who is he trying to make so important?" This is inside life, friends. This is inside life. Amen. May it become more real to us tonight.

Let us read Matthew Chapter 3. All down through the Bible, from Genesis to Malachi, there were great revelations of the Dove; with Noah, with Abraham, and all through the Book of Leviticus where they had different sacrifices and atonements, and different things they would use the dove for. When a man had leprosy, they had to go, "Unclean, unclean." They had a sacrifice that they would make for cleansing. Mary, even up until that time, she brought for her own purification two turtle doves, for the male that openeth the womb, and for her own purification.

But God was showing something in the Bible, in all these things, about the Dove. But now at the end of the Old Testament, what was in symbol form, was going to come in reality form. What those things reflected as a negative, was reflecting something from Heaven; just like the tabernacle in the wilderness and all these things were reflecting things from Heaven. Because always, what was coming to man through the Word that God revealed to His prophets who were bringing the Word, was something that was up in Heaven, that one day would be fully established on the earth.

You say, "Is that so?" Yes. On *The Future Home* [1964-0802 - paras. 314, 400 -Ed.] the Prophet said, "And the New Jerusalem coming out of Heaven like a dove, descending on the perfect earth that had been redeemed." Just like the Dove was coming on the Perfect Son who had come to redeem the earth without sin, a Holy City was coming... [Blank spot on tape. -Ed.] ...by the river of the Water of Life. "And it is going to come into the City as a sign for healing of the nations," he said, "which the dove was given in symbol that the wrath was passed, when Noah was going to walk into a New Heaven and a new earth, after the tribulation had wiped off that science civilization." And that dove was a messenger that came with a leaf. So all these things were speaking something.

That is what we are thinking of tonight, because the Book is open and the Dove has come, and it is no longer in part, saints. It is in perfection now. It is being made real.

Matthew 3 verse 13:

13 Then cometh Jesus from Galilee to Jordan unto John...

The prophet was in a certain place and the Word was coming to the prophet. Jesus the Lamb, was coming to be revealed by the Eagle – the Eagle-prophet.

...to be baptized of him.

¹⁴ But John forbad him, saying, I have need to be baptized of thee, and comest thou to me?

¹⁵ And Jesus answering said unto him, Suffer it to be so now: for thus it becometh us to fulfil all righteousness. Then he suffered him.

¹⁶ And Jesus, when he was baptized, went up straightway out of the water: and, lo, the heavens were opened unto him, and he saw the Spirit of God descending like a dove...

God, coming down out of Heaven, the Lord Himself descending, the Pillar of Fire, like a Dove.

...and lighting upon him:

I think it was a great scene. The Prophet said it was one of the greatest scenes in the entire Bible, right here. Here was the Eagle, the prophet; here was the Lamb, the Sacrifice, and here was the Dove coming down. They were standing there by the river Jordan. Heaven and earth were going to be united together. God and man were going to come and walk in union.

...and lighting upon him:

¹⁷ And lo a voice from heaven, saying, This is my beloved Son, in whom I am well pleased [to dwell in].

That is what it really means.

Acts Chapter 2, verse 1:

¹ And when the day of Pentecost was fully come, they were all with one accord in one place.

² And suddenly there came a sound from [where? Out of Heaven again] heaven as of a rushing mighty wind, and it filled all the house where they were sitting.

³ And there appeared unto them cloven tongues like as of fire, and it sat upon each of them.

⁴ And they were all filled with the Holy Ghost...

The same Holy Spirit, the same Holy Ghost that came down in the form of a Dove at the Jordan and indwelt that Son, was now coming – ‘kenos’, emptying out Himself, (amen,) splitting up Himself, that Pillar of Fire, same Dove, into small, little Doves like Tongues of Fire. Amen.

*...and began to speak with other tongues,
as the Spirit gave them utterance.*

And one more Scripture, Revelation 10.

¹ And I saw another mighty angel come down from heaven...

Same One again, same Holy Spirit, same Pillar of Fire, coming out of Heaven again.

*...clothed with a cloud: and a rainbow was upon his head, and his face was as it were the sun, and his feet as pillars of fire:
[the Pillar of Fire.]*

² And he had in his hand a little book open: and he set his right foot upon the sea, and his left foot on the earth,

³ And cried with a loud voice, as when a lion roareth: and when he had cried, seven thunders uttered their voices.

May the Lord add His blessing to the reading of His Word. You may have your seats.

I want to take for a little title tonight: “**THE LORD COMING DOWN ON THE WINGS OF A DOVE**”. That is where we took that last night, right here out of *I Have Heard But Now I See* [1965-1127E - para. 38 -Ed.]. He said, “Tomorrow night...” He had preached *I Have Heard But Now I See* first on November 27th. Then November 28th, 1965, He was coming... So it was the night before he announced it ahead of time, and he said: *Tomorrow night, “The Lord coming down on the wings of a Dove.”*

That is why I’m using that right there for the very title, because he was now going to come and make known to

the church what had really happened, and what it really meant out of the Bible, that thing that took place in the Catalina Mountains. While he was there, he was preaching that night about Job, how Job suffered. All through the Book of Job, there isn't any page you could open in the Book of Job, and not see suffering; no chapter, rather, in the Book of Job. Every one, from Chapter 1 to Chapter 42, is the sufferings of a righteous man. It started in the 1st Chapter and it ended in the 42nd Chapter; six sevens. But what happened? He entered into full Restoration. He entered into a full Redemption. He had seen a vision that caused him to come off his ash heap – a vision he had longed to see. And that vision, when he saw it, he cried out, "I know that my Redeemer liveth."

Have you seen that vision? Amen. If you have not seen that vision, you haven't got a hope that you are going to be in the Resurrection. That is the Hour that we are in. Every man who is going to be in the Rapture, who is going to be in the Resurrection, must get a revelation of his Redeemer Who has come down in the last days. Hallelujah! There is no way a man can go into the Rapture, go into the Resurrection, have a change of this body, if he doesn't see his Redeemer Who has come down in the last days.

John said, "I saw my Redeemer. I saw that Mighty Angel with the Book of Redemption, coming down from Heaven, standing on the earth!" The very vision that Job saw. Amen. What was it? The Redeemer coming. What did He come for with the Book? He came to gather the names of His Redeemed subjects. Is that what the Bible said? Is that what the Prophet told us? Amen. What are we doing here? We are gathered by the very Message. We are not worshipping another one. We are worshipping that very same One. Our gathering is unto Him. That gathering was spoken since in the beginning of the Book, amen, when Jacob was blessing his sons, and he said, "Judah; the sceptre shall not depart from

Judah until Shiloh, the great Lion of Judah, comes." Hallelujah! And that One cried as when a lion roareth. Who was it? It was Shiloh Himself coming. Those Seven Thunders that uttered their voices were to do what? Gather the Bride together! Hallelujah! He was going to gather His people together.

Oh, I'm so thankful tonight. They are coming from the east and they are coming from the west. Where the Carcase is, there will the Eagles be gathered together. [St. Matthew 24:28 -Ed.] Hallelujah! It is Eagle time, Eagle Message. Hallelujah. We never knew that we were Eagles in God's mind. We never knew we were living in the Eagle Age. We never knew that anything we would have to achieve in this Day, would have to be by the Anointing that is released for this Age, which is the Eagle Anointing. In every Age, they overcame by the Power that was released unto them. There were four cherubim; (is that correct?) a Lion, an Ox, a Man and an Eagle. Hallelujah! And the first three were earthbound, (hallelujah!) but the fourth beast was a flying Eagle! Amen. Rapturing time!

Those people wondered how those people could walk—young girls and boys, young men and women, (amen,) old sages, could walk into the arena, in the face of that Roman persecution, every evil thing the Devil could have imagined to destroy them and they could take it by the grace of God, (amen,) and not recant, not back track on their testimony. Hallelujah! It seemed like a mystery, but when the Book was opened, the Prophet said, "That was the Anointing released for that Age." Hallelujah! The Anointing was being released and it was anointing those people.

Those Ministers were catching the Mystery of God, were preaching in that Age those Divine Truths, and were anointing that church, (amen,) that they didn't fear those who could destroy the body. Hallelujah! They didn't fear those who could destroy the body, because they knew, "Though you were dead, yet shall you live!"

Amen. Those men were anointed with an Ox anointing and preached a faith that could take all that the Devil had to offer when he was moving with that Red Horse, when he was moving with that great sword that took peace from the earth and was shedding the blood, and that Harlot was becoming drunk with the blood of the martyrs and the saints of Jesus Christ. Amen! When Jezebel, brother, was trying to kill out the prophets of God, (amen,) idolatry was taking over for almost a thousand years. Amen. My! What was happening? They were being anointed.

We never knew in this Age that we are Eagles. What we knew was that we were different to the people in the world. But we couldn't understand why. Amen. We knew there was something different. We couldn't stomach the things of denomination, all those barnyard diets. Amen. Brother, though the rooster, you know, could jump up on the barnyard post and crow the whole day, it never satisfied us on the inside. Amen. All that theology of the rooster, what he learned in rooster school, (amen,) brother, that never satisfied us. But one day, a screeching Eagle came looking for us; (hallelujah!) came looking for us! Amen.

He said, "Junior, you are not a chicken! You are an Eagle! It is Eagle time. Come out of there!"

Oh brother, something struck like thunder in our souls; woke us up! Amen. We saw something for the first time that what we wanted to be like and couldn't fully express, we saw it manifested. We said, "That is what I wanted to be like." Amen. The potential down inside of you was crying out to be like that. Amen.

Then as we began to sit under the Word and the Holy Spirit, through His Prophet-Eagle, began to uncover to us; he said, "Now this is the Eagle Age, and this Bride will be a prophetic Bride with prophetic insight. This is the Hour for the Mysteries. This is not a Reformer Age, (amen,) so don't bother with those denominations. It is a new time. Amen. It is a different kind of Message. It is

Rapturing time." Then we saw all those Scriptures in the Bible: "Where the carcase is, there will the Eagles be gathered together." The eagle is the only bird that can look at the sun fixed in its face. Amen. Hallelujah. Telescopic and microscopic vision. Amen.

