The background of the cover is a surreal, ethereal landscape. The sky is a warm, golden-yellow color, suggesting a sunrise or sunset. In the distance, there are soft, hazy mountains. In the foreground, a large, open book lies on a surface, its pages glowing with a bright, orange-red light. A white dove is flying in the upper right corner, and a dark eagle is flying in the lower left corner. The overall atmosphere is one of spiritual preparation and divine light.

Excerpts:

Revelation, Book Of Symbols: [1965-0617 para. 55 –Ed.]

... Angelic beings associate together. [He said] Oh, I hope you get that, that just dropped down right, free. Look! If you've got the Holy Ghost in you, then you are a candidate for association with the unseen world and the Supernatural. But when the Holy Ghost comes in the heart, quickly he becomes a twofold being: one of earth, to die; one of Heaven, to live. In his body, he's still subject to death; but his soul has passed from death to life. In this body, he has earthly contact with his five senses; in his spirit, he has a contact with God through the Holy Ghost. And the Angels of God visits them and speaks with them, and they are Messengers sent from God to reveal, and to bring messages from God to the individual.

He said: [1965-0617 para. 103 –Ed.] *Wouldn't you like to live where you're conscious that the unseen world is right with you all the time?*

That's my question. Wouldn't you like to live where you are conscious? If you have to go in the Rapture, and that Hour is come, and this is unfolding, how close to the unseen World are you living? How sensitive are you to the presence of angels around you? Pages [42-43]

SUNDAY 2ND NOVEMBER 2008

BRO. VIN A. DAYAL

Hallelujah! Thank You, Lord. Hallelujah! Thank You, Jesus. [Bro. Vin hums Amazing Grace, #1, Songs That Live –Ed.] We are grateful for amazing grace. It is by grace that we are standing where we are standing today. It was grace that provided a Sacrifice, in the Person of our Lord Jesus. It was grace that sent a Prophet that has displayed to us the redemptive blessings that were achieved in this Sacrifice. It was grace that opened the Seven Seals of the Bible that caused us to recognize our position in this Hour.

It was the Headstone that came with shoutings of “Grace! Grace!”, that appeared in these last days when this great one like Zerubbabel Who was to bring forth the Headstone with shoutings of grace that this great Building of God could be completed in this Hour. The same Zerubbabel that laid the foundation stone is the same Zerubbabel, the same spirit, the same kind of ministry, the same one who met the Pillar of Fire, the one who went up also into Heaven (into the Third Heaven) and saw those theophanies and brought back the Headstone in these last days and this great Message of Grace, the Redemption Message of Grace that has come to us in these last days. Are you expecting this evening? Amen. Praise His wonderful Name.

Well, we are very happy to be in your midst once again, and we pray that the Holy Spirit would be so considerate of every one of us; from the greatest to the least that God would give us our portion. We get what we expect. I don't believe that I, as a human being,

could meet the need, but I know One Who promised to meet the need. Hallelujah! And we are so thankful that He is here amongst us. Wherever His Bride goes, there He is. Aren't you thankful for that? Amen.

So, God richly bless you all. And to all God's precious servants, ministers of the Gospel, we salute you for your great stand, your great faith, the great church that God has used you to raise up in this country. Sometimes, you know, we undervalue ministers but when you see the kind of church, then you know it would take a certain kind of man to preach a certain kind of Gospel that could bring forth a certain kind of believer.

This is a little portion of the great church that is in this country and we are very happy and truly honored to be in your midst; very humbled to stand before you. Because you think in your heart, "What can I say to bless God's people?" Such a great people who made Solomon go and pray for wisdom but then God was grateful because He saw the motive in his heart. And I believe that same God, if I would have the right motive and the right objective in standing here this evening, He truly can say something to bless His children to help us along in this journey. And we have come to the climax, in this Hour, where we are making preparations to leave.

That's what the Coming of the Angels was. *Swing low, sweet chariot, coming for to carry me home. A band of angels coming after me.* [#673 Songs That Live -Ed.] Hallelujah! Theophanies will pick you up one of these days. Hallelujah! They didn't come to give us a Message to stay here for some more Ages. The Message came to separate us from all unbelief, perfect our faith, and bring us to a full state of Glorification. Amen.

Let us pray.

Beloved Jesus, once again we are grateful, as the evening shadows fall, that we can come back for the second climax today. And as we are gathered in Your Presence, we are mindful that we have been here since

this morning and no doubt many would be a little weary. But we pray that Your Quickening Power, the sweet Presence of the Holy Spirit, would settle down on the building and You would spread Your wings, dear God, and we can abide under the shadow of the Almighty; under Your wings where the Holy Spirit can speak to the inner man, that attribute of God, that Zoe Life, that part of the Word predestinated for this Hour.

And as we would speak on the Word written for this Hour, may the Holy Spirit take the Word predestinated for this Hour and the Word written for this Hour, and bring It together like the two halves of the Chinese ticket, that there could come such a Divine realization. As we look into the Scripture, we can see our future becoming present (hallelujah) as the Mystery is unfolding, and may it lift our expectations that we can move up into that realm of Perfect Faith, that realm of Perfect Love.

Oh God, You promised these Things. You displayed It to us through Your Prophet. He ministered an entrance into these Things and as the Holy Spirit continues to make these Things personalized and real to us. May individually and collectively, oh God, we receive an outpouring of this Divine grace being shed abroad in our hearts by the Holy Spirit. May You grant it, Lord, that when we leave, It would be so deep within us. In the days to come, we would see such a progression of the revelation in our lives, being so quickened in this Hour of the Rapture. May You grant it, Lord. Bless us all together. Bless Your servants. Give them a double portion, in the Name of Jesus Christ.

Remember those on the Internet. May the Holy Spirit move through the air-waves and bless them, Lord, and send down the Holy Spirit where they are with faith and expectations. And may You answer every prayer and meet every need. In the Name of Jesus Christ, we give You thanks in advance for it. Amen. Hallelujah!

[Glitch in audio –Ed.] ...Chapter 2. I see some of you fanning. Maybe I am the most comfortable one in this heat. This is Trinidad's weather, so I think God made that special for me, but I don't want it to be uncomfortable for you. Amen.

2nd Kings, Chapter 2, verse 1:

¹ And it came to pass, when the LORD would take up Elijah into heaven by a whirlwind, that Elijah went with Elisha from Gilgal.

There are seven Things sealed up in this verse right here. So may the Lord bless the reading of His Word. You may have your seats. Keep your Bibles open. Seven Things sealed up, right here.

... it came to pass, when...

When is *time*; that's a *specific time*. It was an Hour when Ahab and Jezebel were in a union. It was a time after the broken-down Altar of the Lord was repaired and the children's hearts were turned back to the faith of the fathers at that time: the time of the Evening Sacrifice. That's when Elijah came. Amen.

... it came to pass, when the LORD would take up Elijah into heaven by a whirlwind,....

That was the plan of the Lord. That was the plan for the Age. He was not going to take up everybody. But the time had come, Elijah was on His mind and He was coming to take him up into Heaven, not Elijah was praying to the Lord to go to Heaven, the Lord had come down to take him up into Heaven. Hallelujah!

Any man who goes to Heaven, he doesn't go on his own accord; he is taken there. Even in death (Luke 16), the Angels of God packed Lazarus into the bosom of Abraham (hallelujah!) but It never said anything about the rich man and angels coming for him when he died. Hallelujah! But it tells you how Lazarus left. So, when it is time...

... when the LORD...

“Hear ye, O Israel: the Lord thy God is one Lord.”
 [Deuteronomy 6:4 –Ed.] This is not *any* lord, this is the Eternal God: Revelation 10:1 Who had expressed His attribute in flesh in that designated Age. Elijah was God’s attribute. He was God’s predestinated seed. He was born through a father and a mother in Tishbe but here, the time had come because Elijah represented the translated saints who are going to go into Heaven without seeing death. Hallelujah!

And so, this is a Mystery of the Seven Seals. This is a Mystery of the Rapture. This is a Mystery of the elected Church going up into Heaven, in a day when Ahab and Jezebel are in a union when that Jezebel system is the great power in that land. Hallelujah! And the Lord had come down to raise up Elijah into Heaven. The children’s hearts were turned back; the altar was repaired; the Elect was separated from the Jezebel system, but it was time for Translation. Hallelujah!

... would take up...

... when the LORD would take up...

‘Would take up’, that’s His intention, that’s His purpose; something that the Lord was fixing to do. Ecclesiastes 3:1 tells us: *To every thing there is a season, and a time to every purpose under heaven.* Hallelujah! Thing in the Bible is a Mystery. The Holy Spirit will teach you all Things. Elijah will restore all Things. The Spirit of God teacheth the deep Things of God. When the Spirit of Truth comes, He will guide you into all Truth, teach you all Things. We have an unction from the Holy One that teacheth us all Things.

‘Things’ is a Mystery. And the LORD would take up Elijah; that’s His purpose under Heaven. Elijah was on the earth but God’s purpose was to take him up into Heaven. It is God’s purpose in this Hour to take you up into Heaven. Hallelujah! That’s why the Message came to you. Amen. That’s why you are born into a family where the Message is. That’s why you are sitting under anointed ministers, teaching you the Things of God;

Things that were restored by Elijah in the last days about One God, about Water Baptism, *Why I'm Against Organized Religion* [1962-1111E -Ed.], about *The Lamb's Book of Life* [1956-0603 -Ed.] and your name in that Book, about Adoption and your Inheritance and the New Birth; all these Things have been taught to you, about the change of body, about the time and the season. Hallelujah!

