AMERICAN HEART ASSOCIATION · ARLINGTON, VA

Skip the 4-hour class. Get AHA-certified in 30 minutes.

CPR Cart brings the AHA HeartCode® model to Arlington — complete self-paced online coursework at home, then a quick 30-minute hands-on skills session at our South Arlington training center. Same official AHA eCard, a fraction of the time. When you need CPR Certification in Arlington that respects your shift schedule, CPR Cart delivers — without sacrificing clinical rigor.

THE PROBLEM · THE CPR CART FIX

Traditional classes cost you a half-day. We give you a half-hour.

Hospitals and clinics across Arlington run on tight staffing. Our model removes the friction of legacy 4-hour group classes while keeping the same AHA-issued credential employers require.

TRADITIONAL AHA CLASS

4 hrs

Plus travel and wait time

- ✗ Scheduled class times that rarely fit night shift
- ✗ Group setting with instructor pacing the room
- ✗ Single-location sessions fill up weeks out
- ✗ Full半天 away from patients and family

CPR CART · ARLINGTON

30 min

Hands-on skill session only

- ✓ Complete HeartCode® online coursework on your schedule
- ✓ Self-service RQI station with real-time manikin feedback
- ✓ Walk in 24/7 — book the slot that fits your shift
- ✓ Same-day AHA eCard delivered to your inbox

Same AHA credential. Less time away from the bedside.

OUR MODEL · AHA HEARTCODE®

Online learning + a quick 30-minute skill session.

HeartCode® is the American Heart Association's blended-learning path: you finish the cognitive coursework online at your own pace, then verify your hands-on skills at an authorized CPR Cart station. No instructor lectures, no peer demos, no waiting — just you, an automated manikin, and real-time feedback that confirms competence.