Brother, then we began to find out that that was God's thoughts always about us. When God was creating the eagle and designing it before He spoke it into existence, brother, He made sure He put all the characteristics (amen,) of the people who were going to be in the last Age, so they will be able to understand the very mystery in nature. Hallelujah! They will be able to look at the very life of the eagle and know why they are different. Amen.

So it took a Prophet to come and take the Word. He wasn't giving us his own thoughts, or he wasn't trying to boost up our ego; he was revealing by the Word that God did have an Age called the Eagle Age. God did have an Anointing. Because up in Heaven, there is one of those cherubim that is around the Throne, one of those guards, that has a face like an Eagle. Amen. Brother, that was the one that was put in this Age; said, "Come and see these things," to reveal, to uncover, what two other Eagles wrote – what Moses, that prophet-Eagle, and Paul, that prophet-Eagle; those two Eagles wrote the Bible. There was an Eagle there that was going to speak, amen, and reveal what those Things were, and it was going to sweep through the earth and catch a people and anoint them with that Anointing, (amen,) that could give them a vision to look beyond this cosmos, look straight over into New Jerusalem and see a City coming down from Heaven, amen, see this world falling apart. Amen.

Like Moses, he saw Egypt was to be destroyed, he saw Israel was going to come into power, (amen,) he saw the Pillar of Fire had come down, (amen,) to do away with Egypt, and God was going to pull His people out and destroy the nation. Amen. Brother, Moses saw it and

refused to stay in Egypt. He refused the position and the pleasures and all those things, because that Eagle Anointing struck his heart when the great Jehovah-Eagle came down to Moses, who also was an Eagle. Hallelujah! "And He bore them on the wings of an eagle." Is that what the Bible said?

Oh, brother, if He did it in the first Exodus, He will do it in the Third Exodus. One day, there is a great White Eagle that will come down and He will bear you away! Hallelujah! On the Old Testament, on the New Testament, He will reveal the threefold secrets in the back part of His mind; that Plan that was sealed with Seven Seals. He will bear you away with it! It will give you a Rapturing Faith to take you out of here!

Brother, that Omnipotent is here. Hallelujah! I know what I am saying! Amen! Hallelujah. He will bear you away. Oh my! Don't let His Presence be unrecognized. This is recognizing Presence time, (hallelujah! Glory be to God, amen!) giving you another wave of the same kind of Word, to let you know it is Him. Glory be to God! Amen. My!

The Prophet told us, he said—I am putting that inside because I want you to see that. Now we know we are Eagles. That is what the Prophet always knew.

You see, when he saw 'Eagle' written in the rock, to a next man, that is just 'Eagle' written in the rock, but eagle... There was Eagle in the Bible from the beginning all the way to the end; there was Eagle in the Bible. Sure. Check it and see. And he was an Eagle. He was the one in the Eagle Age. He brought the Eagle Message. Hallelujah! And he preached about Eagle. He knew what true Eagles were going to do. He knew the... When he preached a message, he called us, "God's Eagles." Is that right? He said, "You are no chicken," because he knew he was a great flying Eagle, who came to take away the amnesia from these other Eagles who were in the barnyard.

No wonder, he said after he saw that Dove, he said, "The next day, I saw that eagle flying." Tonight is the Dove's night. The Eagle is going to fly tomorrow. Hallelujah! He said, "I saw that eagle flying. I saw it written in the rock and I saw it flying." He said, "Lord, there's a Message coming forth!" There is a Message coming forth! I'm not excited. I have been preaching this for twelve years! Hallelujah! And the Holy Ghost is making this real in this Hour! God is showing me He has never led me wrong! He led me in the Word all these years! Hallelujah! I know what I'm talking about. It is right here in the Message. Hallelujah! Amen. This is the Eagle Day! Oh my. Hallelujah!

And the Prophet... Tell me, what kind of world is that? You are up in the mountain, you are lathering with sweat, the sun is hot, you are getting sunburned, but you are in an atmosphere. An eagle flying in the sky, a writing in the rock marked 'Eagle', a day before you saw a dove, brother, and you are so charged like a dynamo, just by seeing...

Let me tell you... My! He never used to get revelation out of here alone. He saw God everywhere. Oh my! Hallelujah! He would see God everywhere. Did he preach *Let Us See God?* [[1959-1129-Ed.](#)] There were all those theologians down in the dark basements trying to, you know, argue Scriptures. He said, "What are you talking about? This is a different Age. Let us see God. Look God in nature. Look Son of Man, Son of God, Son of David. Look the Morning Star. Look the Evening Message, the setting of the sun." Amen! Brother, when he took the Rainbow, the Seven Spirits; look the Eagle, look the Dove, look the Lamb. Hallelujah! Wherever he looked, he was seeing God. He said, "Do you think that is where He is, in nature alone?" (Amen!) "Let me show you My son." Hallelujah! "Little fishy, Jesus Christ gives you back your life. Storm, go back where you came from." Let us see God in His son. Amen "Sis. Hattie, I give you your two boys." God in His son. Amen.

Brother, he was seeing... He used to see God everywhere. One day he saw an eagle with some chipmunks and the chipmunks were chattering; chatter, chatter, chatter, chatter, chatter, chatter. He had heard that kind of chatter before. All those Pentecostal ministers, they used to come against him. They used to say, "Pray for the sick. Don't teach. The days of miracles are over. You are trying to bring an Apostolic Age, you are trying to do this, you are trying to change the order of the day. God had sent you to pray for the sick, not to preach. That is where you are missing the mark. That is why you are sick and can't get healed. Do what God told you to do." They would chatter, chatter, chatter. They believed the days of miracles were over and these things. They came out of their seminary half dead. Amen.

Brother, and then look at what happened. Here he was, he saw an eagle, and he said, "Lord, what are You trying to show me in that eagle? What is it that you are trying to show me in the eagle, Lord?" He said, "I just saw you..." And he quoted the Scripture, he said, "I just saw You in the Rainbow, Seven Spirits around the Throne, the Lord Who is, the Lord Who was, the Lord Who is to come." He said, "I just saw You down in the deep calling to the deep: Psalms 42, at the noise of thy waterspouts, when this elk was giving the call to her mate down in the valley." He was in the Bible. Now he was seeing those things, but he was in the Bible. Then he said, "Lord, You are trying to show me something about this eagle. Lord, what is it with this eagle?" God was showing him his own self. God was going to confirm something.

So he took up the gun, and he said, "I could shoot you, you know"; trying to intimidate the eagle. But an eagle knows an Eagle, amen, hallelujah, looking eyeball to eyeball in that big eagle there. After a while, he said, the eagle wasn't taking him on with the gun. He said, "The eagle flew away." He said, "Maybe it got scared."

He said, "No, he got fed up of that chattering there." No wonder when he heard all the chattering, he said, "Lord, let me fly away in the wilderness. I wish I could fly away in the wilderness." Amen! He said, "I noticed something. That eagle didn't have to flap, flap, flap. It knew how to set its wings." He said, "I took my binoculars and went by the nest, and watched them, and studied them, and examined them."

What had the man caught up in the inspiration to watch an eagle like that? Then you will understand how a word just marked 'Eagle' on a rock, could trigger off inspiration to prophesy and walk out; look for a new ministry. Amen! It just takes one thing to spark it off. But it is a world you are living in. Jesus lived in a world of Perfect Faith. Hallelujah! He lived in an atmosphere where the environment was alive.

When Job said, "I know my Redeemer liveth," what happened? He broke into the realm where he saw that flower differently, the same flower that was there for years, the same tree that was there for years, (amen,) the same sun he saw rising since he was born into this world. But that day, something struck him. He saw how that sun melted that snow, and that water went down there and watered that germ of life in that flower, who served God's purpose and brought it back up in a resurrection. He said, "I know my Redeemer liveth. There is a real Son. Amen! Hallelujah! Though I go in the earth—because I know I'm trying to serve God's purpose, I'm staying with every Word here," he said. He said, "I offered my burnt sacrifice, I obeyed every Word God said. I laid every mechanic in place. Amen. I followed it close." He said, "So I know my Redeemer liveth. I will rise again. No grave could hold this body down." Did he come up when the Son rose? When the Son, Jesus, rose on Easter morning, did Job come up? [Congregation says, "Amen." -Ed.] Hallelujah! Amen! The man was in an atmosphere.

That is why I said this Message is not about walking with a book and getting religious and coming to church. No. It is a million miles from that. Amen. It is a people walking until they come in the Spirit. Amen. Oh my. Then the Spirit of the Composer comes down among them. Then God overshadows their every move; their thinking, their walking, their acting, their speaking. Amen. Everything is reflecting out from the Throne. Hallelujah! Because they are sent unto the earth to be a real representative, a real reflection of Deity, of Eternal Life. Outside of that is religion. Amen. Hallelujah.

So here he was, this great Eagle-Prophet. He was so excited when he was seeing those things; three things, three great mysterious things, that happened right there that week, (amen,) September 20th, September 21st, and 22nd. Amen. And then the 23rd, he went to photograph it, to bring it back, so that natural man could take the natural picture and find the natural place where the Sword came, where the Dove came, where the enemy was killed. Amen. But you see, he was also bringing other pictures too, other photographs but it takes spiritual eyes to read these photos. These are photographs.

Now maybe some of you don't understand what I am saying. He went up there with his camera and he took about eighteen shots that day. He took eighteen shots of where the Sword came, the eagle rock, everything, and he brought it back. And after he died, one day Bro. Billy Paul was saying, "Oh God, if I could only find that place my daddy had gone to. Since I was a small boy, daddy packed me on his back, daddy nursed me with the bottle, I travelled around the world with daddy, took him off the platform, brought him on and these things. Now daddy is gone. If I could only see those places."

When he preached *On The Wings Of A Snow-White Dove* [1965-1128E-Ed.] in Shreveport, oh my, the Bride was now looking for some great thing to happen, because he was telling them about, "My next message." He was

telling them about this ministry that was coming. He was telling them about the Chief Authority – I will ride this trail once more. Oh, they were all geared up for it. He said, "Now I have been healed, I am looking forward for it now." Amen. The Dove will lead the Eagle from here on out. And he was so excited looking for it and then, he passed away.