These Things are preached in your church (hallelujah!) and that was a Thing that God was fixing to do: He will take up Elijah. The Lord had purposed in His heart, He would do this at the appointed time. And because the time had arrived, God began to speak to Elijah that He was going to take him up.

That's why we had a Prophet who opened a Mystery called the Rapture, a threefold Mystery of the Coming of the Lord, how the Son of Man would appear in a Cloud with Power and great glory; how when the Mighty Angel descends with the open Book, the Seventh Angel will be on the earth at that time, so we could see the Lord descending from Heaven with a Shout, "Behold, the Bridegroom cometh!" So, we know we are in the Hour of the Rapture. He told us about *Future Home* [1964-0802 *The Future Home Of The Heavenly Bridegroom And The Earthly Bride* -Ed.], about *Things That Are To Be* [1965-1205 -Ed.]; about *Shalom* [1964-0112, 1964-0119 -Ed.], the dawning of a New Day. He taught us these Things: Mysteries. Why? Why is He telling us these Things? Because this is the Hour, He will take us up into Heaven. Hallelujah! Glory!

... it came to pass, when [the first thing,] the LORD [the Eternal].

The great Elohim, Who had attributes, expressed some in the first Age, some in the second Age; third, fourth, fifth, and sixth Ages. And then in the Seventh Age when the Hour of the Rapture comes, that God, His mind is on those attributes: we who are alive and remain unto the Coming of the Lord; we, who see the Son of Man coming in the Cloud.

...when the LORD would take up...

That's His purpose. 'Take up' is *Translation*. Hallelujah! That's the fourth thing. This is the event itself. His purpose is He would take them up, but the 'take up' is an act where He is separating us from this dimension; a people in this Hour that would change dimensions. Only those who are changed in their bodies can change dimensions, and only those who are changed in their souls would be changed in their bodies. Hallelujah! And to be changed in your soul, you have to have a New Birth and only Seed could be reborn. You have to be an attribute of God. Hallelujah. It takes the right Atmosphere to bring this Birth, so it is determined under what atmosphere you live your life. If you have a worldly atmosphere, a political atmosphere, a social atmosphere; that cannot bring a Birth. Amen, hallelujah! It takes an Atmosphere created by the Holy Spirit, where you can stay under that Atmosphere long enough. Hallelujah.

So from the time God begins to change your atmosphere, it unfolds into a change in your nature. It will eventually unfold into a change in your body because you would be changing from glory unto Glory. And then, when you're changed in your body, you can be loosed from this dimensional prison.

I am speaking about "**PREPARATION FOR DIMENSIONAL TRAVEL**". And we are talking about "***Moving Into Position For Translation***".

We will see how God had to move Elijah. "You can't stay here in Gilgal, you can't stay here at Bethel, you can't stay there at Jericho; you are going to cross Jordan to be in position for Translation in the Day when God comes down to take you up. (Hallelujah!) And God knows the lessons that you need to learn, so God knows the places to pass you to come into position for this Translation." Hallelujah! He had to stay in that place long enough until he learned the reason and purpose, why God sent him to that place. It was not that he felt

like going there. Gilgal was a place of circumcision. Amen. Joshua made sharp knives and circumcised his church, and cut off all the excess flesh. And they bled in Gilgal; they had to wait to be healed. Hallelujah. Then God began to give him the old corn of the land in Gilgal. So it has things... God brings us to places to get us in condition for Translation.

¹ And it came to pass, when the LORD would take up Elijah into heaven...

Are you reading your name in there if you're going in the Rapture; if you believe in the Rapture?

¹ And it came to pass when the Lord would take [you, and you, and you, and you, and you, and you] up into heaven... [Hallelujah]

That is the place you have to move into. Elijah was His attribute. He had great fellowship with Gehazi, he had fellowship with Obadiah; he had fellowship with, maybe, the sons of the prophets but when the Translation came, God came for Elijah. The One shall be taken and the other remains. [Matthew 24:40 -Ed.] Hallelujah!

... into heaven [not the first heaven]...

There are three heavens: the first heaven is the firmament, the second heaven is the solar system, and the Third Heaven is another Dimension where the people who have to be taken up, they have a theophany There, right now, a perfection that is calling them to that Place. Hallelujah! They feel that strange call to go to that Place. They feel the pull because they are magnetized. That little gene of God bypassed being born in that body, it bypassed the Word, and we came from thought to flesh.

We come by sex but when the Holy Spirit found us, like the mama eagle flew down in the barnyard and she saw that little eagle, she said, "That's my egg; he was supposed to be born in the mountain, but look at him there in that Pentecostal barnyard." And she flew down

there at the setting of the sun and she let out a scream; Seven Thunders uttered Its voices. She said, "Junior!" called him by his name, "You don't belong there!" And she began to separate him from all unbelief. Hallelujah!

He began to look up and lift up his head, he said, "My redemption draweth nigh." Hallelujah!

There was something calling him up higher, saying, "Come up higher, Junior," like the Holy Spirit said, "Come up higher, John." Hallelujah! Oh, thank You, Lord.

God wasn't fixing to take Elijah in the first heaven; that was not the plan for the Age. God wasn't fixing to take Elijah on the Moon or Jupiter; that wasn't the plan for the Age. God was fixing to take Elijah into another Dimension. Hallelujah! All through Elijah's life, from a little boy, he had communication from that World. His visions came from that World. His leadership came from that World, but in that Hour when he was fixing to go, it was becoming more real to him. He even understood the Day and the Hour. He even understood the place where he had to be. He didn't know it all the time, but on the day when he was to be taken up, he knew he was going and he knew where he had to be. Hallelujah!

Moses never knew, all the time, when the wrath of God would strike, but at the end of his message, it was revealed to him. "Keep the lamb for four days; take it on the tenth day; kill it on the fourteenth day at evening time." [Exodus 12:6 -Ed.] And from evening time to midnight, time is running out, and at midnight it is finished. And Moses, at the end of his ministry, knew the Day and the Hour. Hallelujah!

Noah, for a hundred and twenty years, didn't know when it was going to happen. All he knew was that judgment was coming but on May 10th God said, "Noah, come into the Ark now." God shut the door. He said, "In seven days, by May 17th, the wrath of God will be on

this land.” Hallelujah! And Noah at the end of his ministry knew the Day and the Hour. Amen.

Abraham didn't know it for twenty-four years but when he was ninety-nine, God said, “This time next year the baby is coming.” And he counted the time. Hallelujah! He knew there was going to be a change of body to bring that son, just like you know tonight, this body has to be changed to receive that promised Son, but you don't know the Day or the Hour yet. Hallelujah! But then, when God came to him, He said, “This time next year.” He knew it was going to take nine months for the baby to form and so, he sat in the tent door because nine from twelve is three. So he sat in the door waiting and in the second month, he saw three men come and he recognized it was the Lord. And the Lord said, “I will return according to the time of life, a month from today. You watch the moon, in two days it will be a full moon,” He said, “and you're going to go thirty days. And when that next moon comes around...” because that was His calendar.

Sarah had the signs in the body; life's signs were in the body. Amen. She had already passed menopause, but God had to do something in the body so she could conceive seed. And when God said, “Next twenty-eight days; the time of life,” the cycle came. Amen! And she said, “Abraham, I could have this child; something happened.” Amen.

He knew the time, exactly, because God opened the Mystery. My! Such a thing, friends, that in this Hour, the Holy Spirit is desiring to give the revelation but He has to get us in the condition. Hallelujah! When we understand the time, we could get into position, we could have the right kind of expectations. Hallelujah. So God was going to take Elijah up into Heaven, not the firmament, not the solar system, another Dimension. That's his destination. Heaven was his destination. Where is your destination?

You're in your earthly journey, right now. You come from somewhere; in the Thoughts of God. Amen. For years, we didn't know what was before birth and what was after death. All the religions were confused. The Jehovah's Witnesses say when the soul goes, that is like the wind. Seventh-day Adventists say you fall asleep; you're unconscious like you're in a coma. The Eastern people say that you have to reincarnate. Nobody understood what was before birth and after death, but it was sealed up in the Book.

When the Prophet came and the Seven Seals were opened, he began to show us, our names were put in the Lamb's Book of Life long before we came here. God determined what Age and time we would come in, what race we would be born into, which country we were going to live; whether you were going to be male or female. We had no choice whether you wanted to be a certain race. You had no choice, which color you wanted to be. You had no choice which family you were going to be born into. You had no choice which country you were going to be born in. Hallelujah.

God planned all these things because you fit into His purpose, like he told Jeremiah, "Before you were formed in your mother's womb I knew you." [Jeremiah 1:5 -Ed.] You are not the body; the body is muscles, it is cells. Your father and mother could produce a body but they couldn't produce a soul. The soul is God's thoughts. And God expressed his thoughts as Word, an attribute, part of Himself. And he prepared a body, so the Word in you could be put in that earth, and you waited until the Light of the Hour would come to you. And in this Day, at the rising of the S-O-N, that Quickening Power, that Son-Light, that Scriptural Light began to come across the face of the earth.

The same way the solar sun shines on every country on the planet, so the Scriptural Light had to come across the path of the seeds of God in this earth [Bro. Vins indicates his body -Ed.]. And God begins to quicken that seed

and under the Message of the Hour, he begins to take away your amnesia. He begins to tear away the veil that you could know as you were known, and you begin to wake up into a new realization that *you* are not the body, *you* are the soul on the inside; God's son and God's daughter. Hallelujah! Glory! You are part of the Family of God.

When he opened the Seven Seals and took you into the Family Album, you began to understand your life because you know what kind of strain you are. Amen! You began to understand your potential. You see one of your Family named Enoch, raptured. You see one of your Family, Elijah, raptured. You see your Father, Jesus, God, in the flesh, raptured. Hallelujah. You know that Rapturing Faith is in your Family. In your lineage, they broke dimensional barriers. You have the potential to break dimensional barriers. Hallelujah! Oh, thank You, Lord. Glory to God.

