

CHARLOTTE, NC HUB

AHA HeartCode® in Charlotte

A modernized approach to life support training that pairs flexible online learning modules with a rapid 30-minute self-service skills verification session.

BLENDED LEARNING

Modern Two-Step Learning

Achieving your official **CPR Certification in charlotte** is faster than ever through our blended training approach.

First, master didactic simulations online at home with AHA HeartCode®. Then, drop by for an automated 30-minute hands-on skills session.

FOUNDATIONAL PROVIDER CARE

Basic Life Support Program

Designed for healthcare professionals, this self-paced **AHA BLS Class** covers high-performance CPR techniques without long, boring classroom lectures.

- High-quality adult, child, and infant chest compressions
- Automated External Defibrillator (AED) pad application and operation
- Bag-valve-mask ventilations with tight airway seals
- Team-based resuscitation dynamics and choking response

ADVANCED CARDIOVASCULAR SUPPORT

Advanced Cardiac Care

Elevate clinical decision-making with an **AHA ACLS Class** tailored for physicians, nurses, and acute care teams.

Master ECG rhythm recognition and cardiac pharmacology online, then complete your hands-on verification in 30 minutes.

PEDIATRIC RESUSCITATION

Pediatric Advanced Care

Pediatric healthcare teams rely on the **AHA PALS Class** to master swift emergency protocols for infants and youth experiencing acute medical distress.

- Systematic pediatric assessment and vital sign evaluation
- Management of respiratory distress, failure, and shock states
- Pediatric resuscitation algorithms and precise drug dosing
- Multidisciplinary teamwork during pediatric code scenarios

QUEEN CITY COVERAGE

Convenient City Locations

CPR Cart delivers convenient access across the Queen City with three prime facilities:

Uptown Charlotte at 525 N Tryon St, North Charlotte at Perimeter Parkway, and South Charlotte at Ayrsley Town Blvd.

OFFICIAL AHA ACCREDITATION

Same-Day eCard Delivery

Immediate Credential Issuance

No waiting days or weeks for accreditation approval. Once you wrap up your 30-minute automated skills check, your official AHA Provider eCard is generated instantly.

Fully accredited and universally recognized by Charlotte health systems, academic programs, state licensing boards, and employers nationwide.

SELF-SERVICE INNOVATION

The 30-Minute Skill Cart

Our self-service CPR Cart features Voice-Assisted Manikin (VAM) simulation technology, delivering objective, real-time coaching without any stress.

- Real-time audio and visual prompts on compression depth
- Continuous feedback tracking target rate and chest recoil
- Ventilation sensors preventing excessive volume delivery
- Practice until confident with unlimited skill attempts

HEALTHCARE COMMUNITY

Trusted by Healthcare Pros

From hospital physicians and registered nurses to dental staff and corporate rescue teams, Charlotte professionals rely on CPR Cart.

We eliminate cumbersome 8-hour classroom sessions while safeguarding the most stringent resuscitation standards.

CLINICAL MASTERY

Hands-On Precision Testing

During your brief in-person appointment, the automated simulation cart benchmarks critical resuscitation metrics to guarantee life-saving efficacy:

- Target compression rate calibrated to 100–120 beats per minute
- Proper adult chest compression depth of 2.0 to 2.4 inches
- Complete chest wall recoil to maintain coronary perfusion
- Adequate tidal volume delivery to avoid gastric inflation