In Bro. Pearry Green's book, *Acts Of The Prophet*, he said, "Bro. Branham was unconscious." He was unconscious there in the hospital. I think it was Christmas day, the 25th, because he had the accident on the 24th. No, he had the accident before. He died on the 24th, but he was there during that time from the accident, to when he passed away and he was unconscious. He had a brain concussion, so the pupils in his eyes were pushing out. [Swelling. -Ed.] So the doctors wanted to perform an operation to release the pressure off the brain, when they saw the effects of it on his body.

While they were there, Bro. Pearry Green went in the hospital room and he was standing there. He was trying to talk to the Prophet and he was unconscious. He felt so discouraged and he walked by the window. It was just going through his mind what had happened in Shreveport, oh my, that last message when the Holy Spirit came down in such a way, *On The Wings Of A Snow-White Dove*, when they heard that testimony. He even told some of his own experiences. In November, he had gone to Barquisimeto [A city in Venezuela. -Ed.] to baptize Bro. Galdona [Bro. Oscar Galdona -Ed.] and they and to preach down in the church and introduce the Message. Bro. Branham had told him about the Dove and all those things in October, and he was excited. He went and testified about the Dove and everything without even knowing. He said, "We hardly knew what it was, but we were happy. We were telling them and they got happy down there too."

He said, but that day now, while he was there and Bro. Branham was unconscious, he went by the window and he stood up there and he just bowed his head and he was thinking back about the experiences and the great hope they had, and like they just got deflated. And he began to sing softly, *On the wings of a snow-white Dove.* [#63 - Songs That Live -Ed.] And as he turned around, Bro. Branham rose up and tried to speak, but they had—I can't call the word, but they cut 'here' [trachea -Ed.] to feed you, you know, because he couldn't swallow. [Acts Of The Prophet - pg. 114. -Ed.] And when he heard him singing *On The Wings Of A Snow-White Dove*, he shouted something at him with all the strength he had left in his body, and instead of it coming through his mouth, it just... [Bro. Vin makes a muffled sound. -Ed.] He never heard what it was. He went back and never regained consciousness.

Now watch something. So while they were there, (a few of the brothers came afterwards, because the doctors wanted permission to perform the operation) they all got down there and they began to hold hands, and they began to get ready to pray. It was early in the morning and it was very dark and overcast – couldn't see the sun at all, and they began to pray. Before they started to pray, they sang the little song: *On The Wings Of A Snow-White Dove.* And while they were singing, "On the wings of a snow-white Dove, God sends His pure, sweet Love. A sign from Above" they said right there the sun burst through, shined right through the hospital window and overshadowed them like that – the sunlight. And Bro. Billy Paul had taken it as a sign to let the doctors operate, because they wanted a confirmation from God. You see? And he took it as a sign there.

Well, why I'm saying that, is because I'm trying to show you that when those things had happened and he took the photographs and he was in this grief now, he said, "If I could only go up there and find those places." Because all that were in their minds, were

predominantly what had happened just in the last meeting there. So he wanted to go back and find those places, and he told Bro. Pearry Green that he had these pictures, but he didn't know where the place was. He looked at those pictures. Bro. Pearry Green told some of his own experiences.

He said Bro. Branham used to sit over and over and over and explain it – about the Sword. He spent hours with him. And he said, "Bro. Branham, there are many people in the city. Why do you spend this time with me? Many want an interview with you."

He said, "It is meant to be, Bro. Green."

Here he was now. So that day, he took the photographs and he told Bro. Billy Paul, he said, "I believe I could find those places, even if I have to charter an airplane and fly from above and fly over all the Canyon and wherever," because it was different rock formations. One was like an eagle. We saw it. Many of the brothers saw it. Some of you saw it in slides. And while they went there looking, they began to see one or two. He said, "I saw one right away, but from the picture, he wasn't standing where I was standing looking at it." He said, "The angle was wrong and I wasn't exactly in position."

So you see, you could see a lot of things, but not in the same angle that he was standing up looking at it from. When he was taking out these pictures, he was standing up looking at those Things in the Book at certain angles. Do you understand what I'm saying? Alright. So all those formations in the Book of Revelation... You see?

So then, here he was and he saw those things there. Then he began to move around, and he said, "Oh, it had to be from here." He said, "Now one of the things to tell you, he certainly wasn't a camera enthusiast." Because no man will go riding to take a picture like that of a rock. But you see, God had it like that so the whole thing wasn't really revealed. You had to search diligently

before you could really find it. You are not going to walk right in and see it.

So after a while, they began to find places there, and they began to find all the places, and they began to see... One of the places, where the Sword came in his hand, he said, "It was about 9 o'clock in the morning. I was in the canyon, and the sunlight was glistening off the Sword." There is only one place in that canyon that that sunlight at 9 o'clock comes through a hole, a crevice between some rocks, and strikes a certain place, on the day in January when he was there.

So when they got back that day—because the whole canyon, you don't really see the sunlight coming in. But in January, on that day, the sunlight came to that exact spot, proving that he was telling the truth; proving it was really there, and it proved to them also they had found the place. So then they knew, "We are standing up exactly in the spot where he stood when it happened." That is a good thing to happen, you know.

So afterwards, he told his experience how they came and saw the rock marked 'Eagle'. Oh my. And they were able to piece every one of those places exactly. They took the picture, and everybody watched the rock and they compared the two from the picture that Bro. Branham photographed, and it was exactly the very same thing. There was no doubt in anybody's mind. We were there and we saw the place physically. Now I'm saying that for this: By the photographs, they were able to go and find the place, and stand up where he stood, and see what he saw, the way he saw it. Hallelujah!

That is why these things take on a different meaning, because for years we have seen it, but we have not seen it at the right angle, not in the position, not the distance from where he was looking at it from. But, brother, when they began to move into the right distance, when they began to come at the right angle, amen...

Let me tell you, the Word is designed that something goes 'click', and it starts to behave the same

way like it behaved with him back there. And these Things here that we are finding in the Word, are because of following these photographs. And these are a little trickier to follow. We are going to find the places here now, which were Things he was seeing in the Word, and speaking those Things, knowing that one day, there will be a people... Because he said, "When I'm preaching, it is like I am shooting; I zero in on the bullseye." He said, "I zero in there, and I get everything lined up, and it lines up from Genesis to Revelation. And when it lines up and I get right in the channel where I stand in Genesis and I'm seeing it in Revelation, and I stand in Revelation and I look right back to Genesis," he said, "then I just squeeze the trigger gently." Hallelujah! When the bullet is travelling through the original channel... Amen. Otherwise, brother, you could hook off there and get down into Scofield and come out with the White Horse is the Holy Ghost, and hook off and go somewhere else, if you don't line up that way. But when you line up that way, brother, it also brings a faith in your heart, that when you are saying the things, you say it a certain way. Amen.

Why? From the time you line up there, it becomes Spirit and Life because you line up there by Him shaping you. It takes a nature and a shape to line up. And may God help all of us get that nature and that shape, that we could line up and we could see it. Because when he saw that vision and he knew he was healed, he could walk forth without one shadow of a doubt! And the thing is, many of us are thinking that we saw we were healed. Many of us are thinking that we saw Calvary, by quoting the Scripture: "By My stripes, you are healed." But we haven't seen it. We are quoting the Scripture; because if you had really seen it, you could never stagger anymore! Not quote the Scripture; see it! Understand it! Amen! Then you don't bother anymore; because if God, who created this body and could make it go in the grave, and die, rotten, and stink,

and call it and bring it back right there, what is a little sickness or a little weakness or something? Amen! Hallelujah! My!

So here was this great Eagle-Prophet. He had seen those things. He had seen that great vision. That place, the Catalina Mountains, was a special place to him and he held it in his heart.

Now I was reading something a while ago. It was right there in *National Geographic*, in November 1965, at the same time (it is in the same book) they had published an article on Sabino Canyon. You know *National Geographic*, they cover places all around the world. And November 1965, which was the very time that the Prophet spoke those experiences; what it was. He spoke about the Catalina Mountains right in the message here right now, so I'm going right in. And here it was, he was speaking those things, and in *National Geographic* they had an article on it. And in that same book, *Acts Of The Prophet*, Bro. Green quoted from *National Geographic* and put it in the book, telling you what *National Geographic* was saying about Sabino Canyon, Catalina Mountains.

Listen to what they were saying. He said [Acts of the Prophet - pages 90-91 -Ed.]: *Look at the city of Tucson. It lies spread out at twenty-seven [twenty-four -Ed.] hundred feet above sea level...*

Yet it is in a valley surrounded by mountains whose name spells out C-H-R-I-S-T. You see, many people think that Tucson, that city is a crater, that some great meteorite, maybe some billions of years ago, struck the earth. That is what they think. Because it is like a big hole really, if you go high up, and there are six mountain ranges around it like that. The first letter of each mountain spells Christ, as taken from the first letters of the names.

...and from what we know, it was a place anointed of God.

Because Christ is the Anointing, right?

*According to National Geographic, November, 1965,
neither the Papago nor the Apache Indians...*

Those were two Indian tribes; Papago and Apache. I am bringing this for a purpose to show you something.

...had ever occupied the Tucson valley.

In all their research, they said they never occupied the Tucson valley.

The Papagos, were the largest friendly tribe, and the Apaches were the most warlike.

And when you see an Apache picture you know that.

They dwelt just one mountain range apart in this area, and they both came to the Tucson valley to worship. The Indians said that God dwelled in the Catalina Mountains.

They didn't know it spelt C-H-R-I-S-T. "But there was something about that place," he said, "where those great things happened; where the Angels came, where He put the King's Sword in my hand."

Let me tell you, if Mount Sinai and Mount Carmel and Mount Moriah, by the Jews, are sacred places because of what happened there; and here is the greatest Prophet of all prophets who walked in this generation; and the God who dealt with them, dealt with this one there; doesn't that place have some significance too? Sure! Because he was a Prophet just like them and it is the same God, and it is part of the same earth. But in the revealing of it in the west, in the Evening Time, when the Evening Message came, God chose the very place. No wonder the Prophet called Tucson, Jerusalem. Like I said last night, "The enemy was killed on a Tree on a mountain, outside of Tucson, outside of Jerusalem." Hallelujah! Glory! Amen! Now watch.