When we look in the Scriptures... amen, hallelujah! Now watch here. God was fixing to take him up into Heaven;

... *by a whirlwind,*

A mode of transportation; the kind of transportation to take him to his destination. Hallelujah! On earth, there was no kind of transportation that could take him there. Hallelujah! A boat couldn't carry him There. Motorcar couldn't carry him There. An aeroplane couldn't carry him There. The astronauts with their spaceship couldn't carry him There. To go There, transportation from There has to be sent. The Transporter is sending the transportation to pick up the one who is to be transported. Hallelujah! Oh my! Glory!

Now, you know airlines, they have their headquarters or their operational base in certain places. Amen. So, in their information system, they know that they have a schedule of flights. And they have offices that if you are interested in making a trip to a certain place, to one of

their destinations, then they can transport you there. So you go into the office, if it is a Baptist office, you can only go to a Baptist destination. [Bro. Vin laughs -Ed.] Hallelujah!

Whichever office you go to—some airlines only make little domestic flights, but sometimes if you have to cross the Pacific or the Atlantic [Oceans -Ed.] and you need a 747 [wide-body airliner and cargo aircraft -Ed.], you would have to go to an office, where there's the type of transportation to take you to that destination. And when you go there, they would tell you the price, and you will understand what kind of price has to be paid if you're interested in going to that destination. Amen.

They would give you a list of things that you cannot have when you go on-board because they have security. You don't necessarily think 'because I have a ticket, I am going'. Amen. You could have a ticket and still miss your flight because there are other requirements: you have to be in the right place. If you go to a domestic airport looking for an international flight, you might miss your flight. If you're just walking around, going through all the little duty-free shops, looking at all kinds of things, and you are taken up with all the little artifacts that they are selling, then your ear is not attentive to the announcements.

The announcements tell you: "Get to your gate! It's time to go through security. The flight is ready for boarding." But you are not listening to that—your shoe is matching your dress. You have your hand luggage over your shoulder. You have a nice passport holder. People in the airport are admiring you, "Oh my! I wonder where she is going. I wonder where he is going." He might be going back home if he misses that flight. Amen. Even though you get to the airport, there are a lot of announcements but you have to listen to a certain... you have to know which one is your flight. And there is specific information about leaving that is

on your boarding pass. You have to familiarize yourself with it.

Your luggage might be packed, and you might be well dressed, but that alone is not going to get you there. And the Message has come right down to this junction. There was a season the Message was telling you, “Get ready for the Flight. Go to the office. Go to that service.” Amen. You go to the office, and the representative of that company that is transporting you, they have earthly representatives who say, “Would you like an exit row? Do you want a window or you want an aisle [seat - Ed.]? Do you want a vegetarian meal or what kind of meal do you want?” Amen. And that is one stage of your preparation.

There is a next stage where you have on your calendar: ‘I am getting ready to go, that is my date.’ You arrange your ground transportation; “Remember, I have to be at the airport tomorrow.” And all your friends and everything, from the time you say goodbye, you move into another area where there are only travelers there. Amen. Hallelujah!

The whole bunch of people helping you with your suitcase, helping you pack it, telling you to make sure you have this kind of clothes to go there; giving you little books to read, say, “This is the kind of place you’re going to. I think you would need to know how to pack. You would want to know the conditions in that Place so I’m giving you this little book here: *The Rapture* [1965-1204 - Ed.], *Things That Are To Be* [1965-1205 -Ed.], *Who Is This Melchisedec?* [1965-0221E -Ed.]. Amen. You can get a look into the World where you are going. So you have to have the right Robe to be there.” Hallelujah!

Remember there was a man who had no robe, and before he could enter into the supper, he said, “Friend, where is your robe?”

And he said, “Well, I might get one when I go There.”

He said, “No, no, no, you can’t be transported; you have to go out.”

When your friends leave you, oh, you're all happy. Maybe you're on the phone, you're telling your family; "I'll be coming; coming soon. I am already at the airport waiting on my flight." And while you're there, you have some scissors inside your bag, you have something flammable, but the security is there to make sure that you don't cause problems for other people on this flight, or you don't endanger the lives of others. And this kind of security, from the time something beeps, "Empty your pockets and go back, and come again. Take your shoe off. Take every bit of metal off of you." Amen. They find some flammable thing, maybe a little temper and you could explode, carry on; they say, "That can't go, it is too explosive. You have to get rid of that." Hallelujah! Oh my!

That is why God is searching out our lives. The places He is passing you, you don't use your own route to get into the Plane. The Airport System has specified where you will pass from the time that you check in to the time that you board. Hallelujah! They would order your steps. And God was transporting Elijah but Elijah had some temper. He had some things to take out. Amen, hallelujah! Glory!

God knows where to pass us. He says, "Empty your pockets, take off your shoes." Opens up your shoes because they find that you're walking funny. Maybe something is inside your shoe. [Bro. Vin laughs -Ed.]. My! These security [guards -Ed.] are trained to observe behavior. Amen. So they are watching people; they let one person go, they didn't search them. The next one goes, they didn't search them. You say, "My! This is easy." And then all of a sudden they pull you aside, "You, come aside." They say, "We need to give you a body search. Go in that room and take everything off." Amen!

If you have to go on that plane, you have to submit to that. You can't argue and say, "I have my seat number. Look on the passengers' list, my name is there."

He says, “All of that is correct. You have your token, the fare has been paid, your name is in the passengers’ list, that’s why you should have no problem submitting to the test and the examinations.” Hallelujah! Glory!

We know we are going, but we have to stand the test. We have to be scrutinized and God is the One Who is ordering our steps. So He said, “Elijah, come on, you have to board soon. Today is your Flight; leave Gilgal, go to Bethel.” He said, “Come on, you’re at Bethel too long, time to move.” And he is getting boarding announcements. “Go through Security.”

He said, “The Lord told me to leave here, now. The Lord told me to go to Bethel. I don’t know what He wants me to go through there for.”

You’re going to Heaven. Amen. God doesn’t want any trouble in Heaven. Amen. Oh, thank You, Lord. My!

So look at those seven Things that I showed you. [2nd Kings, Chapter 2, verse 1 –Ed.]

¹ It came to pass; when [time]; ...the

LORD [the Eternal God]; ...would take up...

His purpose, that is to rapture His Church. ‘Take up’ which is Translation, move into another Dimension.

...Elijah...

Not anybody else, the Plan is concerning His Elect, not those in the Jezebel religion, no arrangement is made for them; the Elect who is walking in the present-tense Light for the hour.

...into heaven [the Seventh Dimension]

...by a whirlwind [a supernatural mode of transportation].

² And Elijah said unto Elisha, Tarry here, I pray thee; for the LORD hath sent me to Beth-el.

The One Who came down to take him up has the appointed place, and time, and day, and moment, for the catching away. He said, “You may be walking down to the pastor’s house, you might be in the bed, you

might be in the field, you might be (at your job) at the mill; the one shall be taken.” He said, “Those angels, they called them UFOs; they want to know what that is.” He said, “Don’t you fear, children. They will pick you up one of these days.” And look where we have come down to; look where we have come down to. Hallelujah!

Remember, after that great thing on Mount Carmel, that Jezebel system decided to launch an attack. She said, “I am going to fix you,” and she began to get ready to kill Elijah, a type of the translated saints. We have been warned. That Jezebel system is going to bring down a persecution. Hallelujah! We see that Jehu is already anointed to destroy that Jezebel system, that Purple Curtain in the land. Hallelujah! But the Iron Curtain is raised up to destroy that Purple Curtain. Hallelujah! And Jehu... God had told Elijah to anoint Hazael, anoint Jehu, and anoint Elisha: three anointings under that message. Hallelujah!

That was the Spoken Word of God that will bring it to pass in its season. Because 1st King 16: Jezebel married Ahab. 2nd Kings 9: Jezebel is destroyed by Jehu. So from 1960 until that Catholic church is destroyed by that Communist power that is anointed for her destruction to fulfill the prophecy of Elijah; that is unfolding all these years. And here, we see that power (as I showed you this morning) anointed and she was getting ready for a persecution.

Elijah became shook-up, and he was nervous, and he was under the Juniper tree, and he began to cry out to God. He was having a nervous breakdown when he realized that Jezebel had targeted him, and her troops were coming in with a persecution. He went way out in the wilderness to hide.

When he was out there, God said, “What doest thou here, Elijah?” Amen.

He was away from his post of duty. He became fearful because that Anointing had left him. Amen. And here

he was, he said, “Oh God, take my life.” He got suicidal. Amen. He said, “God take my life, I can’t go on like this.”

And like God told Paul, “My grace is sufficient for you.” Hallelujah! Glory! God said, “What are you talking about? Behave yourself, boy. You might be under a little stress and tension, a little nervous strain and pressure might be built up in you, and you’re talking about taking your life? You are going out of here without seeing death.” You are going out of here without seeing death. Hallelujah! Oh my, glory!

Now, the time had come, before Jezebel could get him—before Jezebel could touch this Bride—they want to bring that persecution but Revelation 12 tells us: the woman who crossed from the moon to the sun, who was travailing in birth and pained to be delivered, (and the great Red Dragon was waiting to devour the child) she was given two wings of the Great Eagle that she might fly into the Place prepared for her.

You say it types Israel; you’re correct, but their Seventh Trumpet is our Seventh Seal because Mary became pregnated, the virgin womb, Christ was being formed in Mary and Herod, the Red Dragon, that Roman power, wanted to destroy that Child, but by a channel of Divine communication, God said, “Take the child, flee into Egypt because Herod is mobilizing his troops.

