### pop. shaving tech.

fig. 1 to start: it is important to use a mirror when shaving, as well as lots of hot water, shaving cream and a good razor.

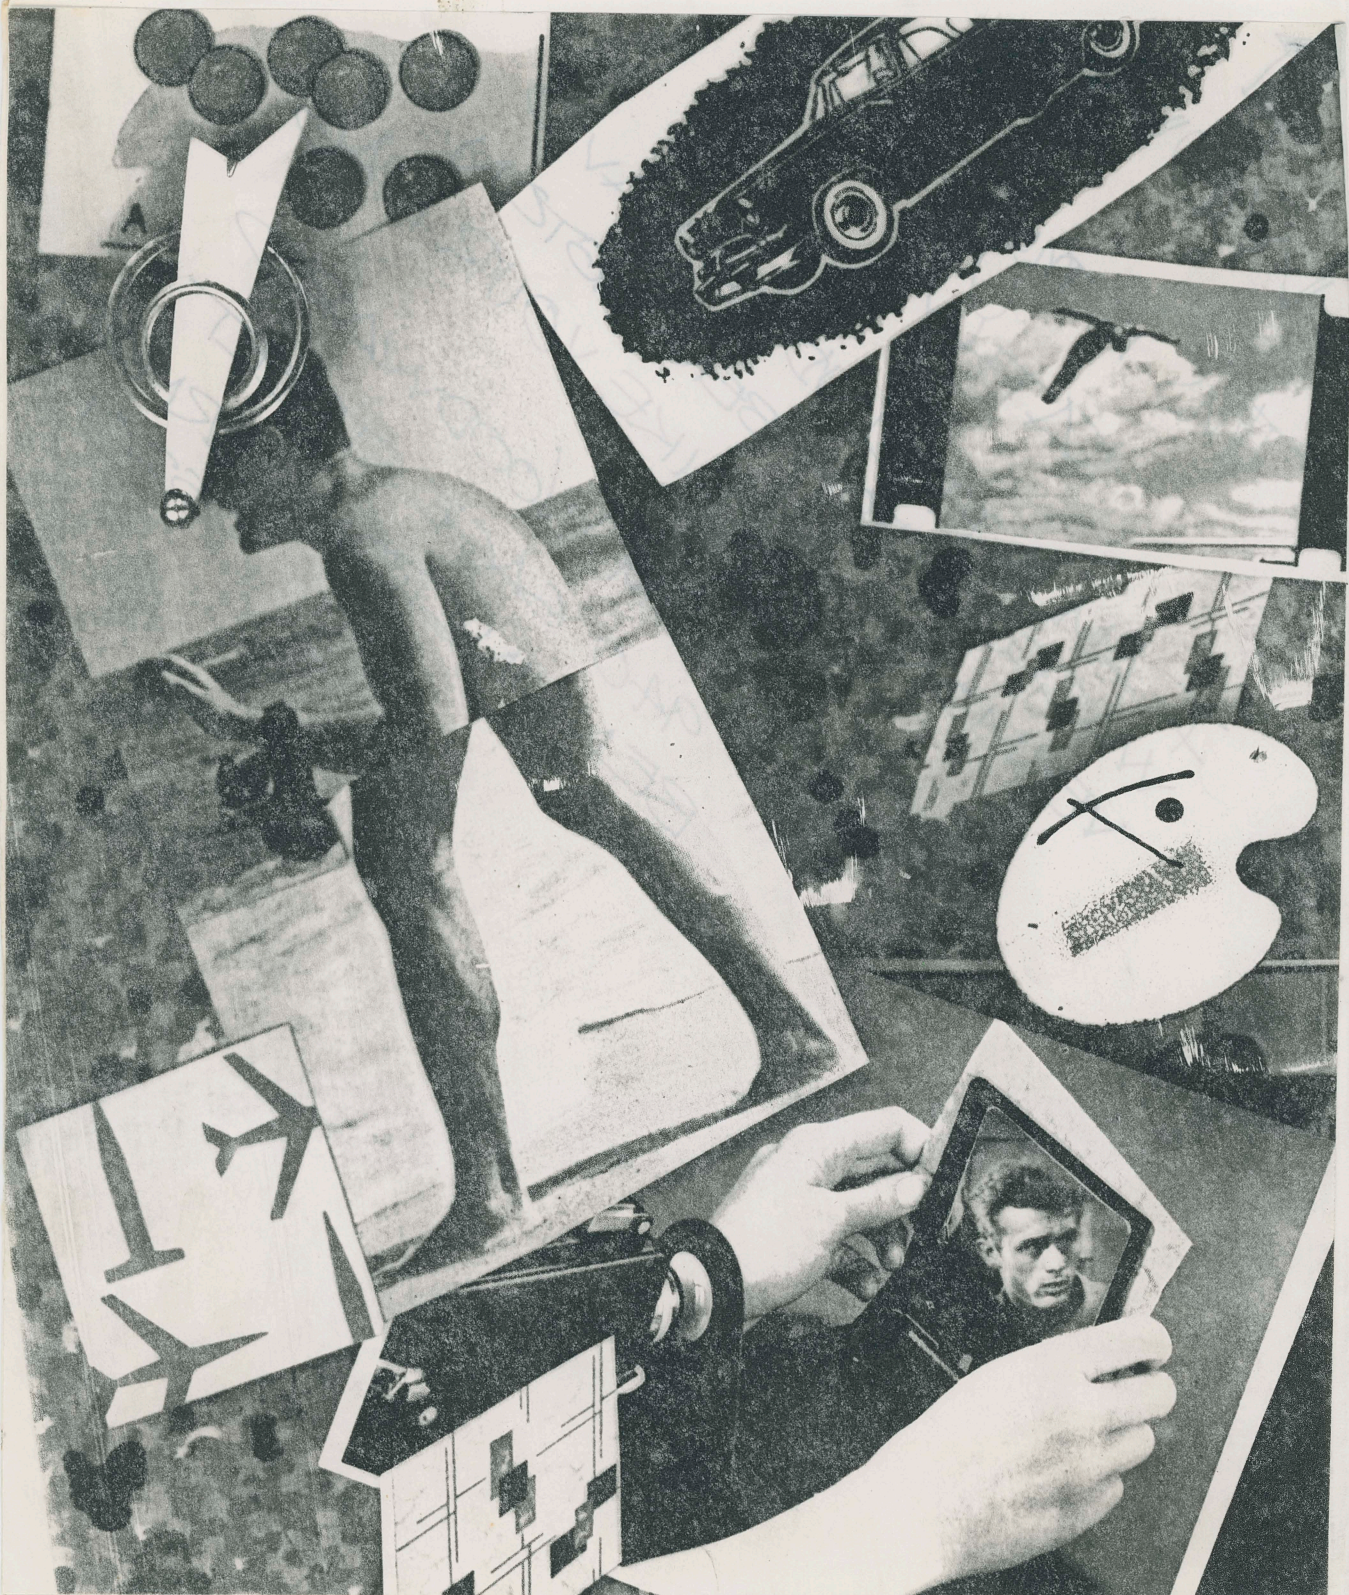

fig. 2 pulling the skin tight w/your free hand assures a closer, cleaner shave.

fig. 3 shaving twice w/less pressure gives you a better shave than once w/force. don't forget to shave those stray hairs on the neck. when shaving always do a through job, no shortcuts.

B.C. Excuse me, alot of people don't like pain?

I.K. Pain? No, do you?

B.C. No, because it doesn't feel comfortable.Cause it looks awful.

I.K. Sometimes you don't see. it though. Some pain ~~no one~~ can see.

B.C. Have you heard of people who go into stores and get something without paying?

I.K. Stealing. Yes, we've heard of those people.

A.N. I know a few.

B.C. What happens if they do that?

A.N. They go to jail.

I.K. Sometimes they go home, and they have the new stuff.Sometimes they get caught and they get in trouble.

B.C. But sometimes they get home?!

I.K. (laughter) Yes, you don't do that, do you?

B.C. NO.

A.N. But usually they get caught, eventually.

B.C. Up there?

I.K. In heaven. Hey, I'm going to the dentist soon Bill, I'm getting my wisdom teeth pulled.

B.C. Will they put you to sleep.

A.N. Sure its real bad, they'll put her out.

B.C. What is the name of your dentist?

I.K. Dr. Firestone.

B.C. So, will they put a mask over your face to put you to sleep?

I.K. I don't know yet.

B.C. Excuse me, is Sodium pentothal the mask they put over your face?

A.N. Sometimes.Then they make you start counting.

B.C. For how long?

A.N. It depends - When you stop counting in sequence, then they know that your going under. I,2,3,4,5,9 I8, 25...

I.K. You woun'dn't even get that far. I only got to 2 with ether.

B.C. So, when your out, its like sleeping in a bed or something?