The Indians said that God dwelled in the Catalina Mountains. He said, They had some revelation of God, for they believed in the Happy Hunting Ground and the Great Spirit - the one God of the Universe. The 'Great Chief' they used to call Him.

You know, ‘Chief’ in the Bible; Peter called Him the Chief Shepherd; Paul called Him the Archangel, which means the Chief Angel. They used to call Him the Chief, the Great Chief, the Great White Eagle. Hallelujah! Gory!

Now watch where I’m coming from now. That is tomorrow night, the writing on the rock. You see, Eagle, White Eagle. He said, “That Chief with that double trail bonnet, Chief Authority from the west!” Hallelujah! They believed that that Great Chief used to live in those mountain ranges, where His Name is written roundabout; C-H-R-I-S-T. Hallelujah!

Now watch. The same month that they put out those things... The Prophet had his experience before, a couple of months before, and *National Geographic* put out their article. And here he was in November while the article was out and man was reading about it, the Prophet was standing here speaking about how God told him, “Go to the Catalina Mountains” and that God... And he said, “Do you remember that Great Indian Chief, riding through all the vision and those things?” What was it?

Listen, as we dig in on this to bring that Dove—because that Dove came down after the enemy was killed and before the mystery in the rock was revealed. That Dove dropped down in a conjunction and the Dove always comes down in a conjunction. Amen. My! It came down after the old civilization in the time of Noah and before the new civilization. In the middle of the Bible, it dropped down between the Old Testament and the New Testament. It dropped down between the Son of Man, (amen,) and brother, before the Church went forth and wrote a Book of Acts, that Dove dropped back down there again. In this Day, between the Church Ages and the Bride Age, that Dove came back down again. Now watch. That Dove always drops down there at a certain time. Amen.

Now look. Now Mount Calvary; we talk about Mount Calvary, and that is a place in the Word that every believer must come to. Do you believe that? Do you believe there is a Christian who has never been to Calvary? Does it have that? It can't have that. Every Christian has to come to Mount Calvary. You could never be a Christian if you have never been to Calvary. Because when He died, you died; when He rose, you rose. Hallelujah! For you to get the Holy Spirit, you have to be identified with the Lamb (amen,) slain on the outside of the City, hanging there. You must be identified where your enemy was killed on the Tree. Hallelujah! I hope you are identified. I hope you stand there and see your enemy killed. Because this is the Dove night. Amen! The Dove is coming back to the one whose enemy was killed on the Tree. Hallelujah!

Mount Carmel is also a place in the Word. In this Day, when Elijah repaired the Altar at the Evening Sacrifice, when he turned the hearts of the children back to the fathers; 1st Kings 18, (is that right?) every true Message believer in this Hour had to be at Mount Carmel. They were there at Mount Carmel. Hallelujah!

Mount Sinai, in the Exodus, when Moses... God gave a runaway prophet a mountain for a sign, and said, "Bring them back on this mountain"; the Exodus people, when the prophet went into the Pillar of Fire and came back out with the Word veiled, to lay behind badger skins. Is that right? Mount Moriah, amen, final testing before the promise when Jehovah Jireh came.

Every Christian in this Hour has to be there! "Now I know Abraham!" Because it was a type of Abraham and his seed after him. And all those were shadows and types that God was making in the lives of His prophets: Abraham at Mount Moriah; Elijah at Mount Carmel; Jesus on Mount Calvary; Moses on Mount Sinai. All those Ministries were a type of this Ministry in the last days. All held a mystery for the Bride. And here in this Day, we see the same unchanging God on another

mountain top, amen, in the Catalina Mountains, in Sabino Canyon, in the life of another Prophet, making a type that has a mystery for the Bride too. Because Abraham was a type of me on Mount Moriah. Amen. Yes sir. Moses was a type of us on Mount Sinai. Sure!

You heard me talk the other night about the mask over the face, coming with all the Glory of God. Amen. He said, "Those two men have to go in there and get the blessing and come back out with it." This time the Word is being put behind human skins; not badger's skins. Amen. Now look. All were types of the Bride, so it is not strange that God should use a Prophet and use another mountain. It is just the continuation of the same God, same kind of people in the same kind of Hour. Amen.

Then the Holy Spirit came down in this season, and is giving us this revelation here about the mystery of the Seventh Dove, which the Prophet spoke of in his message *On The Wings Of A Dove*. That is where we have been taking this inspiration from. Amen. And to many people, as we took last night, and you saw for yourself, that many people used to think it was a little healing message, he was just talking about his own healing. But we began to see last night, it was something way beyond that. That was seeing it in the humanistic realm, before we came into the realm of revelation. Amen.

Now we see what it was. It was the Prophet, when he saw that Dove there, and he was being assured of his healing, his sickness that troubled him all his life, was a type. Because I read the quote for you, on page 27, *On The Wings Of A Dove*, he said: "You will have to know my ministry, to know these symbols and these things."

I told you, I said, "Look, he was fishing there in the lake," and that was a type of his ministry in evangelism. He was lacing the baby's shoe, and that was teaching the Pentecostals Supernatural things. He was two thirds of the Jordan, coming on the map of Palestine, and that was when he was coming down to the Jordan for his Joshua Commission. Because Joshua never got

the commission in the wilderness or in Egypt, but at the Jordan; after Moses was dead, after the law was finished. Is that correct? Sure, it is. If you follow the Message, you know that is the truth. Amen.

So here we see that God gave him many symbols. Amen. That is why the Chief Authority, Indian Chief; that was a symbol. Texas Ranger; that was a symbol. Amen! So this same mountain is a symbol, because this is a mountain too. Amen. God could deal with you on San Fernando Hill, sure. He could deal with you up in the Northern Range on El Cerro del Aripo [Highest point in the Republic of Trinidad and Tobago -Ed.] or one of those places.

But this is the place He really wants to deal with you; on this mountain top here. Amen. Because only the Elect in this Age will climb this mountain. Only the Elect in this Age will stand on the top of this mountain. And God told us, "Go up in that mountain." Hallelujah! Go up in that mountain. Are you going in the Rapture? Go up in that mountain! Because that is the man that is going in the Rapture. Do you want the Third Pull? Go up in that mountain, where the Cloud comes and says, "You have power to speak into existence." Amen.

The cactus was a symbol: it was the tree where our enemy was killed. Amen. The weasel was a symbol: the sickness, the enemy that troubled us all of our lives. The Dove was a symbol: the Holy Spirit, (hallelujah!) Who was going to come to confirm it, that his six inches were finished; six thousand years. The Seventh Seal, the Lord Himself descended from Heaven. I have come to take My people back to a full deliverance, full redemption. And the writing in the rock was a Mystery to be revealed; My next message – The Final Ride. Amen. The whole thing was symbols. "And to know my ministry," he said, "and these symbols, you will understand." Amen.

So all those were symbols that he laid right there, but you see, it takes the same Spirit. Now watch.

In those three days, 20th, 21st, and 22nd, there were three things that happened. We took the first one last night: the weasel was killed in the cactus and the Voice said from Heaven... Now when you see something happened on earth and the Voice spoke from Heaven to identify what was happening on earth, what that meant was that he didn't have to go and kind of dream what it meant or probe what it meant. The Voice spoke from Heaven, "Your enemy is dead." God didn't do it down the valley; God didn't do it down in the city; God didn't do it in the backyard home; God did it on the mountain top.

Do you mean, God would make a Prophet leave his home, go way up into the mountains, climb that height, just to see that; after he already saw it in vision? Every move those prophets made was a sign (hallelujah!) reflecting something. Hallelujah! God does nothing without a purpose. Amen.

Then the Seventh Dove descended, not the same time. There was a little space between Calvary and Pentecost. Is that correct? Then when Peter came—after the Dove came, Peter went where? To the Rock, in Joel, and revealed some writings in that Rock. Is that correct? Yes, sir. It was a ministry going forth! This is that, what the Dove has come for! This is that, what the enemy was killed on the tree for! Where are we going? Back to Eden! This is the down payment of our redemption! Amen.

Are you seeing what I'm saying? Do you believe it? [Congregation says, "Amen!" -Ed.] Amen. That is the Bible. I didn't put it in the Bible. I'm not carrying it out of the Bible. I'm bringing it in the Bible. So you have no fear if it is coming in the Bible. Amen.

Six inches long. He said, "That was man's suffering." Man's suffering. Oh God! From Adam, when the animals began to fight; when Cain killed Abel and human blood dripped on the earth; (amen!) when Adam's heart ached to see Eve walk out there with that Serpent! Hallelujah! Man's suffering! But remember, there is a Seventh Seal.

Remember it is six inches long. Remember! I'm going to put a stop to it one day. I will come down and put My foot on the head of those beasts. Hallelujah! Glory!

Oh, let me tell you: Moses, Abraham, Jeremiah, Isaiah, Paul, all of them, longed to see this Day! Hallelujah! In the heart of the sons of God who suffered rejection, humiliation, persecution, martyrdom; they were longing for a day when Revelation 10 would come down, to take us back to Eden; a New Civilization, a New Body; a theophany, (hallelujah!) no more sickness, no more pain. Oh, thank You, Jesus! Amen.

Oh, the Holy Spirit came for something. The Holy Ghost, the Lord Himself hath descended from Heaven. To do what? Gather His Redeemed subjects. That was why he blasted a hole in denomination with that Shout: "Can these dry bones live?"

"Thou knowest, oh God!"

"Prophesy, son of man! Pull them out of organization! I'm going to send the breath inside of them and take them back to Eden. They will be a mighty marching army."

Hallelujah! Oh my! How we long to see that Seal break, that Day dawn. When he was there at daybreak, in a pesthouse, full of sickness... One time, he came out and he didn't want to go back in. He used to be so sick and so nervous. He was looking back at the body. He had it every seven years. He knew, "It is looking good, but if I go back, in a few more days, I will get right back into the sickness. I don't want to go back there, because it aches so much to be in that body." Amen.