Like Bro. Branham told the story about Bro. Bosworth. Bro. Branham was driving with his family. They had a hard day; so many people all around the house; so many sick people. Finally, when they left, his wife was crying in a corner. She said, “Bill, I am going out of my mind, I can’t handle this stress.” She said, “Look these children are fighting; they are hungry, they haven’t eaten all day. How can we live like this?”

And when he saw what was happening to his church (his wife) under that stress, difficult times; he said, “Honey, come, I will help you prepare dinner. You’ve never tasted my fried potatoes yet.” Oh my! He put on the apron and he held his wife and he was just touching

her. He said, "Honey, you know last week, I was in the city. I tell you I saw some fine dresses in that store. Oh my! I'm thinking of buying you a few." He said, "I see a little smile come on the face." He said, "She didn't know that when I had my hand on her I was praying in my heart, 'Lord, quiet her. Quiet her.'" He said, "I am projecting the Love that is in me and the peace that is in me into her body."

That is what the minister does by the revelation. God lifts him up in a Place; he comes to his congregation. Oh, there are all kinds of fusses and stews, people under pressure, nervous, but he pours that peace into the people. Amen. He said, "All of a sudden she gets busy peeling those potatoes, and he decides to carry her for a drive." He said, "Come, let me take you and the children for a drive." He said, "And we were going around the mountains. I was taking them way up in the mountains. And as the car was going up, going up, all of a sudden my windshield became very foggy." He said, "And I saw Bro. Bosworth getting off a train in South Africa, and a little while after I saw that he collapsed and an ambulance was taking him to the hospital."

He said, "And all that time, I was unconscious in the car because I was in the dimension of vision." He said, "And that car kept going 'round that mountain," just like when, in Fort Wayne, the girl was playing the music, and she saw the sick healed, and she raised up and lifted her hand to praise God and the Angel kept playing the piano; the Angel kept driving the car. God can drive. God is a good Driver. Hallelujah! Put everything into His hands tonight, trust Him with all your heart, He will take care of every circumstance. Amen. Glory!

The Holy Spirit told him, "Go and pray for Bro. Bosworth, right now."

He said, "Honey, I did not know what happened for the last five/seven minutes; I was in a vision. I saw Bro.

Bosworth in South Africa; he is sick. He is dying and the Lord wants me to pray for him, now.”

And here is Bro. Bosworth in South Africa with the little breath that he had, and the doctor examined him, “We cannot do anything for you.” It looked bad. And Bro. Bosworth told one of the ministers there, “Get Bro. Branham, quickly and ask him to pray.”

They went down to the telegram office and sent a telegram: ‘*Bro. Branham, Bro. Bosworth is dying. He needs urgent prayer right now.*’ Back in those days, they were sending those kinds of messages by telegraph. It was going to take twenty-four hours to get to the office in the United States, then the woman would call him and tell him the message.

Bro. Branham stopped his car, went out in the woods, prayed; came back in the car. And the wife looked at where the car was on the hill; so many feet down, she said, “You mean to say you didn’t know what was going on and I am in this car?” when she saw how many feet high, they were on that mountain there.

The next day, Bro. Branham got up, and the phone rang. “Is this the home of Mr. William Branham? We have a telegraph for you from Dr. Bosworth in South Africa.”

Bro. Branham said, “Could you read it for me?”

They said, “*Pray urgently, Bro. Bosworth is bad. He might not make it.*”

And Bro. Branham said, “Could you tell me what time they sent that telegraph?” And he found that it was the day before; it was twenty four hours ago. He said, “I went and got my World Time Chart.” He said, “The Angel of the Lord beat the telegram by twenty-four hours.”

By the time the telegram reached, they were getting ready to send another telegram saying, “*Don’t bother, Bro. Branham; Bro. Bosworth is fine. He would be back in the States in a couple of days.*” Hallelujah!

And so, when the great Red Dragon was fixing to take that child, Joseph laid down to sleep and the Holy Spirit dropped a dream and said, "Rise up, troops are coming. They are coming with orders to kill from two years old down. Blood will flow in this region tonight, nothing will be spared." And before those troops could get to that place, the Angel of God beat those troops by sending a dream; a communication with graphic instructions. While Joseph was asleep, God dropped over in the subconscious.

When the Holy Spirit is poured out in this Hour, old men will dream dreams, young men will see visions, your sons and your daughters will prophesy. What are dreams, visions, and prophecy? That's a communication from another Dimension. Hallelujah! That's information coming from God because you can't dream a dream. Hallelujah! You can't say, "I am going to dream about this certain thing." You cannot say, "I am going to prophesy this." It has to come by inspiration of the Holy Spirit, the Spirit of prophecy speaking through you.

Watch in that hour; It said the Woman is given two wings of a great Eagle. She is anointed to fly. [Revelation 12:14 -Ed.] And when the enemy came, the Bible said he couldn't get the Woman because the earth opened her mouth and swallowed up many of the troops to help the Woman. So she went to make war with the remnant of the Woman's seed. God, in prophecy, is showing *that* earthquake is also coming. Hallelujah!

When Jesus came to the end of His Ministry and it was time for the Resurrection, He was publicly crucified. He was already rejected in Pilate's judgment hall but at Calvary, He was put to shame and publicly crucified. The Masterpiece was smitten, but that's when He cried out with a loud Voice, the Voice of the Archangel, and the Old Testament saints that slept, many of them awoke and they came out with Him. And they were on the earth for forty days, appearing to

many, and then they were translated. Hallelujah! That's how it is going to be, in this Hour. In *The Rapture* he said: watch the order, how it was in the first Coming, it will be the same in this Coming. Oh my!

So, watch and see, my brothers. We see the economic recession. We see that Roman power took down the Jewish bankers and they needed her help to continue to operate. The same way they used a communist pope to bring down the Soviet Union, they used a German pope in the country where the Holocaust took place. The first pope that goes to a Jewish Synagogue, prays in Hebrew, asks the people for forgiveness, having closer fellowship with the Rabbis. And the Rabbis are asking back for the Menorah [The seven-lamp, golden lampstand used in the sanctuary set up by Moses in the wilderness and later in the Temple in Jerusalem -Ed.]. Because on the Arch of Titus [honorific arch showing the spoils of Jerusalem being brought into Rome -Ed.] when they destroyed Jerusalem, the Romans were coming and so they know it is in the Vatican. And they are having dialog because they have to win their friendship to get the Jews' money tied up. Amen! They are putting pressure on them to divide Jerusalem. Glory.

We see all these things moving in the earth right now. And just when that Jezebel system, after taking down this nation that many fled to for freedom of religion; they conquered it and took the wealth; they took the power of the nation. They eventually had complete control of the nation. Bro. Branham said the Roman Catholic church will come into full, complete control of the United States of America, and that 'woman' will lead that nation to its destruction. The next vision was 'the bomb' and, as far as he looked, the land was in chaos. Amen.

And so, we realize that we are at the time here, as Jezebel who was the power behind the throne: that beautiful woman, wicked in her heart that raised up, and Ahab was only a figurehead because Ahab needed her money to secure his kingdom, America, a bankrupt

nation, needs the Catholic wealth to secure their kingdom. And when they took control, now she began to write letters in Ahab's name and sealed it with Ahab's seal. It's in the Bible. So everything is being done in the name of the United States; that is how it is being done to keep the world desensitized.

That's why Elijah, God revealed to him when Ahab went down to possess the vineyard because they made Naboth look like a terrorist: "He broke the law. He deserves to die." They got their own witnesses, they used the media, they blackened him and crucified him. All the news was published: it was for blasphemy Naboth died. And they gave the people that lie to blind the people, but it was Ahab and Jezebel who had a scheme to take control of that territory. And when they went to possess it, Elijah said, "You didn't just come to possess; you killed and you came to possess." Amen.

Here we see in our Scripture, God had to move in on the scene quickly. The Rapture is coming as a way of escape because the last time you read of Elijah, in 1st Kings 19, he was crying out in fear because the orders were issued and he was targeted. Jezebel's focus was on him and he had to go into hiding. Amen. But watch how God is coming down on the scene now for Translation. Translation is on God's mind. Amen. This is what is on God's mind.

From the time the Prophet opened the Mystery of the Rapture so we could understand what the Coming of this Cloud was; what the Opening of the Seven Seals was; what is going to happen to the United States, the leading nation of the world; what is the plan of the Roman power—these Things were opened in the Seals. And that's why the Message was: a call to separate from Babylon and the heart of the children being turned back. Amen.

Here, the scene is, the living ones being translated, and I am trying to open to you and give you some insight on how the Rapture is coming. The reason God put five

Raptures in the Bible is that each one holds part of the Mystery for the people who are to be raptured because if it hadn't these Things in the Bible, we wouldn't know when, we wouldn't know how, we wouldn't know why; we wouldn't know what we must do.

If you want to be healed, the Prophet said to go in the Bible, find the Scripture that speaks on healing, get the Anointing of healing, and begin to apply that Word to the sick. And the sick see how God healed people in the past, they see the attitude of approach, they see how to come into healing; they see what is required in order to be healed. It is put in the Bible.

If you want to be saved, God put so many experiences of Salvation, of Baptism, all these things in the Bible. So, for you to know if you're baptized right, you can go into the Bible and find how people were baptized. Well, if you're going to get raptured, what are you going to look at? If you are going to be changed in your body, how will you know how you are going to be changed, and when you will be changed, and for what purpose you will be changed? It is in the Bible. Amen.