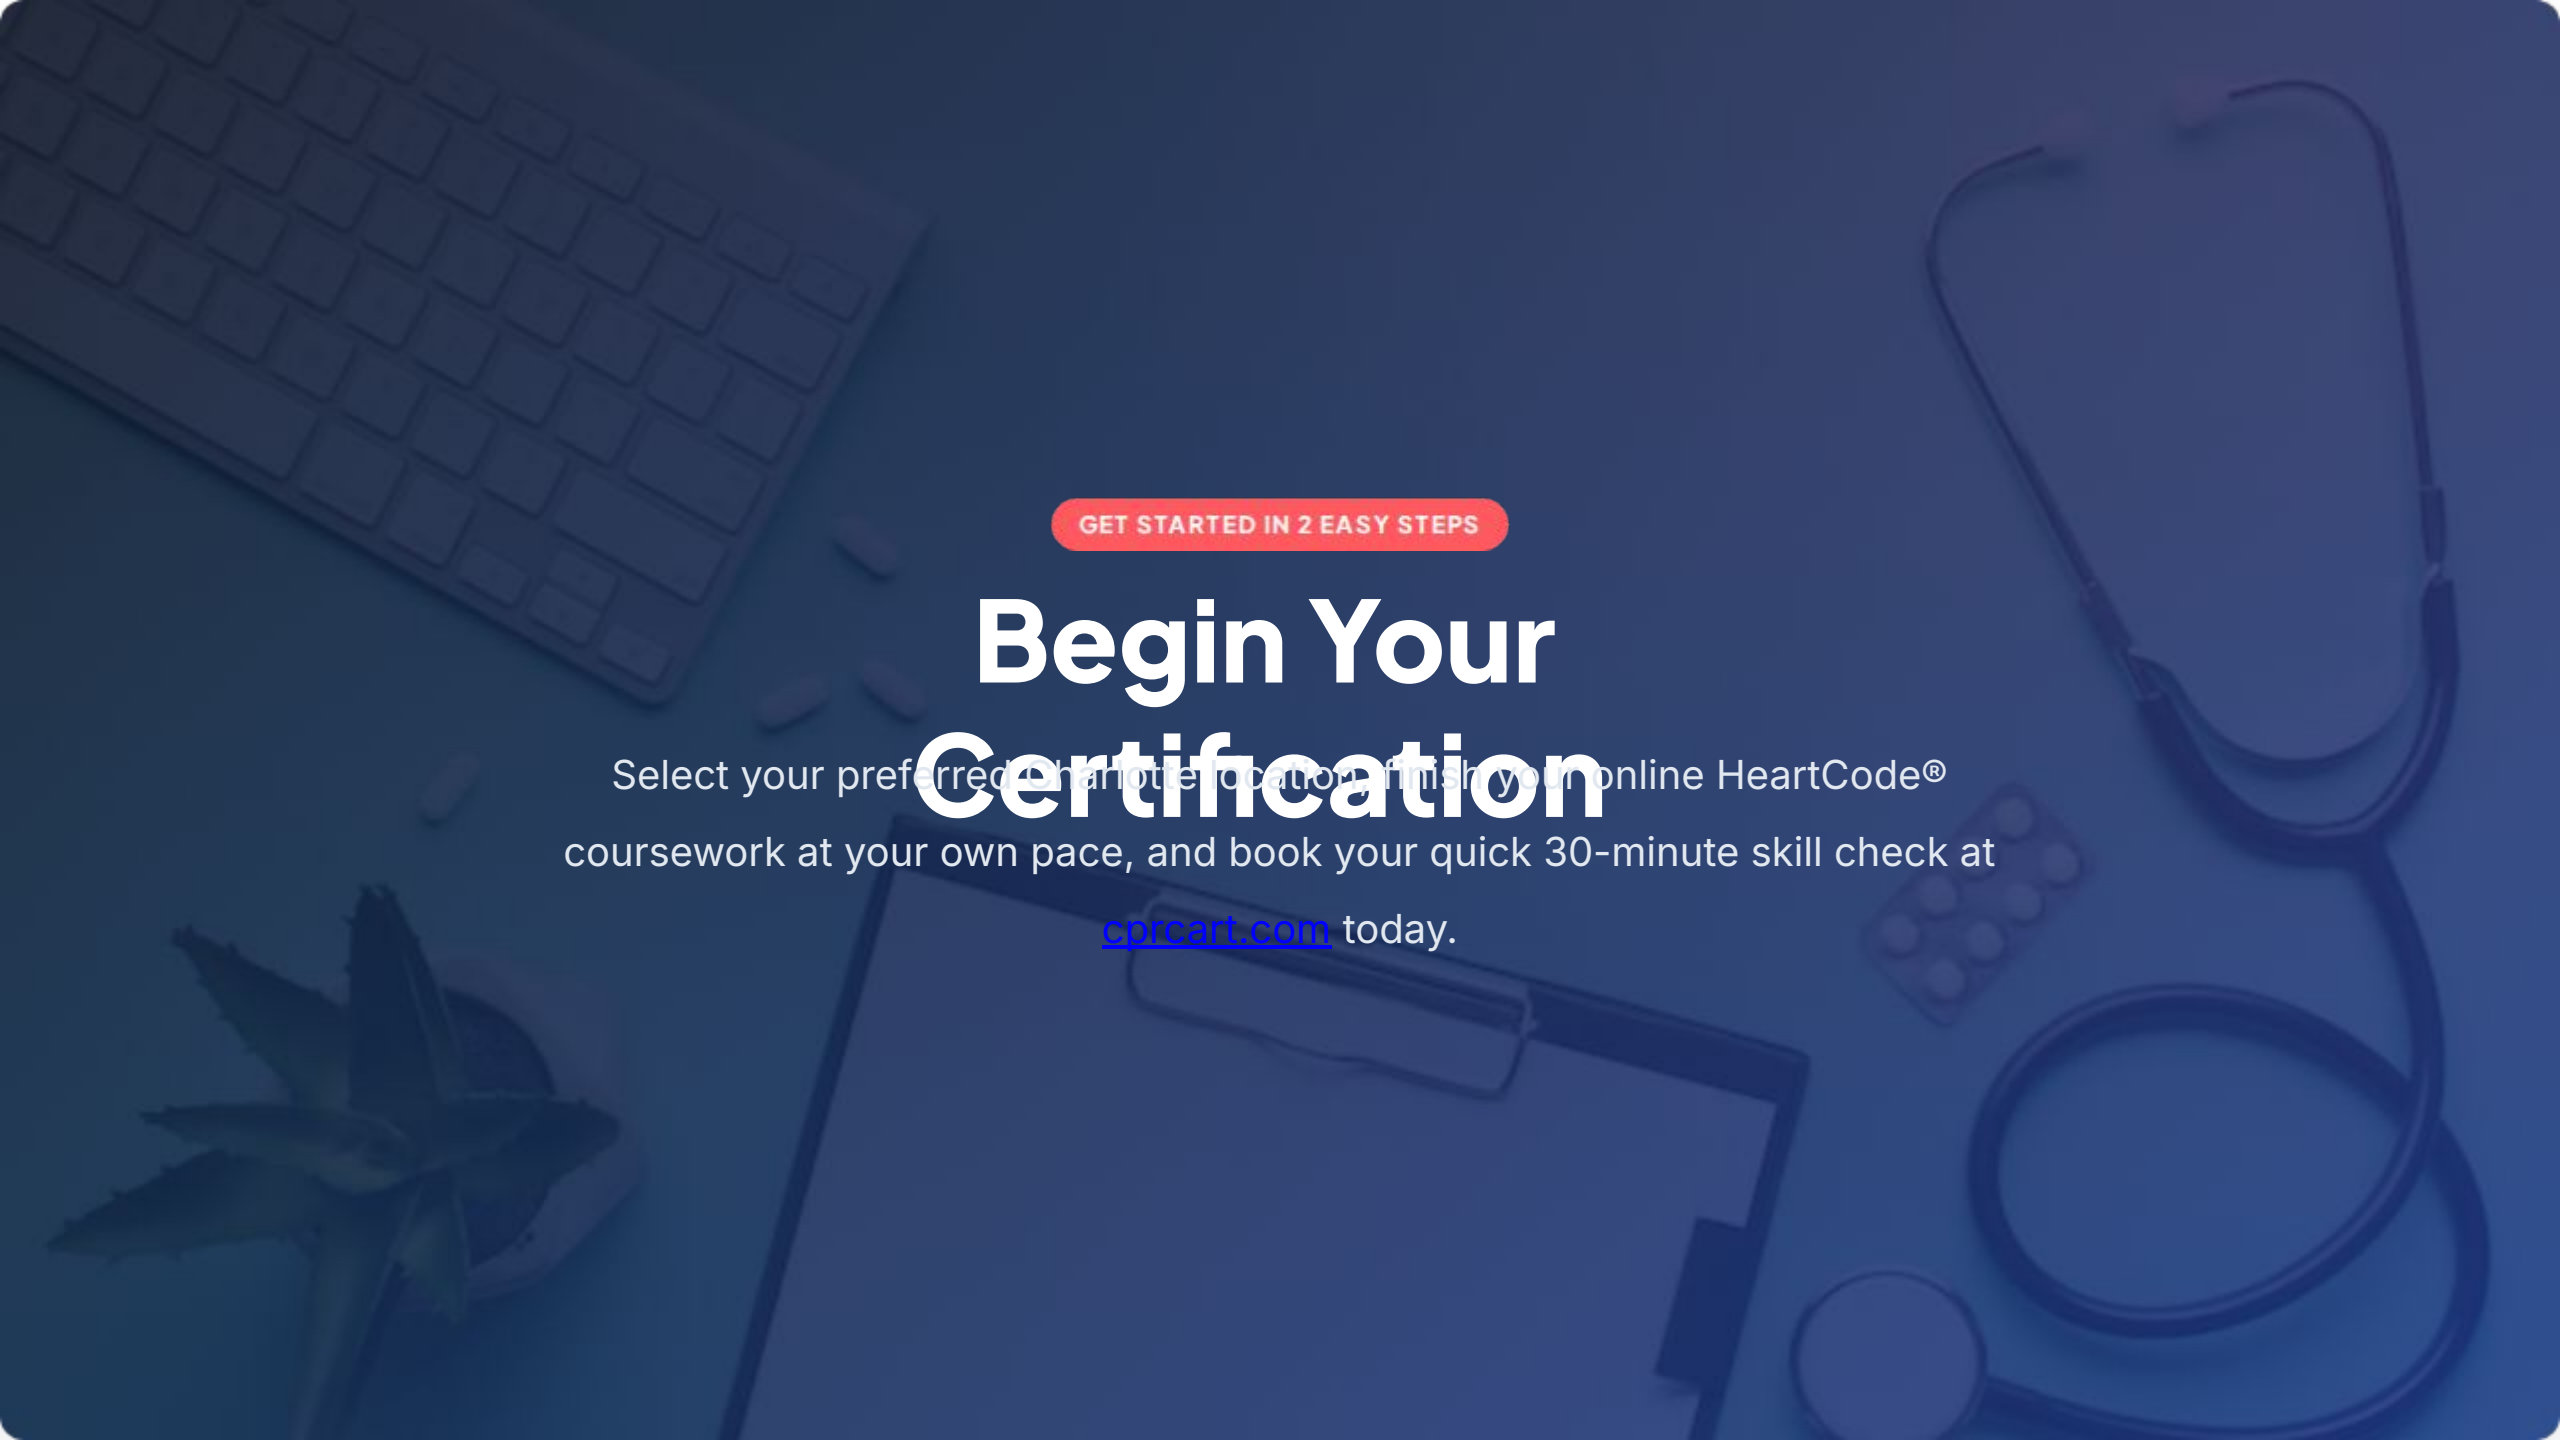

ON YOUR SCHEDULE

Flexible 24/7 Scheduling

Clinical shifts rarely follow standard corporate hours, and neither do our automated testing stations.

Book your 30-minute hands-on check anytime with 24/7 access at select Charlotte locations, including nights, weekends, and holidays.

GET STARTED IN 2 EASY STEPS