He was sick there on the bed, September 28th, 1965. He was there on the bed, sick, corruption. It was about 5 in the morning. The day was breaking, while the morning star was heralding the coming of a new day, a day when there is no more sickness and no more pain in the sky, in the first Bible. Here was the Morning Star talking to the Prophet, the Seventh Star. Hallelujah! And the Light of the Morning Star began to strike his

soul. Oh my. Because he himself had preached *Shalom*, peace. Amen! The pressing coming of the Great Light. What is the Great Light? That revelation of the Coming of the Lord, amen, in the go-between, in the conjunction, when He drops down between a dying world of corruption and a bright new shining day. Oh my.

All your darkness can fade away tonight, if you could only move into the channel. Oh my! If you only say, "Oh God, let the Dove lead my soul in there. I can't do it, Lord, but let the Dove lead my soul inside of there; that deliverance You are talking about. Something in my heart tells me it is for me. I want it, Lord." Amen.

While he was there on the bed, he was there in corruption, aching, but a vision was breaking to change that sorrow into joy. Weeping had endured for the night, but joy was coming in the morning now. Oh my. The cross that was so heavy, it began to get light, because he saw the vision that he had longed to see. Amen. Hallelujah! Brother, the New Day met him up in the mountain. In the New Day, he was up in the mountain. At daybreak, he was in the bed, when the Light was coming, when the vision was breaking. Hallelujah.

Now watch. Six, man's suffering, was going to end, God was going to put a stop to it, and right there the Dove was going to come. Now watch when the Dove came here, Matthew 3, God spoke something. When the Dove comes on earth, the Voice speaks. When the enemy is killed, the Voice speaks. Amen. Sure, it did. The Voice spoke, (amen,) and said, "This..." First time when that Pillar of Fire Dove identified Himself.

Now that Dove led the Eagle always, you know. That Pillar of Fire led Moses. That Pillar of Fire led Paul. Amen. The Pillar of Fire led them. The Pillar of Fire led Joshua. Moses, in the Exodus, he had the enemy killed on a pole and told them, "Your enemy is dead. Watch your enemy here. It does not have any power over you anymore. Look and live." Hallelujah! All Israel, look at

the enemy killed! Look and live! You have power over those serpents. Fear them no more.

Bro. Branham said, "It was a serpent because that was a shadow (amen,) of the Serpent in the beginning in the Garden of Eden, who caused the suffering, who brought man out." And those serpents were biting them in the wilderness, on their journey to the promise. Hallelujah! Amen! You might be suffering tonight on your journey to the promise, but look and live. Hallelujah! Look and live! Don't stare; look and live! Glory. Look, praising Him and thanking Him. Amen. Glory. Lord, I receive it!

Now watch. Then the next day, look at Joshua. That day ceased with Moses. Joshua, do you know what Joshua did? When they went into Canaan's land, they had more enemies than, brother, were thorns in their sides round about. They were going to make sure that they didn't take that land easily. They were going to fight them for it. They were coming against those Israelites, (those ten kings,) to wipe them out; cause a confederate. Is that correct? That was their enemy then at that stage of the journey. Do you know what Joshua did to their enemy? He killed their enemy on a tree. Is that right? Sure. He said, "Look at your enemy here! Hang them up. Let the sun shine for the day, come from east to west, and let the light show you that your dead enemy is destroyed, killed, powerless! These are the kings that wanted to keep you out of your redemption."

Was going back in Canaan's land, Redemption? Alright. Was it a type of the Garden of Eden? Yes, it was. Amen! Because every man in their place was like Adam, having dominion back there with his landmarks. Joshua is the Book of Redemption. Amen. Now watch.

When you look and you see those things there... Then what happened? The Dove, that Pillar of Fire, who led Moses... And Moses was still following Him after he had died; fourteen hundred years after, he was still following that Dove. Is that correct? Yes, sir. That Dove led

Joshua into the fulfilling of everything Moses spoke. God said, "Fear not. As I was with Moses, so will I be with thee. Hallelujah! Whithersoever thou goest, I will be there to lead you, Eagle. Amen. You have a Commission; I will be there to lead you into Redemption, for you have the Commission to place them. I will lead you into Redemption." My.

That Dove always led the Eagles. We are going to find out tonight who that Dove is. He took those three places in the Bible. Three times the Pillar of Fire... It was the same One. Was the One in Acts 2, the One who came down on top of Jesus? Was that the same One who came down in Revelation 10? Then is Revelation 10:1 that Dove that came down by the Jordan? You are not a Trinitarian now. It is the same Person. Hallelujah! And where did that Dove come from? Heaven. No wonder he said, "Sounding sweeter all the time." Heaven consists of the Word.

Let me try to make some tracks quickly. Amen.

So notice there were those three things that took place on the mountain and then there are three things that must take place before this final ride. Our enemy must be destroyed. Any man going to that final ride, the Chief Authority, has no... There is nothing there. When He spoke, the earth shook. Amen. But before you can go on that final ride, the enemy has to be killed. Because that ride is showing forth His victory and the reason of His death. Amen! This is the Hour, saints. This is the Hour the Bride must show forth His victory and the reason of His death! And as long as we are bound down, and tossed to and fro, and kicked and cuffed around by the Devil here, we are sure not showing any victory. Amen. We have to rise up and put that foot on that dead enemy that was killed two days ago on that tree. Amen.

Then the next thing that has to happen, the Dove has to come down; God and man. A huge portion of Heaven is going to drop down there and it will be a tremendous victory in the Love Divine. That Divine Love, that Dove

of Agapo Love is going to flutter down, Dynamics and Mechanics, (amen,) into a union, an invisible union that will become visible. They will know it is the Chief Authority. They will have on the Holy Vesture, by the way they speak. Amen. No man will have to ask if it is the Lord. They will know it is the Lord. They will know that man is talking with Authority, amen. Hallelujah!

He said, "Bro. Branham, like you were guessing before, but when you came back, you were at the head of the Table and you commanded. It was certain." Hallelujah! Glory! Can you hear it?

I was asking Bro. Wayne the other day when he had a dream. One time he came and told me, he said, "About speaking, how you speak..." No man had to... Didn't you tell me a dream about that? [Bro. Wayne says, "Yes." -Ed.] Amen. Sure. We are in that Hour. We are going to find out tomorrow. We are in that Hour.

That is why the Dove has come back around to reveal Himself and what that was, because only the Dove knew what it meant. It was sealed up in the Message. It was He who veiled their minds and made them think it was a healing service. But when He comes and He opens up, you will know He is leading you into all Truth. Then you will go into the sixth sense and you will see the unseen. You wouldn't be looking for a little, white dove flying through here. Because you will know now, that that same white Dove, that Pillar of Fire, with His golden beak and yellow feet, could fly into your heart tonight and coo. Amen!

The next thing, after the Dove descended the next day... On the first day... Listen, get this. On the first day when He was there, when the enemy was killed, the writing was in the rock. On the second day when the Dove came, the writing was in the rock. But it had its season to be made known, in the quartz. Written! When he saw it, he said, "That White Eagle, that Chief riding there towards the west, that Great White Horse with a

military prance." What did he say? He said, "That's the Word, you know."

Now these services are going right into those Thunders and Vials, which we will have to have that time also, to show you what those men were dreaming. I'm kind of putting it out here, but I'm going to put it in there; you will see what those men were dreaming. And what you knew all these years, just like Calvary, you are going to realize it. What you knew about Revelation 10:8-11 all these years, you will really realize it. Amen. Glory. Everything you need is right in there. Do you need healing? It is in Revelation 10:8-11. Do you need Salvation? It is in Revelation 10:8-11. Do you need water from the Rock? Are you thirsty? Ever-present water from the Rock. Hallelujah! Do you need Manna for your soul? There is Hidden Manna, hidden between the Gentile Prophet and the Jewish prophets. Hallelujah! Bro. Aubrey likes that. Amen. Glory. You see?

There was a mystery of his life and ministry—My next message. There is a mystery of our lives and our ministry in that Rock to be revealed to us. Is it the Rock of Ages? Is your enemy killed on a tree inside of here? Is the Dove coming after your enemy was killed on a tree inside of here? It happened inside of here, and it happened in the Catalinas too. Amen. It is a trail. It is a trail. You come to Calvary, you go to Pentecost, you go out in the Book of Acts. Sure. It is a trail in the Word, and all these were just channels to tune you to the Word.

That is all that is, you know. That is just channels. Because you don't even have to... The same way you don't have to go to Jerusalem today at Easter time... Because many people went to Jerusalem and they haven't come to Calvary right here. Many people were baptized in the Jordan and their sins were not remitted, because they have not seen the Atonement yet. So

Jordan is a place in the Word. Amen! Brother, all these are places in the Word!

Okay, the brothers who were there in the Catalinas in 1979; you know that is what I was telling Jeff Jenkins. I said, "You find the place in the Word first. You come in that place in the Word." I said, "We have been to those places in the Word, and that is why we have come here now," talking about something inside of here. Amen. My.

All those things have to be fulfilled before that Hour comes. We have a few more minutes. I'm going to close out quickly right here. Amen.

Before the Shreveport meetings... Before the Shreveport meetings, Bro. Branham was up in the Catalina Mountains and all these things were revealed to him, and I was there too, the day it happened. I was there with Moses in Mount Sinai, I was there with Abraham in Mount Moriah, I was there with Elijah on Mount Carmel, and I was with the Prophet in the Catalina Mountains. Hallelujah! Don't take my birthright from me! Amen. Hallelujah! That is why this Seventh Dove means everything to me tonight. He is the One who has brought me into this faith. He is the One that gave me this understanding in the Word. He is the One that leads this Eagle, (amen,) leading this Eagle home. He knows the way and we are not going to come up lost. Hallelujah!