That's why it is put There because it is the source of our inspiration. It is the basis for our faith. It is to teach us how God did it in the past, and He is the same yesterday, today, and forever, that's how He will do it today. That's why He put it There. When the Prophet had to preach *The Rapture*, what did he do? He went back to Enoch, He went back to Elijah, He went back to Moses, He showed Moses and Elijah. And to the people in this hour, God said, "Look at how I did it in the past; look at how I am going to do it in the future." So, you can understand now, the Mystery is being opened, how you are going to come into this. Amen.

That's why, here, I am taking this because it had come to the place; Jezebel was using the power of the State to bring persecution. That's why I was showing you this morning: the time is coming back, and is here, when church and State are to be united again. And the

Prophet said what will cause it, is when the Catholic church takes control of the nation. And what will give them control? When they bail out the nation that is in debt.

What happened here recently? What was all of this; all this big bailout? They have not yet publicized, and they have not yet admitted that the system has crashed, so they are not using the word, but when some analysts took the records of the Great Depression and the Great Crash in 1989, they said that what has happened here is worse than 1989, and it's as bad as the Great Depression. And it will come to a place where the Great Depression will be small in comparison to what is coming because, after the Great Depression, it didn't come to a new world order, it didn't come to a one-world government, it didn't come to a one-world economy but that is what is coming now. Hallelujah.

That is what is coming now and the Bride's escape is the Rapture. Hallelujah! The Lord will take up Elijah. My!

Let me read something quick and close. *Countdown* [1962-0909M para. 129 -Ed.]: *I know that we're ready for God's great achievement. What is His achievement? To leave the earth. [Amen.] And God's Church [from horseback, motorcar, airplane, astronaut,] is leaving as an astronaut, to another world, which is Heaven. The countdown, it's on.*

Now, we are here showing by spiritual research what God has been able to achieve with people who will believe His Word. Now, to achieve scientific things, you've got to work in scientific lines. To achieve spiritual things, you got to work in spiritual lines. [1962-0909M para. 53 -Ed.]

On *Hear Ye Him* in 1960 [1960-0712 para. 35 -Ed.], he said: *Science is going to find God before the preacher does, if we don't watch it, in his researches. That's right.*

On *Conference* [1960-1125 para.40 -Ed.] he said: *Trouble of it is today, science is going to find God before we do. They*

are searching in the realms. They got lie detectors, and things, and they can prove that there is a power.

Look at the church today. Peter had a Lie Detector. Is that right? That Lie Detector is missing in the church, yet science has one. All those ministers in denomination, preaching the lie; preaching the lie until the people believe the lie more than the Truth. They would die for their denomination and nobody there has a Lie Detector to say, "No, that's a lying spirit in your mouth. That's a trinity doctrine." Amen. Hallelujah!

On a message called *Expectations* [1953-0214 Only Believe para. 10 -Ed.] ...*science has taken man farther with his five senses than we have with his soul.*

[1954-0515 Questions And Answers para. 57 -Ed.] *Science has taken man forward, more forward, greater things in his mind... And that's the only thing that he has, is the tree of knowledge. And science has taken him further than ministers has taken him with the Spirit which is unlimited.*

On a message *Have Faith In God* [1954-0900 para. 13 -Ed.] he said: *What's the matter with us, Christians? We have laid down on our job. Science has taken man further in his five senses than ministers has taken him with his soul, his spirit, which is super over his science.*

Let me explain it a little bit if I can break it down. You have a cell phone. Alexander Graham Bell invented the first telephone. It must have been a big thing like about, that [Bro. Vin shows the size -Ed.], real heavy. They tried to improve upon it. They had something like a little cone you put here [Bro. Vin puts his hand to his ear -Ed.] and then they kind of developed it and re-modified it. But in 2008 every little child has a cell phone: it stores numbers, it stores pictures, it stores music. They can call; no wires. Why? Science has gone further with it. They didn't say, "Alexander Graham Bell brought this," and that's it. No. They took the principle of that phone and it evolved, and evolved, and evolved.

They had the horse and buggy and then somebody got a thought (Henry Forde) to bring it from a horse and buggy to a motor car with horsepower. The Pentecostals put wings on it and took it in the air; they took it further. And today, they have the spaceship that could take man on the moon. Science has taken man further in the five senses from the Tree of knowledge. Their prophets began to bring out technological wonders.

They have a laptop. Look, we use a lot of their stuff right here that can help us; we have the microphone, we have these monitors, we have these speakers. They broke into a realm and they began to bring out these gifts; technological gifts, scientific wonders. And their people believe their scientists.

When their scientists say, "We are bringing out a new laptop or a new cell phone, or a new kind of camera," people are willing to sacrifice and pay the price to get it. Because these scientists are saying, "We will empower you. We will lift you up. You can do business at a distance. You could have this laptop; we could take a whole library, a million books, maybe about fifty truckloads of books. If you have to go up, floor by floor, in that library to search for a particular book, you might spend all week." If you have to copy the information, if you have to do an assignment, they say, "We will put this in your hand. You type in the word and you search and in a few seconds, it brings up everything, and you press 'print' and it is right in your hands. You have a CD-ROM, which has fifty truckloads of books. If you have to transport those books, we have the CD-ROM that you put in your pocket and you walk around, with the public library."

They broke into a realm because they are looking for ways to bring the people to a higher level. They say, "If you don't feel to go to the office tomorrow, you can do your work from home on your laptop because, with this laptop, your whole office becomes mobile." And people can't envision how the world has changed.

They bring a television, and they find a way – they are looking at a meeting or something, or a football game, and in one country it is Saturday, in another country it is Friday; in another country it is Thursday. And that game is being played on Friday; somebody who is into Saturday, they are already into Saturday but they could look back into Friday and see the game in another country. Somebody who is into Thursday could look over into Friday and see the game. Amen.

You could take your cell phone right here, stand five feet from me and talk to somebody in China; “Oh, we are having some nice meetings; I will talk to you later. We don’t have long again for the service to be over.” And you would be telling them the truth. [Bro. Vin laughs -Ed.] Amen. And I wouldn’t hear what you are saying, and they, ten thousand miles away, will hear what you’re saying.

People haven’t conceived what has happened.

You have a doctor in Switzerland, some Prime Minister gets a heart attack. His country is going through great turmoil; national burdens and pressures are upon him. He can’t handle the pressure. They rush him to the theatre but when they see the condition, they say, “Only one man can do that operation and he’s on vacation in Switzerland. He can’t come here on time because the airport over there is snowed over. What are we going to do?”

They call him by cell phone. He is skiing up in the mountains, away from houses; he answers the phone. It is a matter of National Security. He comes down, he tells them, “Okay, hook me up.” They put a camera right in that theatre and they start to transmit him, just like the streaming this evening. Amen. He is right in the theatre. He picks his team: “Give me the best person you have with anesthetics. I want two surgeons who have done at least five heart operations,” and he names his staff. They have the camera right there and he is walking them through the operation, how to do that

operation; “Tie off this artery. Come in on this side. Do such and such.” The operation is successful.

Science has given man that capability. Bill Gates [co-founder of Microsoft Corporation -Ed.] and Steve Jobs [co-founder of Apple Computers -Ed.], prophets in the technological realm, opened up the mystery and gave men the power for electronic banking. They gave doctors the ability to share information worldwide on any kind of crisis where they could work together. They gave the military the capability that the President, the Commander in Chief of the armed forces, he could sit in the White House and be on the battleground, and talk to the Generals and tell them what to do on the battlefield, though he is in the White House. He could order the attack from there. Hallelujah! These men opened a mystery and let loose a power and they raised the people up that you can go on your computer, go into the cyber world, go into Japan, buy a nice Land Cruiser [four-wheel drive vehicle -Ed.]. Go into London, invest in the stock market. Go into Los Angeles, buy some clothes, and you come back out.

They say, “I was waiting here half an hour for you. Where were you?”

“I just bought a Prado in Japan, and I did some shopping in Los Angeles, and I invested in some stocks in London.”

And the person says, “You’ve got to be kidding. You did all that in half an hour?”

That is the world they opened up. He said that Ministers from the Tree of Life ought to be getting the Things from God because the Tree of Life was sealed up by four Cherubim who had the Mystery of Seven Seals. Hallelujah! When the Seals were broken, man had access to the Tree of Life. And the Cherubim are not keeping us away from the Tree, it is pushing us to the Tree, “Get in the Word! Get in the Word! Get in the Message! Dig deep. God wants to open up the revelation. Get in There, abide in the Word, stay in It, He will reveal It to you.” Amen. Glory.

He said they've taken man further in his five senses than ministers have taken the Church in the soul. [1954-0900 *Have Faith in God* para. 13 -Ed.] When God wanted to justify the Church, He opened a Mystery to Luther, and Luther lifted the Church out of Catholicism. When God wanted to clean up the Church, He opened a Mystery to Wesley, and Wesley lifted the Church a little higher. When God wanted to bring gifts in the Church, He opened a Mystery among the Pentecostals, Scriptures, bringing Things from the Tree of Life. Hallelujah! And then the people began to speak in tongues, people began to have healings; have prophecies.

When God wanted to change the Church and bring it into Perfect Love, Perfect Faith, bring up the sons of God, He sent a Prophet who opened the full Mystery. Hallelujah! God made It available so every minister and every church has access to everything, so he as a scientist, in his laboratory, can see a Church knowing the approach to healing.

Jesus taught His Church about Dimensions. Jesus taught His Church about healing; He taught His Church about the Lamb's Book of Life; He taught His Church about the Ministry of Angels; He taught His Church about demonology. He was preparing a people to operate in the Supernatural. Hallelujah!

