WHY CPR CART

A Trusted Partner for Life-Saving Credentials

CPR Certification in Gold River is built around one promise — same-day AHA credentials without the four-hour classroom slog. As an AHA Authorized Premier Distributor, CPR Cart pairs self-paced online coursework with a self-service RQI skills station staffed for walk-in verification. Healthcare professionals across Sacramento County rely on the station for rapid, audit-ready eCards accepted by hospitals, dental offices, and licensing boards nationwide.

- ✓ AHA Premier Distributor status — authorized to issue official AHA eCards on-site.
- ✦ Skip the traditional 4-hour class — online coursework plus a 30-minute skills check.
- ✦ 24/7 support team — booking and live help around the clock.

3 courses

ACLS, BLS and PALS.

COURSE 01 OF 03

Advanced Cardiovascular Life Support

Our ACLS Certification Training prepares nurses, paramedics, and physicians to manage peri-arrest scenarios — including acute coronary syndromes, stroke, and cardiac arrest — using the latest AHA algorithms. The course blends case-based online modules with hands-on skills verification at the Gold River RQI station, where automated manikins deliver real-time feedback on compression depth, rate, and recoil. Students earn the official AHA eCard the same day they pass their skills check.

WHO IT'S FOR

RNs, paramedics, ER physicians, respiratory therapists, and pharmacists requiring advanced airway and rhythm management competencies for hospital credentialing.

FORMAT

Self-paced online coursework + ~30-min in-person skills verification. Initial certification and renewal paths available.

AHA eCard · CEUs Awarded · Initial & Renewal

COURSE 02 OF 03

Foundational Skills for Healthcare Providers

The BLS Certification Training curriculum covers high-quality CPR, AED operation, relief of choking, and team-based resuscitation for adult, child, and infant patients. Designed for clinicians who respond to in-hospital and pre-hospital cardiac events, the program pairs online cognitive coursework with a brief Gold River skills check using automated feedback manikins. The result is an AHA-issued eCard accepted by every major hospital system and licensing board — typically delivered the same day the skills check is completed.

PATH TO YOUR AHA ECARD

1

Complete Online Coursework

On your schedule — pause and resume anytime.

2

Walk In for Skills Verification

At the Gold River station — avg. 30 minutes.

3

Receive Your AHA eCard

Issued the same day you pass.

COURSE 03 OF 03

Pediatric Advanced Life Support

Our **PALS Certification Training** equips clinicians to recognize and treat infants and children at risk for cardiopulmonary arrest. The curriculum emphasizes pediatric assessment, respiratory emergencies, shock management, and systematic post-arrest care using AHA-aligned algorithms and pharmacology. Coursework is delivered online at the student's pace, followed by a short skills verification session at the Gold River RQI station. The AHA eCard is issued the same day, satisfying credentialing requirements for pediatric units, EMS agencies, and emergency departments.

WHO IT'S FOR

Pediatric nurses, EM physicians, paramedics, respiratory therapists, and pharmacists caring for patients from birth through adolescence.

FORMAT

Online coursework + ~30-min on-site skills verification. Initial certification and renewal available.

HOW IT WORKS

A Smarter Two-Step Path to Your eCard

Skip the four-hour classroom slog. Online coursework plus a 30-minute on-site skills check — and your AHA eCard is in your inbox the same day.

1

Register Online

Book the course that fits your schedule through cprcart.com. Choose initial certification or renewal for ACLS, BLS, PALS, or HeartSaver tracks.

2

Complete Online Coursework

Self-paced modules cover AHA cognitive content. Pause and resume as needed; most learners finish in 1–3 hours depending on the track.

3

Walk In for Skills Verification

Visit the Gold River RQI station at a time that works for you. Automated manikins deliver real-time feedback; the average check takes under 30 minutes.

4

Receive Your AHA eCard

The official AHA eCard is issued the same day you pass your skills check — instantly verifiable by employers and licensing boards.

The RQI self-service station at 2377 Gold Meadow Way supports flexible scheduling with 24/7 online booking, automated manikins, and same-day eCard issuance — built around the realities of clinical shift work.

VISIT THE STATION

Find Us in the Heart of Gold River

The Gold River RQI station sits in the Gold Meadow Way business corridor, minutes from Highway 50 and the American River corridor. Healthcare professionals from Rancho Cordova, Folsom, Carmichael, and Sacramento use the location for walk-in skills verification seven days a week. Free on-site parking and ground-floor access make the visit simple between shifts.