Now let me tell you this now. When he preached *My Guide* [[1962-1014E - A Guide -Ed.](#)]; he had preached *The Stature Of A Perfect Man* [[1962-1014M -Ed.](#)] the morning. He had preached *Influence Of Another* [[1962-1013 -Ed.](#)] before that, and before that, he had preached *Key To The Door* [[1962-1007 -Ed.](#)]. He preached the four of them as a series. He said, "*Key To The Door*, is faith." He said, "And that faith opens up that pyramid to show us inside." And *Influence Of Another*, Isaiah 6, written back there; Isaiah 6:1-8, prepared servant who saw the Heavenly vision; knew

their place: two wings over their face, two wings over their feet and with two wings they fly.

Any servant of God in this Ministry, going out in this Hour, has to be a prepared servant, must have reverence, humility and action; confession, cleansing and commission. And what is that mystery? God's nature, unto a Perfect Man, the Living Tabernacle of the Living God, be perfect as God is perfect. And then Hebrews 11:32-40, what is it? They without us shall not be made perfect. Because when the Church comes to perfection, it will bring the Resurrection.

He said, "And your faith takes you up inside of there and you get up in that White Rock, where there is a mystery inside of there; when you get up in that White Rock," he said, "where those Seven Voices are sealed, where those Seven Thunders are going to utter their voices."

And then, *My Guide*. Because that here, was this Bible. He said, "And the Guide guides you into all Truth." Those are Seven Mysteries, to bring back the Headstone, to bring down the Dove, to say, "This is My Beloved Son in whom I am pleased to dwell in! Hear ye him!" Then one day, *that* becomes *this!* Amen! Hallelujah! *This* becomes *that!* And that was represented in the Catalinas. All those things in the Catalinas were represented here, because he never saw the enemy killed at the bottom; it was at the top. He never saw the mystery of the Second Ride at the bottom; it was at the top. Amen. The King's Sword, all those things, came there, up in the mountain. This is My beloved son. See?

So before that meeting in Shreveport came, God knew He was going to take His Prophet off the scene, and God knew He had given him those experiences in the Catalinas. He was so charged with inspiration, he had come to Shreveport for those meetings. He had the three dreams in Jeffersonville, which he saw over in visions, about "I'll ride this trail once more." He said, "Bro.

Branham, it was you in that vision and you spoke with authority. And you were riding this great, big white horse." He said, "Some brothers were trying to breed it with a black mare here and make it hybrid, but you came, and you saw it and said, 'Don't you do that! Don't splice tapes. Don't add anything to this Message. Leave it like that. Leave this White Horse like that. Don't tamper with it.'" Amen. Because he said that that is the Word. They were trying to splice genes to breed it.

Now watch. While he was there and he came now—he came West. He was never going to go back east in Jeffersonville. Everything was going to finish at the West, because the Angels came at the West, the Sword came at the West, the Cloud came at the West, the Dove came at the West, the Amber Cloud for Marriage and Divorce came at the West, the enemy was killed in the West. Everything was in the West. And She will turn at the West too. Why? Because the Ages came Scripturally, (right?) from Ephesus to Laodicea. It came geographically; civilization following the sun from the East coming West. Amen? It also came, he said, according to—historically. Amen. How it crossed, he said, "It crossed the Mediterranean." Because John was out there in the Aegean Sea in the First Age there, (amen,) at the Mediterranean Sea, on the Isle of Patmos. Then it crossed over to Germany there, came over Europe, came over the English Channel, with Wesley and they, crossed the Atlantic, and went on the West Coast. Amen. And it shall be Light at the Evening time. Sunset peak, Sunset Message, Evening Light, everything had to happen in the West.

And he was born under a sign saying, "You must go Westward." Go West! Go West! Go into the desert. Because Moses went to the desert, and wrote the Old Testament. Paul went to the desert, (is that right?) and wrote the New Testament. "You go to the desert, because you will interpret the Bible also." He sent us to

the desert also in 1979; we came back, amen, and the Message never stopped unfolding. Amen! Glory.

Now watch. And when he went to Arizona here now, he was getting ready for the meetings. And, oh my, he was thinking about that Dove, he was thinking about that dead enemy. He was looking for that Ride and He was keen, he was watching every little thing, every move. And before the meetings were arranged, God gave a brother a dream; and I'm going to read it for you. And these are pages 1 and 2 *On The Wings Of A Snow White Dove* [para. 6 -Ed.].

He said: [Well] *It was a...really a...kind of a...couldn't say a coincident, it was simply just the hand of God that worked it out. There's a brother here that had a dream sometime ago, about this thing happening, said I "was standing in a pair of white trousers, in Indian moccasins."*

Glory! He didn't see all the double trail bonnet and everything. He just saw the moccasins and the Levis.

And that's just exactly the way I was standing when I called Brother Jack for the meeting here, just exactly...

Then if that came to pass, then God gave it to the brother, because it was fulfilled. And when a dream is fulfilled, it is a vision.

...Indian moccasins and a pair of white levi trousers on; Brother Leo, if you're listening in, I was just meeting you in a few minutes.

Because Bro. Leo will be able to testify when he did meet him a few minutes after, he was in white Levis and Indian moccasins.

So that's when the meeting took its birthplace, right there.

This great Shreveport series, that was like the last great visitation here, when those things were spoken out. He was now telling them there, "There was a dream about this." Now that was before the meetings started. Now *I Have Heard But Now I See* [[1965-1127E - paras. 2-8 -Ed.](#)], the night before the last night, another dream now.

There were some strange things connected with that meeting, when these things were going to be spoken. Look how we came here after all those years, and found that thing in Job here.

Now watch. *I Have Heard But Now I See.* He said: *Just back there listening to an associate brother of ours, in the Lord, that just come from Indiana, stirred by a strange dream. He's never be in Shreveport before, in his life. But he dreamed, the other night, that he come to Shreveport, not by his car. And he come somewhere, to a church where I was speaking. He said, after I had preached and prayed for the people, said, "Something's going to happen."* Said, he "was back the next day." And he said, he "knew the building, how it looked."

He had never been to Shreveport, but he dreamt where he was preaching, dreamt he was going to pray for the sick the last night, and he knew how the building looked.

Said, "*There was a civic auditorium across the street, but they never went in the auditorium.*" Said, "*It was on this side, in a stone building that had a wing to it, [giving descriptions of the building] and the building set just like this.*"

Coming from thousands of miles.

He said: *And the boy is a dreamer, I've seen his dreams and know that they're true.*

And he said, "Then on the last night" that I "was speaking and praying for the sick."

And the last night: *On The Wings Of A Snow-white Dove*, he was really going to pray for the sick.

And I said, "*Something's fixing to happen.'* And sounded like a clap of thunder." And said, "*The people begin screaming.*" And said, "*As the thunder begin to go away, well,*" said "*It made a voice, and begin speaking.*" Says, "*That speaking was going on, that through these lattices [like the lattices here] (windows up here) come the Glory of God, moving in, in the form of the Pillar of Fire.*" He's never seen It. He's heard us talk about It, but

he's never seen It himself. And said, "There It was, come through the windows up like that, and formed that Light like you see in the picture, right above the audience here." And said, "It was rumbling off something." And said, I "stood, and said, 'That is Jehovah God.'"

Listen:

And said he "was reminded of (when thinking about It) when Moses brought the people out of Egypt.

He was talking about when Moses brought the people out of Egypt.

And they said, 'Let Moses speak, and not God, lest we die.'

He said, "Everybody was laying on the floor, their hands up, screaming." Said he "was screaming, too, 'Lord God, I love You! I love You!'" And his wife shook him and woke him up.

See him going down the aisle right now, Brother Jackson, a former Methodist preacher. And he was so disturbed, till he come down; and said when he walked in, he "was so astounded," just exactly the way he had saw it in a dream.

The civic auditorium, the stone building with the wing, and the Prophet getting ready to pray for the sick on the last night. And he didn't come with his car; he flew. Somebody gave him the money. He was so astounded.

I don't know what it means. The Lord's kept it from me. But something could happen, seeing Brother Jackson dreamed that, knowing him as an honest, real man, servant of God.

And I know of him dreaming dreams, coming to me, and the Lord gave me the interpretation...

Like the White Horse, Chief Authority, the month before, like opening up the White Rock. All those dreams.

...it'd be just perfectly like that. Even to, one time, my going to Arizona, he had the dream of it.

And he's very much disturbed. He's with his wife, he brought her. She's to be mother right away, and the only way he could go was by airplane. He didn't have a penny to come, and somebody give him the money. And so it's kind of worked out mysteriously, so something could happen; we hope so. We don't know just what the Lord will provide for us.

So the night of *On The Wings Of A Snow-White Dove* here now, down at the end of the service now... My. Listen, okay. He gave the testimony and he sang the song, and he knew the dream the brother told him the night before, and the night before he didn't see anything. But he knew of the dream which he told the first night on the beginning of this message here *On The Wings Of A Snow-White Dove*, about the Indian moccasins and the Levi pants, and how it was pre-arranged. And he said, "It's not a coincidence, because here is a brother with a dream at the end of the meeting. Here is a brother with a dream before the meetings started." Two witnesses. Here was the Prophet there and this great thing was going to happen.

And he said (page 35) [1965-1128E - paras. 225-236 -Ed.]: *Why, me an old man, suffered all my life, why did He heal me now? I believe I'll ride this trail again...*

'I', personal pronoun, always baffled people. Of whom speaketh the Prophet this? Hallelujah. The Spirit and the Bride say come. The same thing that the Spirit said through the Prophet, He will be saying through the Bride, and She will be the final Voice to the final Age. From Jesus, that one Man, it unfolded into a little group of the True Seed that went forth and wrote a Book of Acts. Is that correct? Alright, coming back again.

And I say to my Father, tonight, (as Junior seen in a dream the other night of the wings of this Dove...

The Dove he just testified about. Junior dreamt the Pillar of Fire coming in.

He said: ...*(as Junior seen in a dream the other night of the wings of this Dove...*

The Dove he testified of, is the Pillar of Fire. Listen. Listen.

...moving in these windows here), Lord, Your servant's reporting for service. Amen, I'm ready!