God sent us a man who used to live in two worlds because the original man in the Garden of Eden, used to live in two worlds and he was not bound by three dimensions. (I am closing now.) He wasn't bound by three dimensions; Adam could walk on the water. When God came down, Adam could commune with him. God was God of Heaven; Adam was god of the earth. They didn't have this kind of clothes. Amen. They were in a higher Civilization and when man fell, man became trapped in three dimensions and he was shut out from that Other Dimension.

In this dimension, he is bound by time, and he is aging, and he is dying. He knows, "The only way to get

out of here, we have to find a way to travel fast to break the dimensional barrier.” So from horse and buggy, they went to the motorcar, but the motorcar is just going a little faster than the horse; but they want to come out. Then they went to the aeroplane and they went faster. Then they came into the Astronaut Age: seventeen thousand, five hundred miles an hour, but they need to reach one hundred and eighty-six miles per second, the speed of light, if they want to start to break dimensions. Amen. And they know there is a final frontier of transportation, so they have it as science fiction, “Beam me up” and they’re imagining that you can go up. A light comes over you and dematerializes your body and then you appear somewhere else.

They have that concept but they are trying to find a key to unlock that way. They know that they could send your image by television into tomorrow and back into yesterday; it could break time zones. This is Sunday evening, some places it is Saturday, some places it is already Monday, and they know, your image and your voice can break that zone. They know if there is a way to send the image, there must be a way to send the body, but for six thousand years, they’ve only reached seventeen thousand, five hundred miles an hour. They are still flying around in these three dimensions.

Then the fourth dimension opened to them; radio and television, and when that opened, it started to change the minds of the people. The little children have for toys: a four-headed monster; one head like a bird, some kind of strange creature. The little girl has not a baby, not a little dolly, she has a Barbie doll who wears cosmetics and bikinis. And it is leaving an impression on the mind because these things are changing the way people think.

It has come to a place where we see God, in grace, has to open something to us, the spiritual scientists, that we can bring the church, in their souls, that in this late Hour, we are not fighting-up with people to not cut

their hair or to dress properly. That was the ABCs. That was the baby stage of the Church and in the Hour of the Rapture, it's a mature Church; a Church that has grown to perfection. Hallelujah! And it is laying in the Message but God has to break the Seals on some Things, for us to enter a little deeper on the inside, to realize what He has put in our hands so we can know how to use this for the benefit of the people, so the sick do not go back out sick, and the people don't sit down there with doubt and cannot get a hold of faith, struggling to believe, but a Word that can break the spirit of fear and release the Spirit of Love and Power and a sound mind, that could take away the spirit of bondage and bring the Spirit of liberty among the people; bring them to recognize their position in the Word (amen), unlocking a way to raise our people a little higher to break the fear barrier, to break the doubt barrier; to break the barrier of immorality. Amen!

When Wesley preached Sanctification, and he was just the stalk—the tassel, and he only had a little part of the Mystery but you couldn't walk into Wesley's church or Finney's church and see people dressed immorally. You couldn't see any worldly thing in that church because though they had one Mystery, they knew how to work with It and see the full power of It bring people into a sanctified state. We have Luther's Mystery, we have Wesley's Mystery, we have the Pentecostals' Mystery because God didn't take away, God kept adding. Hallelujah! And we have the entire, complete Thing to bring the Church up, now, in this Hour of the Rapture. Hallelujah!

In Luke Chapter 9, Jesus was on Mount Transfiguration, and Elijah who was taken up, eight hundred years after, came back and he came for a conference. He came with Moses who had died fourteen hundred years before. While on earth, Elijah read about Moses. He never lived in Moses' time. He lived six hundred years after Moses but when he had to repair

the altar, he could bring the people right back to the foundation that Moses laid.

When they appeared that day, both of them were coming together from the same World, by the same transportation. Hallelujah! And both of them were still prophets and they were talking to Jesus about His death at Calvary because both of them had the Mystery. Elijah killed the bullock, removed the plague, brought the rain back, ascended into Heaven, sent back the mantle; sent back the Spirit; Moses slew the lamb, Moses had the Smitten Rock, Moses had the Brass Serpent, and Jesus was going to Calvary to live out all this Mystery, in reality form. That was revealed to Moses. That was revealed to Elijah. Hallelujah. They were talking to Him about it.

So, the Hour had come, this Elijah, the kind of life he had, he was not traveling from Gilgal to Jericho, he traveled from one world into another World. And in Luke 9, he was leaving that World and came back to this world. He had broken into dimensional travel, this frontier of transportation, dimensional travel.

Adam was built for two worlds like Bro. Branham was built for two worlds. He left his body on the bed and he went over into the next Dimension, and there were trees and there were people, people he knew. He said, "I remember preaching at this one's funeral." And there was Hope, she came running to him. He said, "She still had the brown hair and the brown eyes." Hallelujah! But the brown hair and the brown eyes were in the cemetery where he buried her when he knew her, and that body had become dust in that cemetery because she died in 1937. And twenty-three years after, in 1960, he was beyond the curtain. Here he was outside the body, he said, "And I could look back from where I was. (Catch this!) I could look back from where I was."

Samuel came to Saul because Saul wanted to hear from the prophet, so he got a witch to bring him up because they were not moved under the Blood of Jesus

Christ yet, and so a medium could contact him where he was. When Samuel came, he said, "Thou enemy of God..." He so wanted to hear from the prophet.

Many people say, "I wish Bro. Branham was here. I don't believe anything these people are saying. I wish Bro. Branham was here; he will tell us what to do."

That sounds good if you don't know the Word because when Saul so desired to see Samuel, and Samuel came up, he said, "Thou enemy of God, why have you troubled me?" Amen. He said, "Tomorrow, this time, you and your sons will die in that battle." Where he was, he could have looked back and known there was a battle being set in array. All the Philistine troops had already mobilized in the land; set up their military installations.

Do you think Bro. Branham couldn't see that war in Iraq? Let me ask a question. What you think Bro. Branham is doing beyond the curtain of time? Do you think he is on a cloud playing a harp? Is that what he revealed to us you do Over There? I believe he is preaching.

You say, "Preaching to whom, and preaching for what?"

He is still doing, There, what he did here. He only changed dwelling places. What did the Angel say? "Jesus will come to you." You can't go there, yet. This is a place like under the altar. "He will come to you."

Sometimes people say, "How do you know those Things, Bro. Vin? Look where you are going with the Word, and those Things are opening; how are you seeing that?"

I say, "I believe the Prophet is preaching those Things, Over There because these Things have been revealed to him. But when the time and season comes and he is speaking those Things..." because, you see, that is another stage of life.

Understand this. We are born by sex, into this world. This is the place of trial and temptation. You can't get

trial and temptation in that other Realm, but even though they are There, they are not glorified yet. They have to come back to earth to pick up a body. They just can't go into the Millennium in that condition that they are in, There. They have to come back and pick up a body in a glorified condition. We, here, have a theophany There. They, There, left a body here, sown in weakness that would be raised in power; sown a corruptible body but would be raised an incorruptible body. Hallelujah!

Bro. Branham told us about the man who... they were driving in the desert. They hit this man, threw him up in the air, stopped the car and ran out looking for the man. They couldn't find the man. They said, "That is strange."

This world has entrances into the Other World. Elijah and Elisha were walking and the school of the prophets said, "You know God is going to take Elijah today?"

He said, "Hold your peace."

They were going again, more prophets rose up, "The Lord will take Elijah today."

Do you think only the Bride knows this is the Hour for the Rapture? Many denominational people are preaching this, but they don't know how you are going. They are not going because those people weren't going, but Elijah was going. Hallelujah! He was walking in the unfolding Mystery and in that Hour. He was in close contact with the Unseen World and the Voice was speaking, "Not yet, go to Jericho. Not yet, cross Jordan." And he told Elisha now, "Elisha, okay, it is close. If you see me go, ask what you will." Amen.

The Bible said that while they walked and talked, the Angels came, and It said It went right through them. And It might have brushed Elisha's coat and he looked for Elijah and he was not. He said, "Well, I was walking with the man. I was kind of saying, you know, 'like you're talking like you're going. I am going to miss you.'"

And they were talking like that and It went right through them. He [Elisha -Ed.] looked and he [Elijah -Ed.] was gone.

Science calls it a wormhole: *a secret entrance to another universe*. That is right here. It is not out there, somewhere. When he went There; he said: That isn't twenty feet from where I am. [1965-1205 Things That Are To Be para. 119 -Ed.]

Moses and Elijah were talking to Jesus about what He was going to meet in Jerusalem in the next few days. Where they were, they could look back here. Do you understand?

When Lazarus went to Abraham and he looked back to the rich young ruler, he said, "On earth, you had your good time; you ate good and you dressed good, and things were hard for Lazarus, but now he is here with me, and now you have your portion."

And the man said, "But let him go and tell my brothers."

Jesus is showing that though they are in that World—I showed you Samuel, Abraham, Moses, and Elijah; from There they could look back here. Don't you believe that Bro. Branham could look back here? Don't you know he is seeing his own prophecies coming to pass? I am sure many of the ministers have the same.

In my own church, I may have close to a hundred or more good believers who stood with the ministry, believed the Word, that over these last years, they have gone over just like Bro. Bosworth's people went over; just like the people that Bro. Branham met, had gone over before him. And when Bro. Bosworth went, they came to him, not Bro. Branham's people, the ones who got saved under Bro. Bosworth. When Bro. Branham went, Bro. Bosworth's people didn't come to him, the ones he preached to, came to him. Amen.

We have preached to some. Musicians have gone over There; songwriters have gone over There. We still sing the songs that they wrote here because it was inspired from Over There. When Bro. Branham went, he never

heard Message songs. He used to sing songs from the Pentecostal revival but since he went, tens of thousands of songs around the world are written about the Prophet; all languages, all cultures.