1

Online Coursework

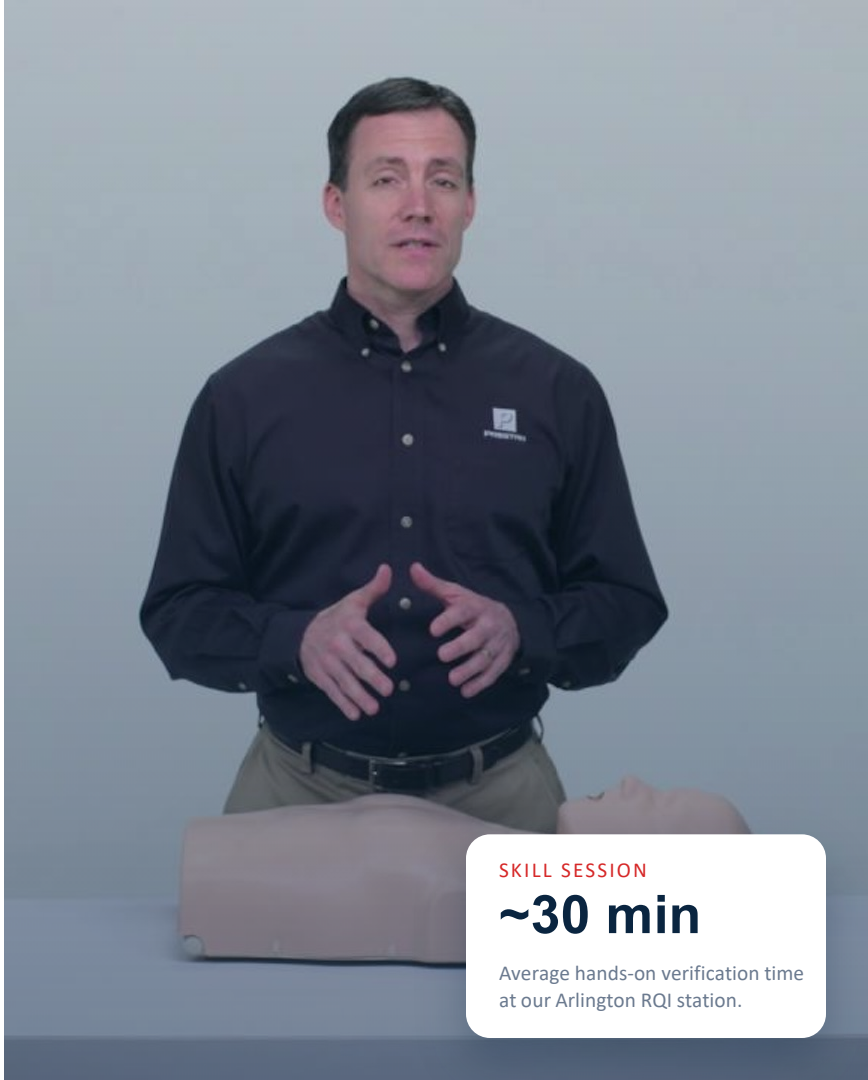

HeartCode® BLS, ACLS, or PALS modules — self-paced e-learning you complete anywhere, on any device.

2

30-Minute Skill Session

Walk into our Arlington RQI station. Automated manikins measure compression depth, rate, recoil, and ventilation in real time. No instructor stress.

✓ AHA ECARD ▦ SAME-DAY ← REAL-TIME FEEDBACK ◔ 24/7 BOOKING

SKILL SESSION

~30 min

Average hands-on verification time at our Arlington RQI station.

COURSES · HEARTCODE® BLENDED LEARNING

Three AHA certifications. One streamlined path.

Every course uses the AHA HeartCode® blended-learning format — online cognitive modules followed by a 30-minute hands-on skills session at our Arlington RQI station. You earn the same official AHA eCard, on the same day.

BASIC LIFE SUPPORT

BLS

For nurses, EMTs, CNAs, and clinical support staff.

Single-rescuer and team-based basic life support for adults, children, and infants. This BLS Training path covers high-quality CPR, AED operation, relief of choking, and effective team dynamics — the foundation every Arlington clinician needs at the bedside.

Format: HeartCode® BLS + 30-min skill session

ADVANCED CARDIOVASCULAR LIFE SUPPORT

ACLS

For physicians, RNs, paramedics, and advanced practitioners.

Builds on BLS with airway management, pharmacology, ECG rhythm interpretation, and post-cardiac arrest care. Our ACLS Training emphasizes high-performance team dynamics and the Megacode scenario, so Arlington providers stay sharp for adult cardiovascular emergencies.

Format: HeartCode® ACLS + 30-min skill session

PEDIATRIC ADVANCED LIFE SUPPORT

PALS

For pediatric, ED, and ICU clinicians.

Pediatric assessment, respiratory and shock management, and rhythm interventions tailored to infants and children. The PALS Training path blends HeartCode® coursework with a hands-on Megacode skill check at our Arlington station.

Format: HeartCode® PALS + 30-min skill session

✓ Official AHA eCard — issued same day you complete the skill session.

CEUs included for eligible licenses.

HOW IT WORKS · FOUR STEPS TO CERTIFIED

From signup to AHA eCard in one shift cycle.

Most Arlington healthcare pros finish the entire path — online coursework plus hands-on skill session — inside a single off-shift block, with the official AHA eCard landing in their inbox before they leave the building.

01

Book Your Slot

Reserve a 30-minute skill session at our South Arlington station online or by phone. Scheduling is open 24/7, so you can pick a time that fits around your clinical shifts — including nights and weekends.

ONLINE2•MIN

02

Finish HeartCode® Online

Complete the AHA HeartCode® cognitive modules for BLS, ACLS, or PALS on your own schedule — pause, resume, and review simulations anywhere you have a laptop or tablet.

SELF-PACED~1–3 HRS

03

Verify Skills on Site

Walk into the Arlington RQI station. Automated manikins measure compression depth, rate, recoil, and ventilation in real time — no instructor pressure, just objective feedback that confirms you're ready.

IN-PERSON~30 MIN

04

Receive AHA eCard

Your official American Heart Association eCard is issued the same day you complete the skill session — forward it to your employer, upload to your credentialing portal, and you're done.

SAME-DAYDELIVERY

24/7 support — chat with our team any time you get stuck between steps.

ARLINGTON · SOUTH CLARK ST

Walk-in ready. Open 24/7.

Our South Arlington RQI station sits two blocks from Crystal City Metro, with same-day appointments available around the clock. When you need CPR Certification in Arlington that fits between night shifts and morning rounds, the location works as hard as you do.