He said: *Let's believe now that He's moving in upon the audience.*

And he begins to sing *On the Wings of a Snow-white Dove. (We're waiting, Lord.)*

Wouldn't you like that to happen tonight; that same Dove, flutter through those lattices right here? We have some lattices, the same kind of people. We are in the Spirit. Amen! God in His mercy could do it. Amen.

And while he was there, he kept on speaking, *Won't you, just while you're coming through this prayer line now, ask God to provide for you on the wings of the Dove? The Dove, Spirit of the Holy Ghost, to give you faith in your heart to believe that you're going to be healed.*

And then he said: *Christians, I want you to listen. If I would stand here and try to quote to you of the supernatural things that I've seen happen even in the past three years, [1963, 1964, 1965] I'd be here this time next Saturday night, telling you. I don't even speak of it so much, 'cause it sounds like it's almost impossible, but I tell you the Truth. It's exactly the Truth. We're living under the leadership of the Great Mighty Jehovah,*

He had talked about the Dove coming to lead the Eagle. He had talked about the Dove that Junior dreamt, the Pillar of Fire. And Junior was speaking about it, like Moses when he met Jehovah. And hear what he said:

We're living under the leadership of the Great Mighty Jehovah, the same One that was with the prophets in the Old Testament, with the Church in the New Testament. He's here today taking a Bride out of the Gentiles for His Name's sake. He said: Believe It! Won't you, people?

Wouldn't you believe it tonight? Oh my. Now the Pillar of Fire, the Holy Spirit, is that Dove. I believe it. Amen. Because here in Matthew 3, it was the Pillar of Fire. Do

you believe it was the Pillar of Fire? That is what he said here.

Listen to this quickly, *Christ Is The Mystery Of God Revealed* [[1963-0728 - paras. 332-337 -Ed.](#)]: *The Holy Ghost, alone, is the Revealer of the Divine revelation of Christ, and has been in all ages. Remember, all ages! Who did the Word of the Lord come to? Prophet, alone. That's right. Is that right? And the prophet had to be vindicated, first. Not 'cause he said he was a prophet; because he was born a prophet, and proved to be a prophet, and everything he said was exactly on the Word and come to pass, then everything else let go. See? It was, the Word of the Lord came only by the Holy Ghost. The Bible said, "The men of old, moved by the Holy Ghost, see, wrote the Word."*

He said: Look. *John the Baptist would never had known Jesus...*

Who was Jesus? The Word for the Age.

John the Baptist [the prophet] would never had known Jesus if it hadn't have been for the Holy Ghost pointing Him out. That right?

John the Baptist, that great prophet that come forth, and said, "There is One standing among you right now. And an ordinary Man standing here somewhere... Ordinary man here somewhere, ordinary men and women here somewhere. Glory, amen.

...that's the Lamb of God."

Ordinary men and women here, that are God's Eagles in this Hour. Ordinary men and women are God's Eagles in this Hour, that the Dove will come to lead in this last Ride.

John said, "Then I bore record. I bare record. I saw the Spirit of God, the Holy Ghost, descending from Heaven like a dove, and It went upon Him. And a Voice said, 'This is My beloved Son in Whom I'm pleased.'"

What was it? The Holy Ghost said, "I'll point Him out." [Amen.]

That's the only way you'll know Him today, only way you'll get the threefold revelation...

Only way you will get the threefold revelation: weasel in the cactus, Seventh Dove, and 'Eagle' written in the rock; the only way you will get it, the Holy Ghost has to point it out to you. He is the only Divine Revealer of the Word.

...is for the Holy Ghost. And the only way it can ever be, is you're predestinated to see it. If it don't, you'll never see it. If you're not predestinated to see it, you'll never see it...

John would have never know Him, no, sir, had the Holy Ghost not pointed out. See how God hides His mystery to the high, educated and everything? Look, every one of them people...in simplicity reveals it to whom He has predestinated to see it. Others standing by and never even seen the dove, they never heard no Voice, for it was only sent to that predestinated Seed.

Others standing right by there, never saw any Dove. No wonder he could have looked yonder and seen that Dove coming in that Light that was in the wilderness. What was that Dove? That Light that was in the wilderness; as Junior dreamed Him coming in, the Pillar of Fire, on the wings of this Dove, with Israel, coming, moving down, the God Himself. "Who do you say this Seventh Dove is?" I say it is Christ is the Mystery of the Seventh Dove revealed. That Seventh Dove is Christ! The Anointing, the Logos, the Pillar of Fire!

Let me tell you, if He is not that Seventh Dove for you, some other dove has to lead you. The only thing to lead you back to Eden is Jesus. Only the Pillar of Fire could take me back to Eden. It is the Pillar of Fire that brought me into this faith. Only the Pillar of Fire could unfold this Word. Only this Pillar of Fire will have that Second Ride. Hallelujah! The God Himself saying, "This is My Beloved Son." God and man becoming one.

What did the Dove come for? What is the Second Ride? Super Sign. God and man becoming one. The Second Ride is Super Sign! The Spirit and the Bride! Amen. The Spirit, Revelation 10:1, the Seventh Dove,

and the Bride, God's Eagles, Revelation 10:8-11. Amen! Thou must prophesy again. Because I, Revelation 10:1, the great White Eagle, (hallelujah,) the God who lives in the Catalinas, will ride this trail once more; (hallelujah!) will ride this trail once more!

I, who united with Jesus, positioned that son; sent him in demonstrated power. He said, "That was the beginning of the Creation of God." Who was Jesus? The formed Image of the Word. That was all the Word. That was the Stature of a Perfect Man. And the Dove came on Him like the Dove came on the mountain. Revelation 22, a Pyramid Mountain, a Dove, a City, comes down upon it. Here was that perfect man, and when the Dove came upon him, His Light was seen round about. Hallelujah! He went forth in demonstrated power. His Light was seen again, when that Dove came down in another conjunction in Acts 2. The same Dove split up Himself in many doves like tongues of fire, came down on the same kind of people; chips off the same Big Diamond. Hallelujah! They were all in the Great Fountain; His Attributes. Amen. They all came out of the Big Dove. Amen! Hallelujah! They went forth there and wrote a Book of Acts. They saw it in Paul; they saw it in Peter, (amen,) they saw it in Philip. Hallelujah! The Angel appeared to them and directed them in service. The very same Dove was leading them, directing them in service. Hallelujah! He came down at the end of the Bible, at the end of the Book.

There were doves in this Bible from Genesis to Revelation. Is that right? Every shadow and parable and type of the dove, was God slowly unfolding the Mystery of the Great Dove. Hallelujah. And when that Seventh Dove came, there were no more shadows and types of dove anymore, because He was the real Dove. He was the Fullness of what those doves were. He was the Fullness of that dove. Because He is the One who is the real Sign; He is the One for Atonement; He is the One that carried the Message; He is the One for Cleansing;

He is the One for Purification; He is the One for Sacrifice, hallelujah, that real Dove. Because the dove was used for sacrifice. The dove was used for cleansing, for atonement, for signs. He is the real Peace; that the dove is a symbol of Peace. Glory.

The Dove has no gall. He is the One with the Divine Nature; lives only on the Father's Word. The Holy Ghost will take the things of Christ, amen, and bring it back. He will speak not of Himself—of anything else, but of Christ. He will search the deep things of God. He is the Dove that doesn't have to take a bath. He didn't need to be baptized. Amen. My. He cleans Himself from the inside out. Amen. He is the Dove that is loyal to His mate and will never leave the Bride, nor forsake Her! I'll be with you always! The never-failing Presence of Jesus Christ will go with you! He is loyal to His mate. Glory.

Don't you love your Dove tonight? I just love the Dove, for He is my Lord. Revelation 10:1 was the One that came down at the Jordan, the Pillar of Fire that led Moses in the wilderness, the Pillar of Fire that met Paul, Pillar of Fire that came back with the Thunders, that was sealed up in what Moses and Paul wrote. Glory. It is here. I told you it is here. You know when it is here. Amen. I can say anything. Amen. The mind of God is here. Amen! That Dove, that same Dove came down at Pentecost; same Dove. Amen. Brother, the same Dove came down in this Day, (amen,) on the mountain. The Lord coming down on the wings of a Dove.

Look and see what took place, and what followed when the Dove came down at the Jordan. Look and see what took place, and what followed when the Dove came down in the Book of Acts, and you will understand what the Prophet was looking for to follow when he saw the Dove come down on the mountain. Isn't that simple? That is 'two and two is four'. He was a Scriptural man. Amen. And all the purposes the dove was used for in the Bible, were unfolding what the mystery of the Coming of the Seventh Dove will be for you.

Do you need purification tonight? The Dove is here. Do you need Atonement tonight? The Dove is here. Oh my. Do you need a sign tonight? Do you need the truth to be revealed to you tonight? The Dove is here. Oh my. He is here.

He positioned Him as the Son and He went and demonstrated His power. He said, "That was the Beginning of the Creation of God." He said, "This time, in this Day, is the Continuation of the same Creation." Jesus was the Beginning of the Creation of God. He said, "This here is the Continuation of the Creation." The Dove came for the Beginning of the Creation. Then the Dove came back for the Continuation of the same Creation. Amen? He said, "When the Dove came as a sign, the Voice was ready to speak." The Voice was ready to identify who He really was. Nobody knew who He was, but He was in the land. Is that right?

Oh, they had all kinds of men making claims of being Messiah. Is that correct? One led four hundred here, one led others there, but when the real One comes, the Dove will come to Him. The Dove will point Him out. The Dove will unite with Him.

Okay, now watch. What was that telling us? That was telling us, this Hour here, many claim to be Bride, Bride and Bride; and we see all kinds of people claiming to be Bride and going off into error, going off into sin, going off into different things. Is that correct? But when that real Bride comes, the Spirit will unite with the Bride to fulfill Revelation 22:17, "The Spirit and the Bride say, Come." Because Revelation 10:1-7 is the Spirit saying those Seven Thunders in the Prophet. Then Revelation 10:8-11 is the same Spirit who spoke that through the Prophet, speaking now through the Bride, saying the same thing He said through the Prophet. Amen? Oh my.