Don't you believe that while he takes a stroll to the people who are from this Age, who walked in this Light, maybe when he comes down this avenue, there is a little Chilean group singing in Spanish? He had never come to preach here in Chile, and he'd hear them singing, and There, he could understand the language. Hallelujah! There is no language barrier and he enjoys that song. Amen. And they'll want to fellowship with him about the Word, about the Resurrection.

Remember, when Jesus went down into Paradise, Abraham was down there waiting for this One to come. They died in faith, didn't receive the promise and they were waiting for a Resurrection. Job died in faith; though the skin worms destroy the body, the Redeemer was going to come one day. And Jesus had to go to them. That is what they said in Heaven, "You can't go back to earth yet, Jesus is going to come to you. He is going to carry the ones going back." Hallelujah.

Abraham called Sarah, "Sarah, isn't this the same One who came that day in Mamre?" Ezekiel saw Him, he said, "Look, the Wheel in the middle of the wheel." Job saw Him, "This is the One I saw in my vision." Hallelujah! After the Squeeze, Jesus was down There, talking with people from down through the Ages, who were going to have part in the Resurrection, who had believed the Message in their Day, who applied the Blood, who went up to the Feast; who kept the Word. And then Paradise was emptied out and they were back on the earth, and Jesus was back on the earth appearing to two on the road to Emmaus, appearing to Peter and them. And the others, appearing to people in Jerusalem and they hadn't been translated yet. Hallelujah. Glory. And while they were There, they

were knowing Him by the Word; they were waiting for Him. They knew that Hour was going to come.

What did they say Over There? “We don’t eat here, I am longing for something to eat. We don’t drink here, but we are going to go back to the earth.” [1963-0322 The Fifth Seal para. 407-Ed.] They weren’t saying, “We’re going to stay in Heaven, we’re going to stay in Heaven.” They were looking forward to coming back to the earth because they had a body to pick up; raise it in a glorified condition. And those Mysteries, Bro. Branham is talking about those Things with them. That’s right. He could look back here and they could know the time and the season. When he speaks that Word, It leaves There and It comes here, and men who are walking in the line of the Word, who are walking in the footprints of the Prophet, they get visitations; they catch inspiration. It leads them in the Bible, they say, “But where did that come from? It’s like I was sleeping and I got this thought. Something told me, ‘Go and pick up that book.’” Where is it coming from? Because it’s the time and the season and that influence is still coming, and we are still moving by that Word because he is not dead.

What do you think Abraham and they were doing? Without a body, Abraham said, “Sarah, remember the Man Who came that day when you laughed, tell me if this is not Him? I told you we are expecting Him anytime now.” Because as a prophet, in Paradise, Abraham could catch that, looking for the Resurrection. Jacob said, “Joseph, carry my bones out. Bury me in that land because that Resurrection is coming.” Amen! My!

Friends, you don’t realize that things concerning, before birth and after death, have been opened: under the Fifth Seal, theophanies; under the Sixth Seal, rewards; going up the ivory staircase for your labors on earth in the service of God; going out into the New World.

This revelation of Eternal Life, we don't think fifty and sixty years anymore, or "I'm getting old, I might die." We know the Age. Sure the body is getting old, but the inward man is being renewed day-by-day though the outward man perishes, and we are looking to the Things that are eternal. Amen.

Walk in the Word, my brothers, my sisters. This is the Hour, you will see these Things that I tried to share with you here; it's very strange how the Holy Spirit moved in Santiago. Rally around the gift in your church. Amen. God so loved, He gave you that. Living in the Rapture Age, He gave you a specially designed man. And, how we ministers ought to recognize too, that we are specially designed to be reflectors of the Eternal, and bring It down into time to put a people in touch with the Eternal. Amen. That's right.

Then this morning, pointing out to you the signs of the time, and we see those things and the modern events that are taking place; how that Roman power has gripped the whole nation. And I tried to show you that this morning: watch the coming-in of the Gentile dispensation; watch the going out. It was the Babylonian power taking the kingdom of a nation that came out and was established for freedom of religion, in the days after the Book of the Lost Truths was opened. And in that Book, It revealed that the Roman power was going to take that nation. And when the Book of the Lost Truths was restored in this Day, It revealed that the Roman power was rising up in that nation. And we have lived to see how she has taken these things down within this last year. Amen.

There were two major eclipses; a total lunar eclipse on February 22nd, and a total solar eclipse on August 1st – signs in the heavens. And when that happened, here were the kings of the East rising because that solar eclipse went over the Arctic Circle, passed down certain parts of India, parts of Russia and set on the Great Wall of China. And at the time, China was coming to the 29th

Olympics; putting man into space. India was putting unmanned spacecraft into space. Russia went and made an invasion and began to show their military authority; began to defy the United Nations.

The same way the eclipse passed, in February under the lunar eclipse. We had meetings in Honduras, went to Guatemala and had meetings; we were in Costa Rica and the moon went into eclipse. After the service, we were out in the streets; our brother's daughter called him. She said, "Look in the sky, there's a total eclipse of the moon." We looked there.

Then on the Sunday morning preaching there, over eighty percent of the people visibly saw the Pillar of Fire. The pastor came to the pulpit, he said, "I am not going to say what I saw, but how many of you saw something here in the service today?" The hands were going up everywhere. He had different ones come up to the platform and they were all testifying of the Pillar of Fire moving. We had eighteen services in all, maybe thousands of pictures were taken and in one, that picture that Sunday morning, there was the Pillar of Fire, just what the people saw was on the film also. And when that happened, I said, "Something is taking place."

February, March, April – May we went to Peru. Some of the brothers were there in that meeting. We didn't even know what was going on. I was following the things that were happening and I said, "Should I go and preach That?" But it was so upon me, I said, "I have to preach It, whether the people understand It or not." I went to preach. When we arrived in the city, the main avenues, there were only flags of nations and things written in Spanish, even in the hotel where we were staying. I didn't know what it meant. So I asked my brother, I said, "Read that in Spanish for me, what it is saying. Tell me what it is saying."

He said, “That is saying that there is a meeting in the next week. Heads of governments from around the world are coming to Lima for an economic summit.”

I said, “Are you serious? Is that what that is saying?” I said, “That’s what I come to preach.” I began to preach the service; began to testify to the people. The people began to wake up because they were seeing those Things. Then we preached those messages, went down into Columbia, testified to some of the brothers. And so, they decided they wanted to have a conference because they saw the need for ministers in this late Hour, with what was coming, to get the churches sensitized. Bro. Peralta [Pastor Pedro Peralta, Santiago, Chile -Ed.] and Bro. Patricio [Pastor Patricio Meneses, Arica, Chile -Ed.], they desired to have *this* meeting, out of the fellowship of *that* meeting.

I understood when I came that ministers gathered and looked at one of the services in a ministers’ meeting. When we were in Arica, people in Bolivia had already seen it. All the ministers who were there in Peru, who organized the meeting; they came down because they wanted to follow up, what was happening. I preached the three services on Noah, and my brother told me, he said, “You had to preach that part because, in May, you showed the people what was happening, and what is coming.” He said, “But now, you are showing the people how to prepare to go out, what to do; how to escape what is coming.”

It’s a very late hour. It’s an hour where we have to walk in close contact. When Enoch was going, Enoch knew he was going. He had lived out the Mystery in that pyramid. He had entered from the seventh step into the king’s chamber, where there was an empty coffer, and he was not. And *we* came to the Seventh Step, where the Messenger on the Seventh Step moves us into the King’s Chamber. Amen.

Friends, Enoch named his son Methuselah. Methuselah means: *When he is dead, the flood will be*

sent. They understood. Elijah knew when he was going. Jesus knew when He was going. He gathered all of them and told them, "You all go to Jerusalem now and tarry, not many days from now the Holy Spirit is coming. Go into Jerusalem." And a Cloud took him out of their sight. Amen. On the fortieth day, he went.

Moses and Elijah, it's written in the Bible where they will die (in Jerusalem), how they would die, how long they would stay dead (three and a half days), how they will be received out of the sight of the people (by a Cloud), how long they will preach. It is all written in Revelation 11. When these men come, before they die, they'll know when they would die just like Jesus; He knew where He was going to die: in Jerusalem. He knew how He was going to be killed. He knew in three days He was going to rise. They will know the same just as we know it. Amen!

Then if Enoch knew, and Elijah knew, and Moses and Elijah will know, and Jesus knew, don't you think we will know? Don't you think we will know, friends? Then where are we living our lives, so we could receive this transmission? In the day he was to go up, God was speaking, "Move from here to here. Move from here to here." He was moving into position for Translation. He was walking in the line of the Word. He knew his earthly journey had come to an end. He was going to his eternal Destination. Let us stand to our feet. [Congregation gives a round of applause -Ed.]

I want to read you a quote, as we go to pray, to see if this is your desire in your heart. It's out of *Revelation, Book Of Symbols*. If you know the Lord is fixing to take you up, anybody going into that Dimension, science can't take them there but by God's plan, by Justification, Sanctification, the New Birth, becoming the Word is the way to go There.

Revelation, Book Of Symbols: [1965-0617 para. 55 -Ed.]
 ... Angelic beings associate together. [He said] Oh, I hope you get that, that just dropped down right, free. Look! If

you've got the Holy Ghost in you, then you are a candidate for association with the unseen world and the Supernatural. But when the Holy Ghost comes in the heart, quickly he becomes a twofold being: one of earth, to die; one of Heaven, to live. In his body, he's still subject to death; but his soul has passed from death to life. In this body, he has earthly contact with his five senses; in his spirit, he has a contact with God through the Holy Ghost. And the Angels of God visits them and speaks with them, and they are Messengers sent from God to reveal, and to bring messages from God to the individual.