A.N.Deeper. I don't remember ever dreaming.Your out like a light.

B.C. Out like a light? - I have a dentist appointment this month.

(laughter from Bill)

A.N. Whats so funny?  
B.C. I'm excited, about going to the dentist.  
A.N. WOW! I don't know anyone who likes to go to the denitst!  
I.K. I do! But not for surgery.  
B.C. SO your dentist's name is Dr. Firestone? Is it in a small building?  
I.K. Yeah, it looks like a cheap Japanese restaurant.  
B.C. What does root canal mean?  
I.K. Its when the cavity is so bad they can't just fill it. Look! (opens mouth) See fillings? The tooth is so bad they have to drill a hole kill the nerve, they file it down to about  $\frac{1}{2}$  it's original size. Then they either put a crown or a whole tooth over it. (opens mouth) See that gold, thats where I had my root canal.  
A.N. You had one? I didn't know that  
I.K. Thats when my face blew up. Because me tooth abcessed. Filled with pus.  
B.C. What does pus mean?  
Laughter from I.K & A.N.  
I.K. When you get an infection, because you let it go for a long time and you don't go to the dentist. You've gotta go to the dentist all the time, Bill! I didn't, so my tooth got infected and my face swell-  
ed up. ON my BIRTHDAY!! I was blind in one eye it was so big!  
B.C. Did they put you to sleep?  
I.K. No, I coundn't have anything because of the infection.  
B.C. Did it hurt?  
I.K. Yes. I felt like Duston Hoffman in "Marathon Man".  
B.C. Excuse me, When they pull teeth and drill holes, do they use novocain?  
I.K. Yeah. It doesn't hurt if you have a good dentist. Why are you going?  
B.C. I don't know yet. I like teeth cleaning.  
I.K. I do too! Do you like to brush your teeth?  
B.C. Yes.  
I.K. Its fun huh?

Here, Kathy (after letting it cool) returns the alledged Skylab to a close scientist friend, only to find out it was just another Malibu rock!