Can't you recognize the One that has been leading, the One that is guiding us? This gentle One that is here, Who just knows the Way? Amen? Amen. So before we could really know and understand the significance of

this Seventh Dove, we must know who the Seventh Dove is. That is what will help us understand the true purpose of His Coming. I believe many people never understood what He came for; they never knew who He was. But the purpose He came for was always laying in the Bible, to be interpreted by the Scripture. Because that God, he said, "Whenever that Angel does anything, it is always in this Bible." And if God is to do something today, He must do something the same way yesterday, to be the same God. Amen? That is why we could have faith. That is why we could know in whom we believe in and be persuaded that He is able. He will never, never, never bring you up lost.

Let us stand to our feet.

Oh my. Down through the entire Bible we could go from place to place. It is too much. Each night we come, we could hardly fully get these things, but I trust that you are catching the high places and it is striking your heart and you are catching and seeing. What could make a Prophet... There was no man on the face of this earth who knew the Word, this Bible, better than that Prophet, while he was alive here, nor after. Let me just make that correct; nor after. Hallelujah! See, I don't want anybody to inject anything inside of there, so I just catch that mind right there and put that into subjection, cast down that reasoning. Amen. You see?

Here he was, he said, "Friends, I have seen some strange things in my life, but I'm not a fanatic." He said, "I saw some strange things, but I'm not a fanatic." And he wouldn't be saying, "You'll see what those men were dreaming tomorrow, between those Thunders and those Vials," that made him look for that Ride after the Dove came. Because what the Dove was bringing, was connected to what those men were dreaming; and what those men were dreaming, he said, "When I get the Thunders and the Vials, you will see what it was." So it was something in the Book of Revelation.

He said, "It was He down at the river. It was He Who came down when I was born and hung over the crib. It was He that was talking to me." He said, "That was the same Voice talking to me since I was a little boy." It was just a further revelation of Him unfolding, as the Prophet kept walking in Light. That is why it brings faith. It looks like a new revelation now, but it just confirms all the way back when you came out of the Fountain, until you go right back into the Fountain. It is all confirmed.

And that is why you know you are predestinated seeds. You are what you are, God's Eagles, by the grace of God. And He just can't help but love you so much, that He has come to lead you, He has come to guide you in your days of suffering, days of loneliness, days of rejection and humiliation; when you wanted somebody to care for you, when you thought no one loved you, when you were all alone like you had no friend, when your nights were dark, when it seemed like you had to walk alone, when it seemed like you wanted somebody to understand you because you seemed to be so misunderstood, when you were so hurt and you wanted somebody to comfort you. Amen. But here He is. No wonder the Bible said, "He will wipe away the tears from your eyes. He will lead you to the Fountain of Living Water." He will still be leading us, not just into the Resurrection, but into the Millennium and into the Great Hereafter.

Tonight, He is here amongst us. Do you believe it? Do you believe His Word? [Congregation says, "Amen!" -Ed.] There is so much in that little book. Look at one little message. You get in the Spirit of God, get in the Spirit of His Word, and you could never finish talking about Him. It becomes so rich and it brings Him so close. It makes us feel so unworthy. No wonder when John saw Him, he said, "Lord..." He fell as though he was dead. Peter said, "Lord, depart from me; I'm a sinful man." Isaiah said,

“Woe is me! I’m undone; a man of unclean lips.” Paul said, “Oh God, what wilt Thou have me to do?”

One day we wouldn’t feel that way anymore, when we go into that theophany and look Him right in His face; love looking at Love; all the love that is inside of you, that He put inside of you to love Him back with. You know you came from Him. Because you are bone of His Bone, flesh of His Flesh, faith of His Faith, virtue of His Virtue, life of His Life, works of His Works, spirit of His Spirit. The Prophet couldn’t express it any further, he said, “She is Him.” Put Her right back. She is Him. Oh my.

I believe He is sending down upon us His pure Word, His pure, sweet Love. How could you have the Love without the Word? How did He shed abroad His Love in your heart? By revealing His Truths, whispering His secrets in your ears. He is shedding abroad the love in your heart by the Holy Spirit. It makes us feel to sing *On The Wings Of A Snow-White Dove* [#63 - Songs That Live – Ed.]. Let us sing.

*On the wings of a snow-white
dove,
God sends down His pure sweet
love,
A sign from Above,
On the wings of a dove.*

Oh, one more time, *On the wings of a Dove*.

*On the wings of a snow-white
dove,*

Oh, open your heart, let Him flutter in. Let Him coo His Words of Love inside your soul tonight.

*God sends down His pure sweet
love,
A sign from Above,
On the wings of a dove.*

[#492 - Songs That Live -Ed.]

Peace! peace! wonderful peace,

Oh, coming down from the Father Above, tonight.

Coming down...

Came to calm your fears, take away your troubles.

Oh, sweep over my spirit, sweep of love..

Sweep over my spirit forever, I

pray,

Oh, in the fathomless, fathomless, fathomless billows
of love.

In the fathomless billows of Love.

Let Him flood your soul with that love tonight; His
great mystery of Election. Peace! Peace! Every hand
lifted up, every voice singing.

Peace! peace! wonderful peace,

Shalom to you, Bride. The Dove is a symbol of peace.

*Coming down from the Father
above;*

Sweep over my spirit forever, I

pray,

Oh, are you praying? God just loves a praying soul.

In the fathomless billows of Love.

Oh, let us sing: *Come Holy Spirit, we need you. Come,
sweet Spirit, we pray.*

[#217 - Songs That Live -Ed.]

Come Holy Spirit, I need You,

Come Sweet Spirit, I pray;

Come in Thy strength and

Thy power, O Lord,

Oh, come in Your own gentle way.

Come in Thy own gentle way.

One more time; every head bowed and every eye
closed.

Come Holy Spirit, I need You,

Hold upon your heart what you desire of Him tonight.
Center your heart upon Him. As He comes in His
strength and His power, let Him just brood upon you.

Come Sweet Spirit, I pray;

Oh, just yield yourself, just be gentle. He is a gentle
Dove.

Come in Thy strength and

Thy power, O Lord,

Come in Thy own gentle way.

Oh, why don't you just speak to Him in your own way,
for yourself in the next few moments. He wants to lead
you. It is an individual thing. In your own heart just
speak to Him. He has led you all your life. He has
protected you from harm and from danger, raised you
out of a sick bed, fed you and clothed you. Even while
you were not a Christian serving Him, He was watching
over you, bringing you right up to this time. When you
backslid, He came around and looked for you, brought
you back around. When you were weak, He
strengthened you and raised you back up. Oh, we have
so much to thank Him for tonight.

This is the Day He came down to that Prophet. This
is the Day He came down in the Catalina Mountains.
This is what we are commemorating tonight. Why don't
we just move into that channel tonight? Oh, it is
something we longed to see, all our lives.

You just pray in your own way.

Oh, thank You, Jesus. Thank You, Jesus. Thank You
for Your Presence. Thank You for Your Word, Lord.
Thank You, Lord, for making us what we are;
predestinating us, Lord, making us part of this great
thing that You are doing in this Hour. Words are just so
insufficient to express unto You what You really mean
to us. We just want to say we love You, Lord. You are
our everything, Father. We want to be loyal to You, Lord.
We want that Dove nature to be inside of us too, where

we could be so clean from the inside out; we wouldn't feed upon the things of the world or lust after the things of the world; we will just feed upon the grain of Your Word, Father; that True Seed.

Oh, God, if there is gall, take it out, Lord. Give us a real Dove nature, one that doesn't have any bitterness Lord, one that is loyal and true to every Word. We will stand true, live or die, sink or swim, friend or no friend, whether we get harder trials, whether we get blessings, oh God, and have things going good, it wouldn't matter, Father. Whether you bring us like Job, committing us unto suffering, or to death like Paul, we want to conduct ourselves with joy amidst the trials that You in Your wisdom allow to come to pass. Oh, precious Jesus, give us that nature that could blend with You, that You could lead us out every step of the way. We don't want to depend upon our ability. We don't want to put confidence in flesh. Lord, we just want You to lead us. Oh Jesus.

Make your pledge in your heart to Him tonight, that from this day onward you will live for Him, you will serve Him, you will stay close to Him. He is that Heavenly Dove, that Heavenly Guide, my Guide.

I would just like to ask Bro. Carl Wilson to come and pray a prayer of dismissal at this time. Thank You, Jesus. Oh, thank You, Jesus.

Heal the sick, Lord, and the afflicted. Deliver the captive soul. Break the chains of the enemy. Drop that faith in their hearts so they could rise up and claim their healing, their deliverance. Lead and guide us into all Truth. Unveil Your Word and make it so plain to us. Grant it, oh God. Jesus.

[Bro. Carl Wilson prays. -Ed.]

Amen. God bless you. You may have your seat.

I would just like to invite Bro. Glaude to come and sing as we are being dismissed *My Guide, the Seventh Dove*. I want to give you a little quote here.

He said [1965-1128E - paras. 210-216 -Ed]: *The third day I went back, I was climbing up high. And many of you know the vision about the Indian chief riding that little wall to the west. Something attracted me off to a big rock, about noontime, said, "Lay your hands against that and pray." God in Heaven knows this is true.*

I laid my hands against the rock and looked up towards Heaven and started praying. I heard a Voice coming out of the top of the rocks there, said, "What are you leaning against, over your heart?" And I raised back like this, my bare shoulders; naked from my waist up, hot. I looked back. And there was wrote in the quartz, in the stone, "White Eagle"; just exactly what the vision said that the next Message would come forth by.

He said: *Dear God, I thank You for these things, Father. You give Noah the sign, You gave the world the sign, and You gave me a sign. And the next day, seeing that eagle flying, O God, there's a Message coming forth now, and I pray, God, that You'll let the Dove lead. Grant it, Lord.*

So the next day, tomorrow night, we want to climb really high. We want to come and pray against that Rock, that revelation and may that Voice speak from Heaven and reveal to us what is in that Rock. Then may we see that Eagle flying, and may you be ready for it, because he said, "I tell the truth and lie not. God spoke those words. Heaven and earth will pass away, but those words will never fail."

God bless you.