He said: [1965-0617 para. 103 -Ed.] *Wouldn't you like to live where you're conscious that the unseen world is right with you all the time?*

That's my question. Wouldn't you like to live where you are conscious? If you have to go in the Rapture, and that Hour is come, and this is unfolding, how close to the unseen World are you living? How sensitive are you to the presence of angels around you?

To realize, when you walk out there and you get in your car, Angels take their position to the side of you. And when you walk up yonder to that man, so unlovely to you, that the Holy Spirit is standing right above you, and Angels all around you.

[You say,] *"Is that right, Brother Branham?"*

The Bible said so. "The Angels of God are... are camped about those." They don't go back to Heaven; they camp there. They're sent on missions to watch you through life's journey. [My!]

Influence [1963-0803E para. 81-83 -Ed.]. He said: Jesus said, "Where two or three are gathered in My Name, I'll be in their midst." Then that makes Him in a world that we cannot see [with our five senses, our five senses don't contact Jesus.] Jesus Christ is here, present. If we could be so conscious of that!

...the Angels of God are moving with you wherever you are.

Listen close to this now: *They watch everything that you do, every thought that goes through your mind, and They know all about you. Therefore, we must be conscious of that.*

If we are not conscious of it, then you act anyway.

They know every thought that goes through our minds. The Bible says: Bringing every thought into captivity to the obedience of Christ; the Word is mighty to pull down strongholds, and we have a readiness to revenge all disobedience that our obedience might be fulfilled. [2nd Corinthians 10:4-6 -Ed.]

So people mostly, today, too many people, are not conscious of the Presence of the Lord Jesus, that's the reason we have things that we have going on now, that's not right.

Because they are living their lives in a place; "The pastor is not seeing me. My father and mother are not seeing me." Then their friend is holding a secret for them and angels all around them are seeing. And that Blood that is still hanging there, that is slowly moving; that is the Bumper that when that sin goes, it cannot get to God, like he showed the Prophet, his sin was going and hitting that Blood. But think. That is moving because soon, that Door will swing shut and he that is filthy will be filthy still. He that is holy will be holy still. He that is righteous will be righteous still.

Gehazi was with Elijah. He said, "Master, the Syrians are coming. Can't you see I am trying to warn you? Let's run."

The prophet said, "Relax. There are more with us than with them." He said, "Oh God, open the boy's eyes."

The boy was worked up and the prophet was calm. So, he thought that meant the prophet was unconscious, but he wasn't unconscious. It was what he was seeing that had him conscious, had him calm. Amen. He said, "Lord, open the boy's eyes." He began to pray that God would raise the boy's awareness to a

higher level. If I could help raise your awareness to a higher level.

If you could be conscious; “I am expecting to go,” just like the person who is traveling, they are counting the days. They have their ticket, they have their passport; they put it all together. They have their suitcase packed. They put the clock to alarm. They don’t want to get up late because they are so conscious, “Today is my flight.” They meet a traffic jam going to the airport and they get a little nervous. They begin to look at their watch. They are so conscious of the time. They get to the airport and they see the counter is about to be closed, and they are running, and the person says, “The flight is closed.”

You say, “I’ve got to go, it is important. Let me talk to the supervisor.”

And he says, “Okay, quickly, your luggage may not go with you but come quickly.”

And they begin to take you through, straight to your gate. You are in desperation because you are conscious that the time is here. If a natural flight, just flying around in these three dimensions, you could put so much effort: try to keep the time, have the right things packed for where you are going, put all your documents in place; make sure you have everything so that you would have no trouble when you reach, what about something as great as this?

Look at yourself, see what kind of effect the Message of the Hour has upon your life. See if in your heart, you really want to go or if you are the kind of person who is saying, “Lord, don’t come yet. You know, I still want to enjoy this, and enjoy that, and do this,” or if your heart is crying out like John in the Book of Revelation, “Even so, come, Lord Jesus! Oh, I want to see Him, to look upon His face! He is my life!” Like when Bro. Branham crossed over and millions were coming, “Oh, Bro. Branham, Bro. Branham,” and in the midst of all of that, he asked, “Where is Jesus? Where is Jesus? I

want to see Him. He has been my life.” He was out of the body, the body was on the bed. It proved, on his inside, he had really loved the Lord, he really lived for Him, he really wanted to see Him. See in your own heart if that’s the way you feel. See if that’s the way you feel.

If you don’t feel that way tonight, ask Him in simplicity, “Lord Jesus, fix my heart, like David said, “My heart is fixed and my soul follows hard after You. As the hart panteth after the water brook, so thirsteth my soul for the living God.” [Psalms 42:1 -Ed.] Raise my level of awareness, Lord, that I could be conscious that the unseen World is with me all the time.”

How many desire that tonight? You want to lift your hands and say, “Brother, remember me. I believe the Coming of the Lord is at hand.” I lift my hands together with you. Almost every hand is up. Let’s just bow our hearts.

Lord Jesus, we have come to the end of these meetings. Oh, gracious God, sometimes we think there are so many things we want to say, but we realize that that is not possible. But Father, in these few fleeting moments, we trust that what has been said, in some way, Father, has touched the hearts of Your children to sensitize them, to make their level of awareness rise a little higher; to stimulate the desires within them for a closer walk with You, like Enoch was walking with You and had a testimony that he pleased You before he was translated. What kind of testimony do we have, Father? Is our testimony pleasing unto You, Lord?

Oh God, we know it is getting to time to go. As we are going through Security, we hear the Scanner is beeping; we have things that cannot go. Help us tonight, Lord, when Your Word is quick and sharp and powerful, a discerner of the thoughts and intents of the heart, Who knows our motives and our intents. You don’t judge us just by what we say, but the reason why we say that; the motive and objective behind it. We don’t want to pretend, Lord. We want to be truthful from the inward

parts. Search us, oh God, and know our hearts today. Try us, oh Saviour, and know our thoughts, we pray. See if there be, some wicked way in us, and cleanse us from every sin and set us free.

Lord Jesus, we want a deeper fellowship; we want a closer walk; we want a more conscious life. Give us more of Your Holy Spirit, this Quickening Power that can move us into that channel. May You grant it tonight, Father. As ministers, Lord, we feel embarrassed when we see science has taken the natural man so far; scientists who labor day and night, how those people pay such a price for those gifts from that Tree of knowledge. It gives them a revival; it empowers them, they have confidence. They know how to use the gifts that science has given them; yet, Lord, we have been so lackadaisical, so slothful. Lord, we have not sought You as we ought to; we are waiting for something to fall out of the sky. But Lord, let us seek You with all our hearts, like You told Jeremiah, "When you seek Me with all your heart, I will be found of you. I know the thoughts that I think of you, thoughts of peace, and not evil. I will give you an expected end." Oh God, give us that tonight, that Lord, we can see the Holy Spirit bringing greater power in our lives: power to pray, power to lay down our lives, power to forgive, power to humble ourselves; power to be truthful. Oh God, may You grant it tonight, Jesus.

Bless Your servants: many have labored unceasingly, many have worn down their health, many have not been as encouraged as they should be, many have built complexes. Let the congregations, as a wife, just one touch, Father, on the husband, she could take away the tiredness and the strain that is upon him when he comes home in the evening, so let the Church know how to encourage Your servants by adhering to the Word, by rallying around the gift that Your Holy Spirit can work freely and effectively in the churches.

Bless the families, bless the officers, bless the cooks, bless the musicians and the singers. Bless all that labored, Father, so much sacrifice has been put into the services. May You reward Your servants. May You send down the blessings on the churches. May You hear every prayer tonight, coming up from every heart before You. Grant it, Lord. How we appreciate You. We thank You for your grace. And as we see the darkness enveloping the world, Lord, let Your Light shine brighter among us, and Lord God, where we could be sensitive to the leading of Your Holy Spirit.

Keep us in close contact, Father. Keep us under Your guiding influence and let Your Word be a lamp unto our feet and a light unto our pathway. May You grant it, Jesus. Let there come forth such a surge of the Holy Spirit to empower Your Church that we could be so quickened in this Hour. Blot out all our transgression from among us. Remove it completely, oh God. Break the spirit of condemnation. Drive away the spirit of fear and doubt and may the Spirit of love and of power and of a sound mind, the Spirit of Adoption, sonship, come into the hearts of Your children. Grant it, Father.

Bless Bro. Elias, dear God, for laboring day and night, Lord that the people might understand; laboring and interpreting, Lord. May You undertake in every way for him, and may You supply abundantly the things that he has need of and the prayers of his heart. May You give to him, Father, the desires of his heart, in the Name of Jesus Christ.

Lord, we love You. We salute You, Father. We lift our hands to You. We honor You, oh God. You are our God. There is none beside You. We love You, Jesus. Oh, we thank You this evening. How great Thou art! Blessed be Your Name. Thank You, Lord.

God bless you. We love you in the Love of Jesus Christ. You have encouraged us so much; coming among you. We trust that we have been a blessing to you, as you have been to us. God bless you. Let's press

the battle. Amen. Let's look up, our Redemption draweth nigh. It is nearer than when we first believed. Let us awake and put on the breastplate of faith and love, and march on, forward; onward Christian Soldiers.

God bless you all. And all God's servants; may God bless you and your families, and prosper you and your churches. And may from this day, you see a great change, great blessings, great breakthroughs that the Holy Spirit will give to you.

As God's servant, our beloved Bro. Peralta comes – a man that we love greatly, a servant of God, we appreciate him; let us give a hand to God's servant. He had a great meeting; made great sacrifice, he and Bro. Jorge Flores, they sacrificed a lot for the service. May God bless them.
